
Contents

Preface	ix
Part 1. π-Theory	
Chapter 1. π -Separable Groups and Character Theory Background	3
Chapter 2. π -Special Characters	25
Chapter 3. Partial Characters	67
Chapter 4. The Nucleus and B_π -Characters	95
Chapter 5. $B_\pi(G)$ and $I_\pi(G)$	131
Part 2. Character Counts and Correspondences	
Chapter 6. The Okuyama–Wajima Argument	173
Chapter 7. Fully Ramified Abelian Sections	209
Chapter 8. Fully Ramified Sections and Character Correspondences	245
Part 3. M-Groups	
Chapter 9. M-Groups and Monomial Characters	287
Chapter 10. Symplectic Modules and Character Theory	311
Bibliography	359
Index	363
