LIST OF FIGURES	XI
LIST OF TABLES	XIII
LIST OF MAPS	XV
LIST OF PHOTOS	XVI
LIST OF ABBREVIATIONS	XVII
1 INTRODUCTION	1
2 THEORETICAL APPROACH: SUSTAINABLE LIVELIHOODS	5
2.1 The evolution of ‘livelihood’ thinking	5
2.2 The sustainable livelihood framework	7
2.2.1 Livelihood assets	8
2.2.2 Vulnerability contexts, transforming structures and processes	9
2.2.3 Livelihood strategies and outcomes	10
2.3 Critiques of the livelihood approach	12
2.4 A long-term perspective of livelihood dynamics	13
3 NATURAL RESOURCE POTENTIALS AND SOCIO-ECONOMIC TRANSITIONS IN LAIKIPA	17
3.1 Environmental conditions	17
3.2 Land use change and socio-economic transitions	21
3.3 Specific study sites and their agro-ecological potential	24
4 METHODOLOGICAL APPROACH: REPEAT SURVEYS AND PARTICIPATORY RESEARCH	31
4.1 Historical datasets: household surveys from the 1990s	31
4.2 Contemporary datasets: evidence from 2010 and 2013	32
5 A MEASURE OF RELATIVE WELL-BEING: DEVELOPMENT OF AN ASSET-BASED INDEX	41
5.1 A holistic perspective on poverty: the asset-based index	41
5.2 Selection of well-being indicators	42

5.3 Statistically derived asset indices	45
5.3.1 An overview of statistical analytical techniques	45
5.3.2 Categorical principal component analysis	46
5.3.3 Derived asset index for smallholders in Laikipia using catPCA	47
5.4 Development of an asset index in Laikipia through a participatory process	51
5.5 Exploring the results: A comparison between the statistically derived and the participatory index	54
6 LIVELIHOOD DYNAMICS BETWEEN 1992 AND 2013 IN LAIKIPIA	59
6.1 Small-scale farming in a semi-arid region	59
6.1.1 Land: the basis of rural livelihoods	59
6.1.2 Rainfed agriculture under dynamic socio-ecological conditions	61
<i>Subsistence and cash-crop farming</i>	61
<i>Local perceptions on changing farming conditions</i>	62
6.1.3 Opportunities and constraints of livestock keeping	65
6.1.4 The role of crop and livestock within a mixed farming system	72
6.2 Diversification to off-farm activities.....	75
6.2.1 Off-farm alternatives	75
6.2.2 Contributions of casual and permanent employment to livelihood security	75
6.2.3 Off-farm opportunities in a changing job market	77
6.3 Dynamics in the education and health sector: implications for smallholders	81
6.3.1 Advances in education levels in Laikipia	81
6.3.2 Local valuations of education: opportunities and constraints	82
6.3.3 Access to health services and persistent challenges.....	85
6.4 Investments in social networks, security and physical infrastructure	88
6.4.1 The role of community groups for livelihood security.....	88
6.4.2 Livestock theft and human-wildlife conflict	90
6.4.3 Investments in housing, water facilities and other physical assets	91
6.5 Participatory water management in a water scarce environment	96
6.5.1 The formation of water resource user associations	96
6.5.2 Successes and challenges in community water management	99
6.5.3 Smallholder experiences with community water projects: two case stories.....	105
6.6 An expanding horticulture industry: Assessing the implications for rural livelihoods	109
6.6.1 Local perspectives on employment opportunities	109
6.6.2 Growing pressure on natural resources	111
6.6.3 The impacts on society and the individual	112
6.6.4 Overall challenges and opportunities for rural development	113

6.7 Poverty dynamics and changes in asset endowment	115
6.7.1 Change and persistence in well-being from an aggregated and a household perspective	115
6.7.2 Asset portfolios: changes in their composition	117
6.7.3 Correlation between asset endowment and ecological conditions	120
7 CONSTRAINTS FOR RURAL DEVELOPMENT AND IMPLICATIONS FOR DEVELOPMENT INTERVENTIONS	125
7.1 Poverty dynamics and lessons learned for poverty reduction measures	125
7.2 Constraints for rainfed agriculture and the need for the upscaling of sustainable land use practices	126
7.3 Constraints for livestock keeping and respective intervention options.....	127
7.4 Integrating smallholders in agricultural markets and its Limitations.....	128
7.5 Participatory water management, its potential and remaining challenges	130
7.6 The role of off-farm activities and education for improved livelihood outcomes	133
7.7 Critical Reflections and future research needs.....	136
BIBLIOGRAPHY	139
