## TABLE OF CONTENTS

List of tables .....	xv
List of tables in Appendix .....	xvii
Abbreviations and Acronyms .....	xix
1. Introduction .....	1
Part 1: Overview of integration and migration issues in UEMOA .....	5
2. Objectives and context of the study .....	7
2.1 Issues at stake .....	7
2.1.1 Problem Statement .....	7
2.1.2 Objectives and Research questions .....	9
2.2 Interests of the study .....	11
2.3 West African Economic and Monetary Union: The UEMOA .....	12
2.4 The regional competitiveness of Burkina Faso .....	17
3. Human Migration in West Africa .....	21
3.1 History of Migration in West Africa .....	21
3.1.1 Evolution of migration .....	21
3.1.2 Integration into the world migration system .....	23
3.2 Main characteristics of West African migration .....	25
3.2.1 Migrations as major contributor to Integration .....	25
3.2.2 Labor migrations .....	26
3.2.3 Migration agreements and regional treaties .....	27
3.3 The mainstays of migration .....	28
3.3.1 Origin and history of Burkinabè migration .....	28
3.3.2 Extent of the bilateral flows .....	31
3.3.3 Increase of return migrations .....	33
3.3.4 Profile of migrants as depicted in the source country .....	36
3.3.5 Burkinabè population in the receiving country .....	38
3.4 The main observed benefits .....	40
3.4.1 Remittances flows and their economic role in Burkina Faso .....	40

3.4.2	Other migration benefits and costs .....	45
3.5	Ivoirian crisis .....	45
3.5.1	A model of development in crisis .....	45
3.5.2	The political crisis .....	46
3.6	Long Term perspective for West African migrations .....	47
3.6.1	The West Africa Long-Term Perspective Study .....	47
3.6.2	The future migration destinations .....	48
3.7	Chapter summary .....	48
Part 2: Micro economics of migration .....		51
4.	Survey Design and Data .....	53
4.1	Stratified random sampling .....	53
4.2	Sampling Procedure for CAPRi 2 .....	54
4.3	The implementation of the survey .....	55
4.4	The basic descriptive statistical analysis .....	58
4.5	Chapter summary .....	70
5.	Seasonal migration as survival strategy .....	73
5.1	Introduction .....	73
5.2	Understanding the migration phenomenon .....	75
5.3	Econometric methodology .....	82
5.4	Estimation .....	84
5.4.1	Data source .....	84
5.4.2	Estimation samples .....	85
5.4.3	Variables .....	86
5.4.4	Empirical results .....	86
5.5	Chapter summary .....	96
6.	The role of migration in agricultural innovation for food security .....	99
6.1	Introduction .....	99
6.2	Non-local sources of income and food security .....	101
6.3	Empirical model and estimation procedure .....	106
6.3.1	Econometric model of treatment effects .....	106

---

6.3.2 Short description of the data .....	109
6.3.3 Variables used and expected outcomes .....	110
6.4 Estimation results .....	112
6.4.1 Migration choices .....	113
6.4.2 Stone bunds technology adoption .....	115
6.5 Chapter summary .....	120
Part 3: Macro economics of migration .....	123
7. Do Polar countries reap the benefits? A role for migration .....	125
7.1 Introduction .....	125
7.2 The receiving country and the conventional brain drain .....	127
7.3 Welfare effects in the source countries .....	132
7.4 Econometric approach and estimations .....	137
7.4.1 The review of existing results .....	138
7.4.2 The brain drain estimates and empirical analysis .....	140
7.4.3 The econometric Analysis .....	145
7.5 Chapter summary .....	153
8. Conclusions and Recommendations .....	155
8.1 Summary and Conclusions .....	155
8.2 Policy implications and future research perspectives .....	159
References .....	163
Appendices .....	177
Appendix I Overview of integration and migration issues in UEMOA .....	179
Appendix II Seasonal Economic Migration in Burkina Faso .....	181
Appendix III The role of migration in sahelian food security .....	186
Appendix IV Do polar countries reap the benefits? A role for migration .....	195
