Foreword *ix*

Acknowledgments *xi*

Introduction *xiii*

1 The Lithography Workshop 1

General Facility Needs 1

Dedicated Work Areas 3

Storage 8

Workshop Location 9

Workshop Models 9

Legal Structures for Private
Professional Workshops 12

Business Models 13

Public Relations 14

Marketing 15

Fund-raising 17

2 Health and Safety 19

Ventilation 19

Personal Protective Equipment 20

Responsible Storage and Disposal 21

Additional Safety Practices 24

Regulatory and Oversight Agencies 25

General Health and Safety Guidelines 26

Material Data Safety Sheets (MSDS) 27

Health and Safety Guidelines for
Products Commonly Used in Lithography 27

3 General Equipment and Materials 81

Presses 81

Hand Press Equipment 84

Rollers 88

General Shop Equipment 95

Chemicals 100

4 Paper 105

The Development of Papermaking 105

Papermaking Methods 105

Physical Properties 108

Problems Associated with Papers 110

Fine Papers for Proofing and Editioning 111

Miscellaneous Papers for the Workshop 111

Ordering Paper 112

Storing Papers and Inventory Control 112

Preparing Papers for Edition Printing 113

Marking Registration 114

5 Ink 117

Physical Properties of Inks 117

Ingredients of Lithographic Inks 118

Black Inks 121

Color Inks 121

Metallic Inks 121

6 Stone Lithography 123

The Lithographic Stone 123

Stone Preparation 126

Drawing Preparation 132

Basic Drawing Materials and Techniques 136

Etching the Stone 149

Registration Guide for a Multiple-run Lithograph 163

7 Aluminum Plate Lithography 165

Types of Aluminum Plates 166

Plate Preparation 166

Drawing Preparation 168

Basic Drawing Materials and Techniques 168

Processing an Aluminum Plate 174

Corrections After Initial Roll-up 180

The Second Etch 181

8 Photolithography 183

- Creating Films 184
- Paper 192
- Registration 192
- Exposing and Printing
Commercial Positive Plates 194
- Exposing and Printing
Hand-coated Negative Plates 197
- Albumen on Stone 200

9 Additional Techniques 203

- Transfer Lithography 203
- Subtractive Techniques 207
- Reversal Techniques 214
- Line Engraving 217
- Unconventional Drawing Materials 218
- Chine Collé* 219
- Dusting with Powders 224
- Metallics 226
- Polyester Plates 229
- Waterless Lithography 233

10 Proofing and Editioning 239

- Preliminary Proofing in Black Ink 240
- Preliminary Proofing in Color 246
- Making Corrections 252
- Bon à Tirer* 254
- Printing the Edition 255
- Cleaning Up 257
- Troubleshooting 257

11 Curatorial Concerns 267

- Quality Control 267
- Identifying Marks 269
- Signing and Numbering 270
- Designation of Proofs 270
- Edition Documentation 271
- Storage and Care of Original Prints 273
- Packing and Shipping Prints 273
- Matting and Framing Prints 275

- Appendix A: Suppliers 277
- Appendix B: Measurement Conversion Chart 279
- Glossary 281
- Further Reading 287
- Index 293
