_		2. Focusing and Bounding the Collection	
1. Introduction	1	of Data: The Substantive Start	16
A. The General Problem	1	Tight Versus Loose: Some Trade-offs	16
B. The Nature of This Book	2	A. Building a Conceptual Framework	18
Audiences	3	B. Formulating Research Questions	22
Approach	3	C. Defining the Case: Bounding the Territory	25
C. Our Orientation	4	D. Sampling: Bounding the Collection of Data	27
D. Varieties of Qualitative Research	5	E. Instrumentation	34
Recurring Features of Qualitative Research	5	Summary Comments	38
Three Approaches to Qualitative Data			
Analysis	8	3. Focusing and Bounding the Collection	
Analytic Methods: Some Common		of Data: Further Design Issues	40
Features	9	 A. Linking Qualitative and Quantitative Data 	40
E. The Nature of Qualitative Data	9	Rationale	40
General Nature	9	Brief Description	42
Some Underlying Issues	9	Illustrations	42
Strengths of Qualitative Data	10	Advice	43
F. Our View of Qualitative Analysis	10	B. Management Issues Bearing on Analysis	43
Data Reduction	10	Computer Use	43
Data Display	11	Data Management	45
Conclusion Drawing and Verification	11	Staffing and Time Planning	46
G. Using This Book	12	Agreements With Study Participants	47
