<i>Series Editor's Preface</i>	<i>xvii</i>
<i>Preface</i>	<i>xix</i>
<i>Acknowledgments</i>	<i>xxi</i>
1 Introduction	1
A Theory of Grammar	6
Formal Approaches to Language and Language Processing	7
Emergentist Models of Language and Language Processing	9
The Book: Chapter Overview	12
2 Grammars and Parsers	14
The Relationship between the Grammar and the Parser	14
The Garden Path Model (Frazier and Colleagues)	21
Minimal Attachment	22
Late Closure	22
Construal	23
Principle-based Parsing: Generalized Theta Attachment	25
Gibson's Model: Discourse and Distance	28
Pragmatics and Plausibility	33
Methods for Second Language Processing Studies	34
Self-Paced Reading	35
Eye-Tracking	35
Crosslinguistic Text Differences and the Influence on Processing	36
Cross-Modal (Lexical) Decision Tasks	37
Priming Tasks	37
The Psychological Reality of 'Gaps'	38

The Role of Working Memory in Sentence Processing	44
Phonological Short-term Memory	44
Reading Span Memory (RSM)	45
Reading Span Memory and First Language Sentence Processing	45
Working Memory in SLA	47
Summary and General Discussion of Relationship between the Grammar and the Parser	48
3 The Influence of VERB Argument Structure on Processing	51
First Language Research	55
Second Language Research	61
English: ‘Transitivity’ and the Garden Paths	61
Rodríguez (2008)	67
Roberts and Felser (2011): The Effects of Plausibility	76
Lexical Conceptual Structure, Argument Structure, and Morpho-Syntax	78
Summary and General Discussion of Argument Structure and Processing	80
4 Processing Long-distance Wh-dependencies in a Second Language	84
Wh-movement and Filler-gap Relationships	85
Second Language Processing Data as a Supplement to Grammaticality Judgments	89
Early Work on Parsing Wh-movement and Processing	91
<i>Generalized Theta Attachment—A Review for Parsing Wh-movement</i>	91
Juffs (1997) (Previously Unpublished)	96
Plausibility, Wh-Movement, and Recent Research on Island Effects	111
Intermediate Gaps	118
Rodríguez 2008	123
Pliatskikas and Marinis 2013	130
Processing German as a Second Language	131
The Role of Working Memory	133
Summary and Discussion of Wh-processing in a Second Language	135
5 Processing Relative Clauses in a Second Language	139
Early SLA Research on Relative Clauses	140
Full Relative Clause Processing in English as a First Language	141
Relative Clause Processing in L2 English:	
Some Preliminary Research	145
Experiment 1—Research Questions and Hypotheses	146
Experiment 2—The Effects of Relative Clauses on Reading Longer Texts	159
Working Memory and Processing Relative Clauses	162

Reading Passages and Working Memory	166
Discussion	166
Processing Reduced Relative Clauses: Why People Interviewed In Documentaries Are Easier to Understand than Horses Raced Past Barns	167
Working Memory and Parsing of Reduced Relative Clauses	172
Recent Studies of Reduced Relative Clause Processing	173
Mind the Gap: Relative Clauses in Chinese, Japanese, and Korean	176
Summary and General Discussion	190
6 Processing of Noun Phrases and Agreement in Noun Phrases in a Second Language	191
A Brief Review of Binding Theory and SLA Research	191
A Summary of Binding Theory	191
Binding Theory and SLA Research	194
Second Language Processing Studies with Binding Theory	195
Investigating the Online Application of Principle A	195
Investigating the Online Application of Principle C	201
Processing of NP Agreement Relationships	205
Summary and General Discussion	212
7 Processing Ambiguous Relative Clause Attachment	219
Studies Showing Ambiguous RC Attachment in L2 Is Random	220
Studies That Consider Prosodic Structure with Ambiguous RC Attachment	223
The Possible Effect of Subject—Verb and Number Agreement on Studies with Ambiguous RC Attachment	226
Advances in L1 Studies of Ambiguous RC Attachment: Prosody and Working Memory	228
The Potential Role of Frequency: A Tuning Hypothesis Account	230
Ambiguous RC Attachment: The Role of Recency	232
Summary and Discussion	234
8 Related Research Fields and Conclusions	240
The Related Field of Morphological Processing	240
Potential Insights from Cognitive Neuroscience	242
Review of Findings and Prospects for Future Research	246
The Grammar and the Parser	249
<i>References</i>	251
<i>Index</i>	271
