

M. DONIKE  
H. GEYER  
A. GOTZMANN  
U. MARECK-ENGELKE  
S. RAUTH  
(EDITORS)

**10TH COLOGNE WORKSHOP  
ON DOPE ANALYSIS  
7TH TO 12TH JUNE 1992  
— PROCEEDINGS —**

UB/TIB Hannover 89

111 845 815

SPORT und BUCH Strauß  
Edition Sport — Köln 1993

# Table of Contents

## I. Steroids Analysis

|  |     |
|--|-----|
| <i>V. Rogozkin:</i><br>Mechanism of Anabolic Androgenic Steroid Action   | 11  |
| <i>S. Rendić:</i><br>Metabolism of Testosterone  | 27  |
| <i>M. Donike:</i><br>Steroid Profiling in Cologne  | 47  |
| <i>M. Donike, S. Rauth and A. Wolansky:</i><br>Reference Ranges of Urinary Endogenous Steroids Determined<br>by Gas-Chromatography/Mass Spectrometry                         | 69  |
| <i>U. Mareck-Engelke, H. Geyer and M. Donike:</i><br>Stability of Steroid Profiles   | 87  |
| <i>P. Hemmersbach, K. I. Birkeland, B. Bjerke, T. Sand and N. Norman:</i><br>The use of Endocrine Parameters in the Evaluation of Doping Analysis Results                    | 91  |
| <i>W. Schänzer and M. Donike:</i><br>Metabolism of Anabolic Steroids in Man: Synthesis and Use of Reference<br>Substances for Identification of Anabolic Steroid Metabolites | 97  |
| <i>V. Vladimirova, A. Tsoutsoulova-Draganova and M. Angelova:</i><br>Detection, Identification and Excretion Profile of Oxymetholone Metabolites<br>in Urine                 | 101 |
| <i>D. DeBoer, S.N. Bensink, A.R. Borggreve, R.D. VanOoijen and R.A.A. Maes:</i><br>Profiling 19-Norsteroids<br>III - GC/MS/MS Analysis of 19-Norsteroids during Pregnancy    | 121 |
| <i>T.J.A. Waasdorp:</i><br>Evaluation of the T/LH Ratio  | 123 |
| <i>K. Linnet:</i><br>Effect of Urine Matrix on the Testosterone/Epitestosterone Calibration Curve  | 125 |
| <i>E. Palonek and M. Garle:</i><br>Single Injection of Testosterone to 7 Volunteers: Results from this Study   | 131 |
| <i>H. Geyer, W. Schänzer and M. Donike:</i><br>Probenecid as Masking Agent in Dope Control - Inhibition of the<br>Urinary Excretion of Steroid Glucuronides                  | 141 |

## II. Improvement of Analytical Techniques

- Ying Jiao, Minghe Yang, Zeyi Yang et al.:*  
Traditional Chinese Medicines and Sports 153
- M. Donike and Ho-Sang Shin:*  
Chirality in Doping Analysis 159
- M. Donike, S. Rauth and B. Sample:*  
Excretion of Ephedrine and Endogenous Steroids under Conditions of  
Controlled Water Intake and of Water Diuresis 163
- A. Leinonen, L. Savonen and U. Laakkonen:*  
Screening and Identification of Cocaine 177
- C. Ayotte:*  
Clenbuterol: Screening and Confirmation 185
- P.J. van der Merwe:*  
Identification of Ephedrines as their Carbon Disulfide Derivatives 197
- Yang Shumin, Zhang Changjiu and Cui Kairong:*  
Detection of Mesocarb in Urine by HPLC and GC-MSD 199
- A.M. Lisi, R. Kazlauskas and G.J. Trout:*  
Diuretic Screening in Human Urine by Gas Chromatography Mass  
Spectrometry. Part 2 213
- P. Simeonov, A. Tsoutsoulova-Draganova and V. Vladimirova:*  
Analysis of Etozolin and Piretanide in Human Urine by  
Gas Chromatography/Mass Spectrometry 221

## III. High Performance Liquid Chromatography

- R. Ventura, T. Nadal, M.J. Pretel, A. Solans, J.A. Pascual and J. Segura:*  
Possibilities of Liquid Chromatography-Mass Spectrometry for the  
Identification of Labile Compounds 231
- M.V. Barbarulo, F. Buiarelli, M. Ciardi, A. Giarrusso and F. Rosati:*  
Analysis of Corticosteroids by HPLC-UV and HPLC-MS by Particle Beam  
Interface 249
- C. Imaz, D. Carreras, R. Navajas, C. Rodriguez, A.F. Rodriguez, J. Maynar  
and R. Cortes:*  
Determination of Ephedrines in Urine by HPLC 269
- A. Gotzmann and M. Donike:*  
Quantitative Caffeine Determination by Direct Injection of Urine 281

#### **IV. Immunological Methods in Doping Analysis**

*R. de la Torre, R. Badia, M. Gracia, G. González, M. Farré, X. Lamas and J. Segura:*

Screening of some Dope Agents by Immunological Methods 285

*M. Garle, R. Ocka and E. Palonek:*

One Year Experience of Trenbolone Measurement by ELISA 303

*W. Schänzer, P. Delahaut, E. Völker and M. Donike:*

Immunoaffinity Chromatography in Isolation of Anabolic Steroids 307

#### **V. Organisation of Doping Analysis and Doping Control**

*J.P. Lafarge:*

Insertion de la robotique dans les procédures de préparation des échantillons avant analyse. 321

*J. Segura, J.A. Pascual, R. Ventura, J.I. Ustaran, A. Cuevas and R. González:*

The Experience of Antidoping Control at the XI Panamerican Games in Havana, Cuba 325

*J.A. Pascual, Rob R. Ewin and J. Segura:*

Automated Control of Doping Samples and their Analyses Preparing for Barcelona '92

Part I. Development of a new Laboratory Information Management System (LIMS) for Doping Control 345

*Rob R. Ewin, J.A. Pascual and J. Segura:*

Automated Control of Doping Samples and their Analyses Preparing for Barcelona '92

Part II. Automation, Reporting and the Local Area Network 369

*M. Kamber:*

Case Studies from Switzerland - Proposition for Standardization of Doping Control Materials 389
