

Contents

1. Introductory Examples	1
1.1 Percolation	1
1.2 A One-Particle Problem	5
Problems	7
2. General Introduction to Computer Simulation Methods .	9
3. Deterministic Methods	13
3.1 Molecular Dynamics	13
3.1.1 Microcanonical Ensemble Molecular Dynamics	29
3.1.2 Canonical Ensemble Molecular Dynamics ...	39
3.1.3 Isothermal-Isobaric Ensemble Molecular	
Dynamics	46
Problems	54
4. Stochastic Methods	56
4.1 Preliminaries	56
4.2 Brownian Dynamics	60
4.3 Monte Carlo Methods	68
4.3.1 Microcanonical Ensemble Monte Carlo Method	81
4.3.2 Canonical Ensemble Monte Carlo Method ...	87
4.3.3 Isothermal-Isobaric Ensemble Monte Carlo	
Method	100
4.3.4 Grand Ensemble Monte Carlo Method	102
Problems	107
Appendices	109
A1 Random Number Generators	109
A2 Program Listings	120
References	139
Subject Index	147
