<b>Contents</b>	<b><i>vii</i></b>
<b>Preface</b>	<b><i>xv</i></b>
<b>Introduction</b>	<b><i>xvii</i></b>
How We Got Here: The Evolution of Telecommunications Law	<i>xvii</i>
1913–1968: The Age of Monopoly	<i>xviii</i>
1968–1996: The Age of Hybrid Regulation	<i>xxi</i>
How Much Freedom for the Established Carriers? Regulation of New Entrants	<i>xxiii</i>
Divided Authority and Differential Regulation	<i>xxv</i>
1996 to the Present: The Age of Competition	<i>xxvi</i>
Conclusion	<i>xxviii</i>
Endnotes	<i>xxviii</i>
<b>Part I</b>	
<b>Incumbent Local Exchange Carriers</b>	<b>1</b>

	Introduction to Part I	1
	Endnotes	3
<b>1</b>	<b>How Much May ILECs Charge for Local Exchange Services?</b>	<b>5</b>
I.	Peninsula Telephone: Local Exchange Service Rates Under Rate-of-Return Regulation	6
A.	Allocating Costs to Local Exchange Service	8
B.	Calculating Peninsula's Revenue Requirement	9
C.	A Word About Depreciation	10
D.	Peninsula's Rate Structure	12
E.	Discriminatory Rates: The Regulator's View	14
F.	Discriminatory Rates: The Economist's View	14
II.	Peninsula Telephone: Local Exchange Service Rates Under Price-Cap Regulation	15
	Endnotes	18
<b>2</b>	<b>How Much May an ILEC Charge for Nonbasic Services?</b>	<b>23</b>
I.	Pricing Nonbasic Services Under Rate-of-Return Regulation	24
II.	Pricing Nonbasic Services Under Price Caps	27
III.	Pricing Nonbasic Services Under the Antitrust Laws	29
	Endnotes	31
<b>3</b>	<b>When Must an ILEC Interconnect Its Facilities with Those of Other Service Providers?</b>	<b>35</b>
I.	ILEC Services Provided to CLECs	36
A.	Negotiating the Interconnection Agreement Between Peninsula Telephone and PenCLEC	37
B.	Arbitration, Mediation, and Judicial Review	44
II.	ILEC Services Provided to IXCs	45
A.	Equal Access Defined	46

	B. How Equal Access Has Been Implemented	47
	C. How ILECs Charge for Services Provided to IXCs	49
III.	ILEC Services Provided to CMRS Providers	53
IV.	ILEC Services Provided to ISPS and Other Providers of Information Services	54
V.	The Future of Interconnection and Intercarrier Compensation	55
	Endnotes	55
<b>4</b>	<b><u>Special Cases: The Bell Operating Companies</u></b>	<b>61</b>
I.	The BOC Restrictions in the Telecommunications Act of 1996	62
	A. The InterLATA Restriction	62
	B. Interconnection with Data Networks and Other Enhanced Service Providers: <i>The Computer III</i> Rules	71
	Endnotes	78
<b>5</b>	<b><u>Competing Local Exchange Carriers</u></b>	<b>85</b>
I.	State Certification of CLECs	86
	A. Election of Facilities-Based or Resale Authority	86
	B. Specification of Services to Be Offered	87
	C. Specification of Area to Be Served	87
	D. Financial Ability to Serve	88
	E. Construction Plans and Environmental Impact Statements	89
	F. Tariff Filings	89
II.	Ongoing CLEC Regulatory Obligations	89
	A. Contributions to Universal Service and Other Funds	89
	B. Tariffs and Informational Filings	91
	C. Interconnection and Related Obligations	92

III.	CLEC Access to ILEC Facilities, ILEC Services, and Rights-of-Way	93
	A. Interconnection and Reciprocal Compensation	94
	B. Access to Unbundled Network Elements	95
	C. Poles, Conduits, and Rights-of-Way	97
	Conclusion	98
	Endnotes	98
	<b>Part II</b>	
	<b>Non-ILECS: The Competitive Telecommunications Industry</b>	<b>101</b>
	Introduction to Part II	101
<b>6</b>	<b>Interexchange Carriers</b>	<b>103</b>
I.	Origins and Growth of the IXC Industry	104
	A. Price-Cap Regulation of AT&T's Rates	106
	B. Classification of AT&T as Nondominant	108
II.	Regulation of IXCs Today	109
	Endnotes	110
<b>7</b>	<b>Pay Telephones and Operator Services Providers</b>	<b>115</b>
I.	The Business or Premises Owner	116
II.	The Payphone Provider	116
III.	Incumbent Local Exchange Carriers	118
IV.	Operator Service Providers	120
	Endnotes	121
<b>8</b>	<b>Mobile Telephone Companies</b>	<b>123</b>
I.	Mobile Telephone Technology	123
II.	Licensing Mobile Telephone Companies	125

	A. A Brief History of Mobile Telephone Spectrum Assignment	126
III.	Regulation of Mobile Telephone Licensees	129
IV.	Interconnection Between Mobile Telephone Licensees and Wireline Carriers	131
	A. Physical Terms of Interconnection	131
	B. Economic Terms of Interconnection	133
V.	Mobile Satellite Service	134
	Endnotes	135
<b>9</b>	<b><u>Internet Service Providers</u></b>	<b>139</b>
I.	Liability for Harmful Content	140
	A. Liability of ISPs for Defamation on the Internet	141
	B. ISP Liability for Copyright Infringement on the Internet	145
	C. ISP Liability for Trademark Infringement	149
	D. ISP Liability for Obscenity and Indecency on the Internet	152
	E. Liability of ISPs for Spamming	157
II.	Jurisdiction over ISP Activities	158
III.	ISPs and the FCC: Regulation of the Internet	161
IV.	Privacy and Data Security on the Internet	162
	A. Interception of Internet Communications	162
	B. Access to Computers and Stored Information	163
V.	Problems of Electronic Commerce	170
	A. Making and Enforcing On-Line Contracts	171
	B. Protecting Customers' Personal Information	174
	Conclusion	175
	Endnotes	175
<b>10</b>	<b><u>Universal Service</u></b>	<b>185</b>

I.	Explicit High-Cost Support Programs Before the 1996 Act	186
II.	Explicit Support for Low-Income Subscribers	187
III.	Universal Service Requirements of the 1996 Act	188
IV.	The Commission's Post-1996 Universal Service Rules	189
	A. Defining Universal Service	190
	B. Eligibility to Receive Universal Service Support	190
	C. Who Contributes to Universal Service Support?	192
	D. How Support Payments Are Calculated	193
	E. The Lifeline and Link-Up Programs	194
	F. Support for Schools and Libraries	194
	Conclusion	195
	Endnotes	195
<b>11</b>	<b><u>International Services</u></b>	<b><u>199</u></b>
I.	The Section 214 Process	199
	A. Section 214 Applications of U.S. Carriers	200
	B. Section 214 Applications of Foreign Carriers	201
	C. Dominant Carrier Safeguards	202
II.	Foreign-Ownership Restrictions	203
III.	The International Settlements Policy	204
	Conclusion	205
	Endnotes	206
	<b><u>Appendix A</u></b>	
	<b><u>The Economic Background of</u></b>	
	<b><u>Telecommunications Law</u></b>	<b><u>209</u></b>
I.	Competition and Monopoly	210
	Consumer Welfare: The Economic Case for Competition	210
	A. What Is a Competitive Market?	212

---

Using Marginal Cost to Find the Most Profitable Output	218
Minimizing Costs in the Short Run	223
Minimizing Costs in the Long Run	225
B. What Is a Monopoly Market?	228
II. Specific Economic Issues in Telecommunications Law	231
A. The Puzzle of Natural Monopoly	232
B. Does Regulation of Rates and Earnings Achieve Economic Efficiency?	234
C. Efficient Pricing by Carriers	237
D. Predatory Pricing	242
E. Measuring a Carrier's Market Power	244
Conclusion	246
Endnotes	246
<b>Appendix B</b>	
<b>Selected Sections of the Communications Act of 1934</b>	<b>251</b>
<b>About the Author</b>	<b>359</b>
