	The paradoxes of paternalism	71
	Establishing an industrial technology base	75
	Building momentum	79
	Toward developing an indigenous S&T base	80
	Increasing confidence -- but continued dependence	86
	Coaxing Japan to pay for its 'free ride'	91
	Preparing for independence	93
	Turning the corner	103
	Japan in retrospect and in prospect	106
	Notes to chapter 3	108
Chapter 4	How to holler foul: making trade policy in an unequal alliance	117
	Backdrop	118
	The unfair trade issue	122
	Industrial groups: the <i>keiretsu</i>	138
	In perspective	143
	Notes to chapter 4	146
Chapter 5	Science and technology problems in the bilateral relationship	153
	Suddenly, there was Japan	154
	Sending 'quality' signals	155
	Bilateral politics in transition	157
	Another angle	161
	Boosting morale, a last resort?	163
	Accessing research	164
	Playing the military card	167
	Dual-use technologies and bilateralism	171
	U.S. pressures, Japanese reservations	175
	Assessing the fissure	178
	Notes to chapter 5	181
Chapter 6	Making its move: Japan as a global superpower	186
	A kinder form of capitalism	187
	More reasons for bilateral discord	191

The crumbling cornerstone	197
Important global initiatives by Japan	199
Foreign aid and technology development	207
Refocusing the United Nations	211
Ready for Japan?	217
Notes to chapter 6	219
Chapter 7 Face to face: Japan's challenge to the United States	226
New world order: the constraints of hegemony	226
National security: then and now	228
Interpretations of the transition in the global economy	231
Emerging internationalism: relating to a hegemon	235
Early U.S. reactions to Japan	238
The passing of paternalism	240
Differences become peculiarities	241
Targeting Japan	242
Japan's new internationalism	247
Global security and Japan	252
A nonstellar disarmament record	259
Some recent examples of Japan's disarmament diplomacy	260
Toward a nonhegemonic world order: Japan's place	262
What about U.S.-Japan relations?	267
Why Japan should act	270
Notes to chapter 7	272
Index	280
