

INTERNATIONAL CENTRE FOR MECHANICAL SCIENCES

COURSES AND LECTURES - No. 509

MIXED FINITE ELEMENT
TECHNOLOGIES

EDITED BY

CARSTEN CARSTENSEN
HU BERLIN, GERMANY

PETER WRIGGERS
UNIVERSITY OF HANNOVER

SpringerWienNewYork

CONTENTS

Lectures on Adaptive Mixed Finite Element Methods <i>by Carsten Carstensen</i>	1
Fast Solvers for Mixed Finite Element Methods <i>by Susanne C. Brenner</i>	57
Numerical Simulation of Charge Transport in Semiconductor Devices Using Mixed Finite Elements <i>by Riccardo Sacco</i>	89
Numerical Simulation of Thermal Oxidation Process in Semiconductor Devices Using Mixed-Hybrid Finite Elements <i>by Riccardo Sacco</i>	107
Mixed Finite-Element-Methods <i>by Peter Wriggers</i>	131
Stability of Some Finite Element Methods for Finite Elasticity Problems <i>by F. Auricchio, L. Beirão da Veiga, C. Lovadina and A. Reali</i>	179
