

Møllegabet II

A submerged Mesolithic settlement
in southern Denmark

Jørgen Skaarup
Ole Grøn

With contributions by

Sarah Mason, Lisa Hodgetts, Peter Rowley-Conwy
and Annica Cardell

PREFACE	v
I. INTRODUCTION AND BACKGROUND.....	1
<i>Jørgen Skaarup</i>	
II GEOLOGY AND TOPOGRAPHY	4
<i>Jørgen Skaarup & Ole Grøn</i>	
II.1. Introduction	4
<i>Jørgen Skaarup & Ole Grøn</i>	
II.2. History of investigation and method.....	4
<i>Ole Grøn</i>	
II.3. General topographical development.....	7
<i>Ole Grøn</i>	
II.4. Bore-hole profiles.....	8
<i>Ole Grøn</i>	
II.4.1. Profiles A and B	8
II.4.2. Profiles C and D	11
II.5. Seismic investigation	13
<i>Ole Grøn</i>	
II.5.1. Seismic profile I	15
II.5.2. Seismic profile II.....	16
II.5.3. Seismic profile III.....	18
II.5.4. Seismic profile IV	18
II.5.5. Seismic profile V.....	18
II.6. Environmental information.....	19
<i>Ole Grøn</i>	
III.a. INVESTIGATION METHODS	21
<i>Jørgen Skaarup</i>	
III.a.1. 1987-88 Settlement area	21
III.a.2. 1990-91 Coastal zone with dug-out boat burial	22
III.b. STRATEGIES AND METHODS USED FOR LOCATION AND EXCAVATION OF THE REMAINS OF AN ERTEBØLLE DWELLING	27
<i>Ole Grøn</i>	
III.b.1. Introduction.....	27
III.b.2. The preliminary excavation in 199.....	28
III.b.3. Excavation method in 1993.....	30
IV.a. DESCRIPTION OF STRUCTURES AND ANALYSIS	34
<i>Jørgen Skaarup</i>	
IV.a.1. Settlement and refuse layers.....	34
IV.a.2. Dug-out boat	35
IV.a.3. Stone Age boat burials in Scandinavia.....	36
IV.b. DESCRIPTION OF THE DWELLING STRUCTURE	41
<i>Ole Grøn</i>	
IV.b.1.1.a. The dwelling pit	41
IV.b.1.1.b. A kitchen midden and its relation to the dwelling pit	41
IV.b.1.1.c. Bioturbation and its effect on the material in the dwelling pit	46
IV.b.1.2. The dwelling	46
IV.b.1.2.1 The superstructure.....	46
IV.b.1.2.2. The flooring and the platform	48
IV.b.1.3. The waste layer and the entrance	50
IV.b.2. Distribution analysis	51
IV.b.2.1. Background and method	51
IV.b.2.1.a. Approach.....	51
IV.b.2.1.b. Ethno-archaeology	52

IV.b.2.2. The distribution of 'waste flint' or FWR	52
IV.b.2.2.a. The relation to the platform.....	53
IV.b.2.2.b. The distribution of different sizes of FWR	54
IV.b.2.2.c. FWR – weight variation	57
IV.b.2.3. The arrowheads.....	58
IV.b.2.4. Hearths.....	60
IV.b.2.5. Other distributions	63
IV.b.2.5.a. Scrapers and burins	64
IV.b.2.5.b. Knives, axes, tronchatures and cores	65
IV.b.2.5.c. Objects of bone and antler: fish-hooks, points, bodkins, fragments of antler axes and antler fragments	65
IV.b.2.6. Location of an entrance?.....	65
IV.b.2.7. Interpretation and discussion	69
IV.b.2.7.a. The dwelling and the dwelling space	69
IV.b.2.7.b. Parallels.....	72
IV.b.2.7.c. The settlement – and further perspectives	73
V. ARTEFACTS	75
<i>Jørgen Skaarup</i>	
V.a. Collected finds, finds from test pits and from excavations in 1990-91	75
V.a.1. Flint artefacts.....	75
V.a.1.1. Core axes.....	75
V.a.1.2. Core borers	77
V.a.1.3. Transverse arrowheads	78
V.a.1.4. Blades with oblique transverse retouch/blade knives	79
V.a.1.5. Combined blade tools.....	79
V.a.1.6. Blade borers.....	79
V.a.1.7. Blades with transverse retouch	79
V.a.1.8. Blades with edge retouch.....	79
V.a.1.9. Burins	79
V.a.1.10. Flake borers	80
V.a.1.11. Curved knives.....	80
V.a.1.12. Retouched flakes	80
V.a.1.13. Flake axes	81
V.a.1.14. Debitage: Cores and flakes	81
V.a.1.15. Hammerstones	81
V.a.2. Artefacts of stone other than flint	81
V.a.2.1. Greenstone axes.....	81
V.a.2.2. Hammerstone.....	81
V.a.3. Bone and antler.....	81
V.a.3.1. Bodkins.....	81
V.a.3.2. Antler axes.....	82
V.a.3.3. Pressure flakers.....	82
V.a.3.4. Antler club.....	82
V.a.3.5. Harpoon rough-outs.....	85
V.a.3.6. Parts of antler stem with burin work.....	85
V.a.3.7. Ring-cut stems and tines of deer antler.....	85
V.a.3.8. Bone and antler – un-worked or only with traces of marrow extraction	85
V.a.4. Wood, bark, seeds and fruits	88
V.a.4.1. Dug-out boat, paddle	88
V.a.4.2. Leister prongs	88
V.a.4.3. Bow	89
V.a.4.4. Miniature bow	89
V.a.4.5. Shafts	90
V.a.4.6. Bark sheets/flakes	90
V.a.4.7. Pointed poles and sticks.....	90
V.a.4.8. Worked wood	91
V.a.4.9. Seeds, fruits and charcoal	91
V.a.5. Pottery	92
V.a.5.1. Pottery sherds	92
V.b Finds from the excavation of the dwelling remains 1992-93	92
V.b.1. Flint artefacts.....	92

V.b.1.1. Core axes	92
V.b.1.2. Core borers.....	92
V.b.1.3. Transverse arrowheads.....	94
V.b.1.4. Rough-outs for transverse arrowheads/waste products from transverse arrowhead production.....	94
V.b.1.5. Blades with transverse retouch/blade knives.....	94
V.b.1.6. Blades with transverse retouch.....	95
V.b.1.7. Blades with edge retouch	96
V.b.1.8. Burins.....	96
V.b.1.9. Flake borers.....	97
V.b.1.10. Curved knives.....	97
V.b.1.11. Flake scrapers.....	97
V.b.1.12. Flakes with retouch	97
V.b.1.13. Flake axes.....	97
V.b.1.14. Hammerstone	97
V.b.1.15. Core scraper	98
V.b.1.16. Flint debitage: cores and waste flakes	98
V.b.2. Artefacts of stone other than flint.....	98
V.b.2.1. Hammerstones.....	98
V.b.2.2. Pot-boilers	98
V.b.2.3. Split granite	98
V.b.2.4. Burnt clay.....	98
V.b.3. Bone and antler.....	98
V.b.3.1. Bodkins	98
V.b.3.2. Fish-hooks.....	98
V.b.3.3. Worked bone.....	99
V.b.3.4. Antler axes	99
V.b.3.5. Burin-worked antler	99
V.b.3.6. Ring-cut antler	99
V.b.3.7. Bone and antler which is un-worked or only shows traces of marrow extraction.....	99
V.b.4. Wood, bark, seeds and fruits	99
V.b.4.1. Pointed poles and sticks	99
V.b.4.2. Bark artefacts	99
V.b.4.3. Other finds of wood, seeds and fruits.....	101
V.c.1. Dating of the artefacts from the dwelling	101
V.c.2. Dating of collected finds, finds from test pits and from excavated waste layers around the burial	103
V.d. SUBMERGED ERTEBØLLE SETTLEMENTS IN THE WATERS OFF FUNEN – THE CONTEXT OF MØLLEGABET II	106
<i>Jørgen Skaarup</i>	
VI. ARCHAEOBOTANICAL ANALYSIS – MØLLEGABET II.....	122
<i>Sarah Mason</i>	
VI.1. Introduction.....	122
VI.2. Recovery of plant remains	122
VI.3. Analysis of plant remains.....	123
VI.3.1. General comments on analysis.....	123
VI.3.2. Sample analysis.....	124
VI.3.2.1. Injector pump samples	124
VI.3.2.2. Bulk samples.....	124
VI.3.3. Identification	125
VI.3.3.1. <i>Corylus</i>	125
VI.3.3.2. <i>Quercus</i>	125
VI.3.3.3. <i>Crataegus</i>	125
VI.3.3.4. <i>Chenopodiaceae</i>	126
VI.3.3.5. <i>Parenchyma</i>	126
VI.3.3.6. Miscellaneous indeterminate tissues.....	126
VI.4. Discussion of results	127

VI.4.1. Problems with analyses - sampling, stratigraphy and the potential for re-deposition of kitchen midden material	127
VI.4.2. Plant macroremains analyses in 'platform' vs. 'floor' samples	128
VI.4.3. Distribution of plant remains in relation to dwelling organisation, part 1 – gender; seasonality; food selection, processing, eating patterns and waste disposal; and some cautionary notes.....	128
VI.4.4. Distribution of plant remains, part 2 - hearth indicators and hazelnut hypotheses; the role of vegetative parenchymatous organs	133
VI.4.5. Distribution of plant remains, part 3 - charred remains as indicators of human interaction with plants.....	136
VI.4.6. Distribution of plant remains, part 4 - oak and acorns – twigs as floor covering, acorns as food?.....	138
VI.4.7. Possible plant-based artefacts - woven fibres	141
VI.5. Conclusions.....	141
Acknowledgements.....	142
References.....	142
VII. MAMMAL AND BIRD REMAINS FROM THE UNDERWATER EXCAVATIONS AT MØLLEGABET II <i>Lisa Hodgetts & Peter Rowley-Conwy</i>	
VII.1. Introduction	144
VII.2. Species representation	144
VII.3. Spatial distribution.....	145
VII.4. Conclusions	146
References.....	147
VIII. FISH BONES FROM THE LATE ATLANTIC ERTEBØLLE SETTLEMENT OF MØLLEGABET II, ÆRØ, DENMARK	148
<i>Annica Cardell</i>	
VIII.1. Introduction	148
VIII.2. Material and methods	148
VIII.2.1. Condition of the material.....	148
VIII.2.2. Osteological methods	148
VIII.3. Results.....	149
VIII.3.1. Identified species and elements	149
VIII.3.2. Body regions	149
VIII.3.3. Fish size.....	151
VIII.3.4. Relative frequency of species.....	151
VIII.3.5. Anomalies	154
VIII.4. Discussion	154
VIII.4.1. Taphonomic aspects	154
VIII.4.2. Spatial distribution of fish bones.....	154
VIII.4.3. Fishing methods and seasonality.....	155
VIII.5. Conclusions	156
References.....	158
APPENDIX 1 – Detailed descriptions of the bore-hole profiles	159
APPENDIX 2 – Catalogue of Stone Age boat burials in Scandinavia.....	162
APPENDIX 3 – The distribution of flint with and without retouch.....	164
APPENDIX 4 - Distribution of organic materials.....	177
APPENDIX 5 – Tables VI.1 and VI.2	181
