

PROCEEDINGS OF THE FIRST NATIONAL CONFERENCE ON FLEXIBLE PIPES
COLUMBUS / OHIO / 21-23 OCTOBER 1990

Structural Performance of Flexible Pipes

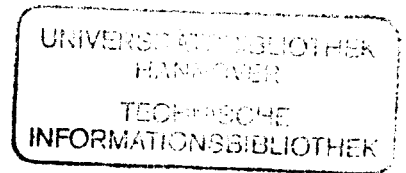

Edited by

SHAD M. SARGAND & GAYLE F. MITCHELL

Center for Geotechnical and Groundwater Research, Ohio University, Athens, Ohio, USA

JOHN OWEN HURD

Ohio Department of Transportation, Columbus, Ohio, USA

Sponsored by the Center for Geotechnical and Groundwater Research, in cooperation with the Ohio Department of Transportation

A.A. BALKEMA / ROTTERDAM / BROOKFIELD / 1990

Table of contents

Preface	VII
Keynote address: Pipe deflections – A redeemable asset <i>Lester H. Gabriel</i>	1
Rib-stiffened soil-steel structures <i>George Abdel-Sayed & Shantaram Ekhande</i>	7
A comparison of analytical and field data for a rib-reinforced corrugated steel box-type culvert <i>A. K. Amla, S. M. Sargand, G. A. Hazen & J. O. Hurd</i>	17
Field measurements and analysis of a large diameter flexible culvert <i>P. M. Byrne, T. Srihar & C. B. Kern</i>	27
A method for evaluating and projecting future movements of in-situ pipes <i>David C. Cowherd & Vlad G. Perlea</i>	39
Application of deep corrugated steel plate to a new bridge in Tennessee <i>Samuel C. Musser, Sam B. Graham & Terry C. Miller</i>	51
Field performance of steel corrugated, box-culvert with corrugated plate reinforcement <i>S. Oh, G. A. Hazen, S. M. Sargand & J. O. Hurd</i>	63
Spiral rib metal pipe structural performance limits <i>James C. Schluter</i>	73
Construction and inspection report on smooth lined corrugated polyethylene pipe <i>L. John Fleckenstein & David L. Allen</i>	79
Nine year performance review of a 24" diameter culvert in Ohio <i>James B. Goddard</i>	89
Analysis of the performance of a buried high density polyethylene pipe <i>Naila Hashash & Ernest T. Selig</i>	95
Structural performance of three foot corrugated polyethylene pipe buried under high soil cover <i>Reynold K. Watkins</i>	105

The design and construction of culverts using Controlled Low Strength Material – Controlled Density Fill (CLSM-CDF) backfill <i>William E. Brewer</i>	109
Structural stability of deflected flexible pipe in a backfilled trench <i>L. H. Daniels</i>	119
Nonlinear analysis of raising of flexible pipe strings <i>Ronald S. Reagan</i>	123
Pipeline reconstruction without excavation <i>R. D. Rice</i>	127
Soil-pipeline interaction in a pipeline with prescribed displacements <i>A. P. S. Selvadurai, M. C. Au & S. B. Shinde</i>	135
Disposal of stormwater runoff using recharge systems <i>Corwin L. Tracy</i>	143
Predicting the behavior of buried pipes using a mixed finite element approach <i>Musharraf Zaman & Joakim G. Laguros</i>	163
Author index	171
