Foreword by Ian Smart	xii
Acknowledgements	xiv
Abbreviations and explanatory notes	xv
The 1976–80 plan	xix
<b>1 Introduction and historical background</b>	<b>1</b>
The Soviet energy position – some Western views	4
Historical background	10
<b>PART I THE COMECON DOMESTIC ENERGY SITUATION</b>	<b>27</b>
<b>2 Soviet energy: an overall assessment</b>	<b>29</b>
The 1975 energy position	29
The 1980 energy position	31
Future problems for the Soviet Union and its allies	34
Some aspects of energy costs and prices	35
<b>3 The oil industry</b>	<b>39</b>
History	39
Reserves	40
Production	41
Performance	44
Problems facing the industry	48
Refining	52
Transportation	53
The 1980 position	54
The export position	55
<b>4 The natural gas industry</b>	<b>59</b>
History	59
Reserves	59

Production and performance	62
Transportation and storage	66
The 1980 position	68
The export position	68
<b>5 The coal industry</b>	<b>71</b>
History	71
Reserves	71
Production	73
Performance	74
Problems facing the industry	75
Exports	77
Transportation	79
<b>6 Electricity, hydro-electric power, and nuclear energy</b>	<b>80</b>
Electricity production	80
Hydro-electric power	80
Nuclear raw materials	82
<b>7 Minor fuels</b>	<b>85</b>
Coke	85
Oil shale	85
Peat	87
<b>8 The European Comecon countries</b>	<b>89</b>
Reserves	90
Hydrocarbon imports	90
Comecon statistical data	91
Poland	96
Czechoslovakia	99
The GDR	100
Romania	104
Hungary	106
Bulgaria	110
East European energy planning	113
Oil price rises and related problems	114
The 1975 position	116
The 1980 position	118
The oil supply position	120

Probable developments	122
Soviet and East European energy in relation to the rest of the world	123
Conclusions	124
A note on non-European members of Comecon	126
<b>PART II INTERNATIONAL IMPLICATIONS</b>	<b>131</b>
<b>9 Introduction and intra-Comecon relationships</b>	<b>133</b>
Intra-Comecon relationships	136
<b>10 Some considerations of détente and East–West relations</b>	<b>140</b>
Détente	140
East–West relations	151
<b>11 Japan and China</b>	<b>155</b>
Siberia and the Far East	155
The Kurile Islands	165
The China factor	166
<b>12 The United States</b>	<b>171</b>
Historical background	171
The Urengoy gas project	172
Détente and trade	175
US–Soviet trade relations in 1975	177
<b>13 Western Europe</b>	<b>182</b>
Historical background	182
Italy	183
Finland	184
Sweden	185
Norway	185
Iceland	186
West Germany	187
France	189
Austria	190
Conclusions	190

14	<b>The Middle East and developing countries</b>	195
	The Middle East	195
	Developing countries	204
15	<b>Conclusions</b>	206
	<b>Appendices</b>	215
A	Cost calculations for fuels in the USSR	215
B	Terminology used in respect of Soviet reserves	221
C	Management reforms in the Soviet energy industries 1971–75	223
D	Manpower and equipment in the Soviet energy industries	226
E	The Adria (Yugoslav oil) pipeline	228
F	The Orenburg natural gas pipeline	229
G	Soviet trade with the Middle East, OPEC and industrialized Western countries	232
	Select bibliography	235
	Index	239
	<b>Tables</b>	
1.1	Industrial production 1960–75: key economic indicators	17
1.2	Production of major fuels 1960–75	18
1.3	Energy production 1960, 1965, and 1970	19
1.4	Fuel and power production 1960–70, planned and actual	20
1.5	Oil, gas, coal, and electric power production 1970–75, planned and actual	21
1.6	Energy consumption and economic growth 1961–75	22
1.7	Energy consumption 1960, 1965, and 1970	22
1.8	Energy consumption by main sectors 1970	23
1.9	Exports of energy 1970–74	23
1.10	Imports of energy 1970–74	24
1.11	Energy trade – exports (imports) 1970–74	24
1.12	Export of fuels and electricity 1950–74	25
1.13	Energy resources as a proportion of total value of exports 1940–74	26
2.1	Energy consumption 1975	30
2.2	Energy production 1975	30
