

TABLE OF CONTENTS

Foreword	v
F. G. Pearson	
Foreword	vi
C. W. Lillehei	
Author's Note and Acknowledgements	xi
Preface	xii
The Birth of Thoracic Surgery	1
The Advent of Anesthesia	4

SURGERY OF THE LUNG

The Surgical Treatment of Pulmonary Tuberculosis	13
Early Pioneers	
Theodore Tuffier	22
Alexis Carrel	25
Arthur Tudor Edwards and the Brompton Hospital	28
The Spirit of the Pioneers	31
The Slow Evolution of Lobectomy	33
Lilienthal/Shenstone/Brunn	
The Challenge of Total Pneumonectomy	36
Nissen/Cameron Haight/Graham	
Toward Dissection of the Hilar Structures and Bronchial Suture	40
Rienhoff/Archibald	
From Lobectomy to Segmentectomy	46
Churchill/Overholt	
Decortication of the Lung	51
Tracheo-Bronchial Surgery	55
Gebauer/Price Thomas/Grillo/Pearson	

SURGERY OF THE ESOPHAGUS

Introduction	61
Carcinoma of the Esophagus	62
The First Total Esophagectomy (Franz Torek)	63
Esophagectomy with Restoration of Gastroesophageal	
Continuity (Richard Sweet)	64
Esophagectomy Without Thoracotomy	68

Table of Contents	ix
-------------------	----

SURGERY OF THE HEART

Introduction	75
The Story of Heparin	77
McLean/Howell/Best	
Extracardiac Surgery	81
Constrictive Pericarditis	81
Patent Ductus Arteriosus (Gross/Strieder)	82
Coarctation of the Aorta (Crafoord/Gross)	86
Tetralogy of Fallot—The Blue-Baby Operation (Blalock/Taussig)	87
Closed Cardiac Surgery	92
Commissurotomy for Mitral Stenosis (Bailey/Harken)	92
The Brock Operation for Pulmonic Stenosis	99
Aortic Stenosis	100

OPEN-HEART SURGERY

Introduction	105
Hypothermia (Bigelow/Lewis/Swan)	105
The Pacemaker	109
The Advent of Extracorporeal Circulation	111
The Gibbon Heart-Lung Machine	112
Controlled Cross-Circulation (Lillehei)	113
The de Wall-Lillehei Bubble Oxygenator	117
Artificial Heart Valves	120
The Mechanical Valve Prosthesis (Hufnagel and Starr)	120
Bioprosthetic Valves	122
Surgery for Coronary Artery Disease	123
Early Pioneers (Beck/Vineberg)	123
Endarterectomy	126
Aorto-Coronary Bypass	127

HEART AND LUNG TRANSPLANTATION

Contributions of Basic Research	131
Lung Transplantation: From Hardy to the Toronto Group	132
Heart Transplantation (Hardy/Barnard/Shumway)	135
Epilogue	140
Bibliography	143
Historical Bibliography	143
General Bibliography	144
Index	153
