Chapter 1: Bilingual Experience and Cognitive Control	11
1.1 Introduction	11
1.2 Definition of Terms	13
1.3 Motivation	14
1.4 Current Focus	15
1.5 Research Overview	16
Chapter 2: Bilingual Advantage	21
2.1 Bilingual Language Processing Mechanism	21
2.1.1 Bilingual Language Processing	21
2.1.2 Bilingual Lexical Selection	26
2.1.3 Language Control Mechanism	31
2.2 Cognitive Impact of Bilingualism	38
2.2.1 Bilingual Disadvantages	39
2.2.2 Bilingual Advantages	42
2.3 Bilingual Advantage in Cognitive Control	45
2.3.1 Measurement of Cognitive Control	46
2.3.2 Evidence of Bilingual Advantage	55
2.3.3 Relevant Factors Affecting Cognitive Control	64
2.4 Summary	69
Chapter 3: Research Rationale and Questions	71
3.1 Research Rationale	71
3.2 Research Questions	77
3.3 Research Hypotheses	81
3.4 Research Design	81
3.5 Summary	84

Chapter 4: Experiment One – Bilingual Advantage in the Chinese Context	85
4.1 Introduction.....	85
4.2 Specific Background	85
4.3 Method	89
4.3.1 Participants	89
4.3.2 Materials and Procedure	91
4.4 Result	95
4.4.1 Data Trimming.....	95
4.4.2 Flanker Task.....	96
4.4.3 Number Stroop Task	97
4.4.4 WCST	99
4.5 Discussion.....	101
4.6 Conclusion	105
 Chapter 5: Experiment Two – L2 Proficiency and Cognitive Control	 107
5.1 Introduction.....	107
5.2 Specific Background	107
5.3 Method	110
5.3.1 Participants	110
5.3.2 Materials and Procedure	112
5.4 Result	113
5.4.1 Data Trimming.....	113
5.4.2 Flanker Task.....	113
5.4.3 Number Stroop Task	115
5.4.4 WCST	117
5.5 Discussion.....	120
5.6 Conclusion	122
 Chapter 6: Experiment Three – Language Interpreting Experience and Cognitive Control	 123
6.1 Introduction.....	123
6.2 Specific Background	123

6.3	Method	127
6.3.1	Participants	127
6.3.2	Materials and Procedure	130
6.4	Result	131
6.4.1	Data Trimming.....	131
6.4.2	Flanker Task.....	131
6.4.3	Number Stroop Task	133
6.4.4	WCST	135
6.5	Discussion	139
6.6	Conclusion	143

Chapter 7: Experiment Four – Public Speaking

	Experience and Cognitive Control	145
7.1	Introduction.....	145
7.2	Specific Background	145
7.3	Method	149
7.3.1	Participants	149
7.3.2	Materials and Procedures.....	152
7.4	Result	152
7.4.1	Data Trimming.....	152
7.4.2	Flanker Task.....	152
7.4.3	Number Stroop Task	155
7.4.4	WCST	158
7.5	Discussion	162
7.6	Conclusion	166

Chapter 8: General Discussion

8.1	Summary of the Results.....	169
8.2	Bilingual Experiences and Aspects of Cognitive Control	175
8.2.1	Bilingual Experiences and Inhibition	176
8.2.2	Public Speaking Experience and Conflict Monitoring	179

8.2.3 L2 Proficiency, Language Interpreting, and Mental Set Shifting	182
8.3 The Incoherence Problem	186
8.4 Summary	188
Chapter 9: Conclusions and Implications	189
9.1 Major Findings of the Current Research.....	189
9.2 Theoretical and Practical Implications.....	190
9.3 Limitations	195
9.4 Future Directions	196
References.....	199
