Foreword <i>Diana Coben</i>	ix
Acknowledgements	xi
List of Figures and Tables	xiii
Chapter 1: Introduction: What This Book Is About	1
Guide to Structure of the Book	3
Chapter 2: Adults Using Mathematics in the Workplace: It's Not Mathematics, It's Just Common Sense; Part of the Job	5
Cultural Historical Activity Theory	8
Competence	9
Invisible Mathematics in the Workplace	10
Chapter 3: Identifying and Measuring Mathematics Invisibility in the Workplace: Stripping away the Layers That Hide What a Person Knows about Mathematics	19
Survey Methodology	21
Measuring Mathematics Capability	22
Measuring Mathematics Capability in the Workplace	22
Nurate Behaviour	23
Workplace Exploratory Tools	25
Job-shadowing Case Studies	26
Impact of Mathematics Invisibility	27
Chapter 4: Broadening the Scope: Design and Key Findings of the National Survey of People at Work	29
Characterisation of Workplace Mathematics in the Workplace	30
Demographics	32
Frequency of Nurate Behaviour	35
Quantity and Number	37
Shape and Space & Pattern and Relationship	37
Data Handling and Chance	41
Summary	46

CONTENTS

Chapter 5: Job Shadowing: Four Case Studies of People Engaged in Their Job	49
Job Shadowing People at Work	49
Case Study Host Company A	50
Research Host Company B	69
Case Study 1 Rob	85
Case Study 2 Jim	89
Case Study 3 Laura	89
Case Study 4 Mike	93
Mathematics Invisibility in the Workplace	94
Summary	98
Discussion	99
A Workplace Contextualisation of Mathematics	101
Accountability	102
Clarity	104
Familiarity	106
Stressors	108
Volatility	109
Workplace Context-Complexity Protocol	111
Chapter 6: From Research into Practice: How to Bring the Benefit of Research to Learners	113
Extended NFQ Illustrated	114
Extended NFQ – Case Study 1	115
Extended NFQ – Case Study 2	118
Extended NFQ – Case Study 3	119
Extended NFQ – Case Study 4	120
Recruitment Dichotomy	120
Implications: Learners, Curriculum, Tutors, Policy, Standards & RPL	122
Research Instruments Modified for Practical Implementation	124
How This Approach Works	124
Why Does It Matter?	127
Appendix 1: National Survey of People at Work in Ireland	129
Appendix 2: Business Activity Model – Exemplar	139
Appendix 3: Work Practice Model – Exemplar	141
Appendix 4: Detailed Task Analysis	143
Appendix 5: Workplace Context Complexity Protocol	147
Appendix 6: Self-Perception of Numerate Behaviour	153
Appendix 7: Task Context Tool	159
Appendix 8: Task Exploration Tool	163
Appendix 9: Linking Tool	169
