Abbreviations	XVII
Preface	XIX
1 Introduction	1
2 Aberdeen and North-East Scotland	3
2.1 Key historical developments	3
2.2 The social structure of the city today	9
3 Sociolinguistic setting	13
3.1 The polar structure of Scots and English	13
3.2 The status of Scots in Aberdeen and the North-East	17
4 Theoretical frameworks	21
4.1 Processes and outcomes in dialect contact	22
4.2 The importance of children and teenagers in contact-induced change ..	26
4.3 Assessing innovation and conservatism	29
5 Research context and research propositions	33
5.1 Aberdeen in the context of previous dialect contact research	33
5.2 Research propositions	34
6 Data and methodology	37
6.1 Study design	37
6.1.1 Informant selection	37
6.1.2 Sociolinguistics questionnaires	40
6.1.3 Linguistic variables chosen for this study	40
6.1.4 Recording procedure and types of material	41

6.2	Phonetic analysis.....	42
6.3	Statistical analysis.....	45
6.3.1	Using mixed-effects modelling in sociolinguistic research.....	45
6.3.2	Statistical modelling.....	47
6.3.3	Interpreting the Rbrul output.....	49
6.4	Assessing innovation and conservatism.....	50
7	Linguistic variables.....	57
7.1	(BOOT).....	59
7.1.1	Background.....	59
7.1.2	Methodology.....	61
7.1.3	Findings.....	63
7.1.3.1	Interview style.....	63
7.1.3.2	Wordlist style.....	72
7.1.4	Summary and discussion.....	74
7.2	(OUT).....	75
7.2.1	Background.....	75
7.2.2	Methodology.....	76
7.2.3	Findings.....	78
7.2.3.1	Interview style.....	80
7.2.3.2	Wordlist style.....	92
7.2.4	Summary and discussion.....	101
7.3	(HW).....	102
7.3.1	Background.....	102
7.3.2	Methodology.....	105
7.3.3	Findings.....	106
7.3.3.1	Interview style.....	107
7.3.3.2	Wordlist style.....	117
7.3.4	Summary and discussion.....	119
7.4	(L).....	120
7.4.1	Background.....	120
7.4.2	Methodology.....	121
7.4.3	Findings.....	122
7.4.3.1	Interview style.....	123
7.4.3.2	Wordlist style.....	132
7.4.4	Summary and discussion.....	135
7.5	(POSTVOCALIC R).....	137
7.5.1	Background.....	137

7.5.2	Methodology	138
7.5.3	Findings	139
7.5.3.1	Interview style	140
7.5.3.2	Wordlist style	150
7.5.4	Discussion	160
7.6	(TH)	162
7.6.1	Background	162
7.6.2	Methodology	163
7.6.3	Findings	165
7.6.3.1	Interview style	165
7.6.3.2	Wordlist style	172
7.6.4	Summary and discussion	179
7.7	Summary of key findings	180
8	Discussion	183
8.1	Linguistic processes and outcomes of dialect contact in Aberdeen	183
8.2	The role of age and other social factors	189
8.3	Evaluation of the model of assessing innovation and conservatism using mixed-effects regressions	190
9	Conclusion	195
	References	199
	Index	211
	Appendix	213
A-1	Overview of speaker metadata	213
A-2	Wordlist	216
