Memories and Reminiscences

Springer

Contents

Manuel Cardona: Extraordinary Scientist, Teacher and Human Being—A View from Argentina	1
Francisco de la Cruz	
Playing with Symmetry and Other Memories	5
Maria Isabel Alonso	
Manuel Cardona: Scientific Mentor, Man of Culture and Friend.	7
Massimo Altarelli	
Memories of Manuel Cardona by His Publisher Springer	11
Claus Ascheron	
Manuel Cardona, The Person	13
David Aspnes	
Manuel Cardona and His Relation to Synchrotron Radiation	15
Walter Braun	
How to Get Absolute Values from Relative Measurements.	19
José M. Calleja	
From My Postdoc at the “Abteilung Cardona”	23
Andrés Cantarero	
Unforgettable Days at MPIF in Stuttgart	29
Kikuo Cho	
Manuel Cardona: Personal Recollections and Comments.	33
Marvin L. Cohen	

Strong Coupling at Cardona's Abteilung	35
Alex Fainstein	
A Personal View to the Figure of Manuel Cardona from a Few Disperse, Little Stories	45
Alejandro Goñi	
Manuel to Walt	49
Walter A. Harrison	
Manuel Cardona, a Distinguished Promoter of Solid State Physics in Latin America	51
Isaac Hernández-Calderón	
Manuel Cardona, Isotopic Effects, and Path Integrals	59
Carlos P. Herrero and Rafael Ramírez	
Firma y Rúbrica	63
Reinhard K. Kremer	
Isotopic Crystal Affairs: When I Was Cardona's Last Crystal Grower	69
Rudolf Lauck	
Thirteen Years with Manuel at the Max Planck Institute	71
Lothar Ley	
My Memories of Manuel Cardona	75
Chengtian Lin	
Manuel Cardona: Some of My Recollections	77
Elías López-Cruz	
How Manuel and Inge Changed Our Lives	79
Richard and Beverly Martin	
The Teacher and Mentor I Almost Had	83
Emilio E. Mendez	
Loose Fingers Sink Ships—15 Years of E-mails from Manuel Cardona	87
José Menéndez	

Remembering Manuel Cardona	93
Roberto Merlin	
Manuel Cardona: Remembrances About a Great Master and Mentor	95
Francisco J. Meseguer	
Because You Do not Send Me Bad Stuff to Consider.	97
Narcís Mestres	
My Recollections of Manuel Cardona, a Great Scientist	101
Andreas Otto	
Manuel Cardona and the ALBA Synchrotron Light Source.	103
Ramon Pascual	
Memories of Manuel Cardona	105
Richard Phillips	
Manuel Cardona: Mentor, Colleague, Friend	109
Aron Pinczuk	
From Semiconductor Quantum Wells and Superlattices to Paul Drude—Personal Recollections of Manuel Cardona from 1974 to 2014	111
Klaus H. Ploog	
Memories from Manuel Cardona from Spanish Speaking Countries	115
Aldo H. Romero, Jorge Serrano and Alfonso Muñoz	
VUV Radiation Physics and Gaudeamus Igitur, Tokyo 1971	121
Ulrich Rössler	
Manuel Cardona: Mentor, Friend, Teacher	123
John E. (Jack) Rowe	
Manuel Cardona: My Memories	125
Jesús Sánchez Izquierdo	
Reminiscences of Stuttgart	127
Paulo V. Santos	

An Unbiased Mentor Who Offered Freedom and Equality to Young Scientists: Prof. Manuel Cardona	131
Shigemasa Suga	
Recollections of the Cardonas in Japan and in Stuttgart	137
Katuhisa Suzuki	
Manuel Cardona and the Story of Highly Enriched ^{28}Si	143
Mike L.W. Thewalt	
Interactions	153
Bernard Weinstein	
Manuel Cardona	157
Félix Yndurain	
All I Really Need to Know About Semiconductors, Research and More, I Learned as a Graduate Student of Cardona . . .	159
Peter Y. Yu	
Ten Years with Manuel: 1989–1999	163
Jörg Zegenhagen	
Interactions of Theory and Experiment in Raman Scattering	167
Roland Zeyher	
Manuel Cardona’s Contributions to Semiconductor Technology: A View from Industrial and Applied Physics	171
Stefan Zollner
