## CONTENTS OF FASCICLE X.7 OF THE BLUE BOOK

### Recommendations Z.301 to Z.341

#### Man-machine language (MML)

Rec. No.		Page
SECTION 1 — <i>General principles</i>		
Z.301	Introduction to the CCITT man-machine language . . . . .	3
Z.302	The meta-language for describing MML syntax and dialogue procedures . . . . .	6
SECTION 2 — <i>Basic syntax and dialogue procedures</i>		
Z.311	Introduction to syntax and dialogue procedures . . . . .	9
Z.312	Basic format layout . . . . .	9
Z.314	The character set and basic elements . . . . .	10
Z.315	Input (command) language syntax specification . . . . .	18
Z.316	Output language syntax specification . . . . .	27
Z.317	Man-machine dialogue procedures . . . . .	35
	Annex A — Use of SDL to describe MML dialogue procedures . . . . .	49
SECTION 3 — <i>Extended MML for visual display terminals</i>		
Z.321	Introduction to the extended MML for visual display terminals . . . . .	55
Z.322	Capabilities of visual display terminals . . . . .	56
Z.323	Man-machine interaction . . . . .	62
	Annex A — Examples of dialogue procedures . . . . .	81
	Annex B — Examples of windows . . . . .	94
SECTION 4 — <i>Specification of the man-machine interface</i>		
Z.331	Introduction to the specification of the man-machine interface . . . . .	97
	Appendix I — User-system access control administration . . . . .	101
Z.332	Methodology for the specification of the man-machine interface — General working procedure . . . . .	106

Rec. No.		Page
Z.333	Methodology for the specification of the man-machine interface — Tools and methods	113
	Appendix I — Glossary of common terms used in the specification of the man-machine interface . . . . .	124
	Appendix II — Procedure description example . . . . .	127
	Appendix III — Examples of the use of the Backus Naur Form (BNF) . . . . .	130
Z.334	Subscriber Administration . . . . .	130
	Annex A — List of system functions to be controlled by MML and list of jobs . . . .	133
	Annex B — Guidelines for the list of MML functions and associated information structure diagrams . . . . .	135
Z.335	Routing administration . . . . .	151
	Annex A — List of system functions to be controlled by MML and list of jobs . . . .	154
	Annex B — Guidelines for the list of MML functions and associated information structure diagrams . . . . .	155
Z.336	Traffic Measurement Administration . . . . .	166
	Annex A — List of system functions to be controlled by MML and list of jobs . . . .	172
	Annex B — Guidelines for the list of MML functions and associated information structure diagrams . . . . .	173
Z.337	Network management administration . . . . .	203
	Annex A — List of system functions to be controlled by means of MML and list of jobs . . . . .	209
	Annex B — Guidelines for the list of MML functions and associated information structure diagrams . . . . .	212
Z.341	Glossary of terms . . . . .	226
	Annex A — Classification of terms . . . . .	261

---

PRELIMINARY NOTES

1 The Questions entrusted to each Study Group for the Study Period 1989-1992 can be found in Contribution No. 1 to that Study Group.

2 In this Fascicle, the expression "Administration" is used for shortness to indicate both a telecommunication Administration and a recognized private operating agency.
