VIII.	Dodd-Frank and the Regulation of Depository Institutions Capital Requirements	25
IX.	The Volcker Rule and "Too Big to Fail"	26
	A. Bank Holding Companies and Systemically Significant Nonbanks	30
	B. Living Wills, Credit Exposure Reports, and Concentration Limits	33
	C. Other Prudential Standards	35
X.	The European Debt Crisis	36
XI.	Political Conflicts and the U.S. Debt	38

## CHAPTER 2 Financial Instruments and the Capital Markets 45

- I. The Capital Markets 45
  - A. Primary Versus Secondary Markets 47
  - B. Long-Term Versus Short-Term Marketplaces 48
  - C. Case Study: The Auction Rate Securities (ARS) Market 48
- II. Financial Instruments 49
  - A. Types of Financial Instruments 49
    - 1. Equity-Based Financial Instruments 49
    - 2. Debt-Based Financial Instruments 50
    - 3. Derivatives 51
  - B. Distinction Between Debt and Equity 52
  - C. Federal Regulation 55
- III. The Evolving Role of the Attorney 58
  - A. Competent Representation 58
  - B. Duty to Advise Client 59
  - C. Drafting Financial Instruments 59
  - D. Regulatory Compliance 60
  - E. Opinion Letters 60

## CHAPTER 3 Using Financial Instruments 63

- I. Goal-Oriented Investing 63
  - A. Using Financial Instruments to Hedge Risk 65
  - B. Using Financial Instruments to Enhance Yield 65
  - C. The Economy's Impact on Financial Instruments 66
- II. Achieving Investment Goals 67
  - A. The Investor's Perspective 67
  - B. Financial Instrument Objectives 69
- III. Managing Risk 71

## CHAPTER 4 Understanding Interest Rates and the Economy 73

- I. Background 73
  - A. The Federal Reserve 74
  - B. The Federal Reserve Banking System 75
    - 1. Composition 75
    - 2. Purpose 76
    - 3. Responsibilities 77
- II. Economic Indicators and Interest Rates 77
  - A. Key Economic Statistics 78
  - B. Monetary Policy Objectives 82
  - C. Inflation Targeting 85

- III. Monetary Policy: The Financial Crisis and Beyond 87
- IV. Quantitative Easing 88
- V. FOMC Minutes 95

## CHAPTER 5 Asset Valuation 99

- I. The Use of Interest Rates in Asset Valuation 99
- II. Interest Rate Yield Curve 100
  - A. Types of Yield Curves 101
  - B. Why the Yield Curve May Be Flat or Inverted 103
    - 1. Increase in Market Demand for Long-Term Securities 103
    - 2. Long-Term Yield Affected by Federal Reserve Monetary Policy 104

## CHAPTER 6 United States Treasury Securities 107

- I. Purpose and Goals 108
  - A. Risk-Free Nature 109
  - B. Primary Dealers 110
- II. Description of U.S. Treasury Securities 111
  - A. Types of Treasury Securities 111
    - 1. Treasury Bills 111
    - 2. Treasury Notes and Bonds 112
  - B. Pricing 112
    - 1. Discounts and Premiums 113
    - 2. Factors Affecting Yield 113
- III. Bond Auctions and Their Effect on Price 115
  - A. Interruption of Supply: *SEC v. Davis et al.* 115
  - B. Manipulation of the Auction Process: *United States v. Salomon Brothers* 116
- IV. Interest Rates 118
  - A. Fixed- Versus Floating-Rate Securities 118
  - B. Treasury Inflation-Protected Securities (TIPS) 119
- V. STRIPS 120
  - A. Description 120
  - B. Valuation 121
  - C. Uses 122
  - D. Abuses: *In the Matter of Orlando Joseph Jett* 123

## CHAPTER 7 Debt Securities 127

- I. Description 128
  - A. Features of Bonds 128
  - B. Types of Bonds 129
  - C. The Indenture 130

II.	Bond-Rating Agencies	130
	A. Independence and Conflicts of Interest	132
	B. Regulation of Bond-Rating Agencies	134
III.	Special Types of Debt Instruments	134
	A. Repos	134
	1. Description	134
	2. Orange County Case Study	135
	B. Mortgage-Backed Securities	137
	1. Mortgaged-Backed Bonds	138
	2. Pass-Through Securities	139
	3. Collateralized Mortgage Obligations and Real Estate Mortgage Investment Conduits	139
	4. Stripped Mortgage-Backed Securities (SMBS)	140
	5. Subprime Mortgage Crisis	140
IV.	Securities Act Registration	141
	A. Government Securities	142
	B. Government Agency Securities	142
	C. Municipal Securities	142
	1. SEC Disclosure Requirements	143
	2. MSRB Disclosure Requirements	143
	D. Corporate Debt Securities	143
	1. Securities Act Requirements	143
	2. Trust Indenture Act Requirements	144
	E. Private Placements of Debt Securities	144

## CHAPTER 8 Derivatives 147

I.	Introduction	148
	A. Description	148
	B. Counterparty Credit Risk	148
	C. Over-the-Counter versus Exchange-Traded Derivatives	151
II.	Shifting Risk	153
	A. The Concept of Leverage	153
	B. Basis Risk	154
	C. Market Risk	154
	D. Effective Tools of Risk Management	155
III.	Types of Derivatives	155
	A. Forwards	155
	B. Futures	157
	1. Reduction of Counterparty Risk	157
	2. Suitability as Hedging Instruments	158
	C. Distinction Between Forwards and Futures	158
	D. Foreign Exchange Forwards and Futures	159
	E. Options	160

- F. Swaps 162
  - 1. Characteristics of Swaps 163
  - 2. The ISDA Master Agreement 163
- G. Credit Derivatives 164

## CHAPTER 9 Types of Swaps 167

- I. “Plain Vanilla” Interest Rate Swaps 168
- II. Currency Swaps 170
- III. Credit-Default Swaps 172
  - A. Purpose and Function 172
  - B. ISDA Master Agreement 173
  - C. Importance of Clearly Defined Terms 174
    - 1. Credit Event 174
    - 2. Reference Entity 177
  - D. OTC Derivatives and the Financial Crisis 182
- IV. The Move Toward Regulatory Reform 187
  - A. The Central Clearing Model 188
  - B. The OTC Model 189
  - C. Confidence in the New Regulatory Regime: The Case of MF Global 190

## CHAPTER 10 Options 197

- I. Characteristics of Options 198
- II. How Options Work 199
  - A. Calls and Puts 199
    - 1. Call Option 200
    - 2. Put Option 201
  - Case Study: *Levy v. Bessemer Trust* 201
- III. The Black-Scholes Model and Option Pricing 204
  - A. Assumptions 204
  - B. Required Data 205
  - C. Volatility 205
    - 1. Types of Volatility 205
    - 2. Measures of Volatility 206
  - D. Authority of Black-Scholes Model 207
- IV. Delta Hedging 208
  - A. Contracts That are Economically Options 210
  - B. OTC versus Exchange-Traded Options 212
  - C. Regulation of Options 212
- V. Option Strategies 214
  - A. Synthetic Call 214
  - B. Covered Call 214
  - C. Collar 214

## CHAPTER 11 Regulation of Swaps 217

- I. The Dodd-Frank Regulatory Regime 218
  - A. Dodd-Frank and Derivatives Trading 218
  - B. Jurisdiction and Registration 219
  - C. Clearing Requirements, Exchange Requirements, and the End-User Exemption 221
  - D. Capital and Margin Requirements 224
  - E. Reporting Requirements 225
  - F. Futures Commission Merchants, Dodd-Frank, and Regulation 1.25 225
  - G. Analysis of the Provisions of Dodd-Frank Regarding Derivatives Trading 227
    - 1. Increased Transparency 227
    - 2. Reduction in Counterparty and Systemic Risk 230
      - a. Counterparty Risk 230
      - b. Systemic Risk 232
  - H. Rationale Behind the Exemptions and Exclusions 234
    - 1. The End-User Exemption 234
    - 2. Physical Settlement Exclusion 235
    - 3. Customization Exceptions 236
  - I. The Lincoln Rule 236
  - J. Futures Commission Merchants 237
  - K. Criticisms of Dodd-Frank’s Derivatives Trading Provisions 239
    - 1. Concentration of Systemic Risk in Clearinghouse and “Too Big to Fail” 239
    - 2. Exceptions Swallowing the Rule: Incentivizing of Customization and De Minimis Exceptions 240

## CHAPTER 12 Securities Regulation 243

- I. Regulatory Overview 244
  - A. The Securities and Exchange Commission 246
    - 1. Jurisdiction 246
  - B. What Constitutes a Security 247
    - 1. Stocks 248
    - 2. Notes 250
    - 3. Investment Contracts—The *Howey* Test 256
      - a. Control and Splitting the Transaction 261
      - b. Prepurchase Efforts 263
      - c. State Regulation and the *Hawaii Market* Test 265
  - C. Sellers’ Representations 267
  - D. Consequences of Securities Violations 268
    - 1. Preliminary Injunction 269
    - 2. Disgorgement 270
    - 3. Permanent Injunction 270

- 4. Antifraud Statutes 271
- 5. Attorney’s Potential Liability 271
- E. Hedge Funds 272
  - 1. Post-Crisis Hedge Fund Regulation 276
  - 2. Other Regulations 277
- II. Derivatives Regulation: The SEC after Dodd-Frank 278
  - Appendix A: Sec: Dodd-Frank Initiatives 280
  - Appendix B: Checklist for Stocks, Notes, and Investment Contracts 298

## CHAPTER 13 Suitability 299

- I. The Suitability Doctrine 299
  - A. Basis of the Suitability Doctrine 301
  - B. Special Circumstances 303
  - C. FINRA and Self-Regulated Organizations (SROs) 304
  - D. NYSE Know-Your-Customer Rule 305
  - E. The Antifraud Provisions of the Federal Securities Laws—A Basis for a Section 10b Cause of Action 306
- II. Futures and Options: Suitability 309
  - A. Commodity Futures Trading Commission Disclosure Rules 309
  - B. National Futures Association 310
  - C. CEA Antifraud Provision 310
  - D. Municipal Securities Rulemaking Board 311
  - Appendix A: Various Suitability Rules 311

## CHAPTER 14 The History of the CFTC 317

- I. Role of the CFTC 319
- II. Structure 319
- III. Disciplinary Action 320
- IV. Regulatory Background 321
  - A. Commodity Exchange Act (CEA) of 1936 321
  - B. Commodity Futures Modernization Act (CFMA) of 2000 322
  - C. Jurisdictional Disputes 323
  - D. The Commodity Futures Modernization Act 323
  - E. Exclusions 324
  - F. Forwards 325
  - G. Options 326
  - H. Futures 326
  - I. Regulatory Distinctions Between Forwards and Futures 328
  - J. Swaps 332

K. Hybrid Instruments	334
L. Foreign Exchange Products	334
1. The Treasury Amendment	335
2. CTFC Reauthorization	336
Appendix A: Enforcement Case Study: <i>CFTC v. Amaranth Advisors, LLC</i>	338
Appendix B: Case Study: <i>CFTC v. Zelener</i>	341
Appendix C: Structure of CFTC	343

## CHAPTER 15 Fiduciary Obligation to Manage Risk 345

I. Controlling Risk	346
A. Duty to Manage Risk	346
1. Risk Management for Financial and Non-financial Institutions	348
B. Financial Risk	350
C. Quantifying Financial Risk	351
1. Value at Risk	351
2. Volatility Risk	351
3. Stress Testing	351
D. Portfolio Dynamics	353
II. Operational Risk Management	353
A. Directors' and Officers' Understanding of Financial Instruments	354
B. Risk Policy	355
C. Reporting Lines and Audit Techniques	356
D. Empowering Board Members	357
E. Reporting Structures	358
F. Information Flow	359
1. Daily Exception Report	360
2. Red Flags	360
G. Ethical Concerns	361
1. Compensation	361
2. Code of Conduct	362
3. Free Flow of Information	362
H. Flexibility	363
III. Executive Protection	363
A. Responsibility for Risk Management	363
B. Business Judgment Rule	364
C. Education at Financial Institutions	364
D. Disclosure Under Sarbanes-Oxley Act	365
1. Disclosures in Management's Discussion and Analysis (MD&A)	365
2. Off-Balance Sheet Transactions	366
Appendix A: Case Study: JPMorgan and the London Whale	367

CHAPTER 16 Litigation Issues 371

- I. Federal Securities Laws 372
  - A. The Retail Investor: Broker-Dealers and Investment Advisers 372
  - B. Securities Exchange Act of 1934 Rule 10b-5 Claim 374
  - C. Securities Act of 1933 376
  - D. Liability under the Commodity Exchange Act 378
    - 1. Antifraud Provision 378
    - 2. Disclosure 379
- II. Common Law Theories 379
  - A. Breach of Fiduciary Duty 383
  - B. Common Law Fraud 386
  - C. Shingle Theory 386
  - D. Tort Theory 387
  - E. Contract Theory 387
- III. State Blue Sky Laws 388
  - Swaps Case Study 388

CHAPTER 17 Synthesis and Conclusion 391

- I. Synthesis 391
  - Structured Note Case Study: *Securities and Exchange Commission v. Goldman, Sachs & Co. & Fabrice Tourre* 393
- II. Historical Example: Erlanger “Cotton” Bonds 395
- III. Range Notes 398
- IV. Internal Leverage and Market Risk 400
- V. Risks Involved 404
  - A. Interest Rate Risk 404
  - B. Liquidity Risk 404
  - C. Reinvestment Risk 404
  - D. OCC Warning 405

*Appendix* 407
