

- 7 Preface
- 11 Hybrid Media Practices in Everyday Life
Christoph Bareither
- 13 How Can Hybrid Environments Increase Access to Unseen Content and Create Memorable Visitor Destinations?
Paulo Pimentel, Lucie Branczik
- 27 Look Again: Augmented Reality as a Time Travel Tool
Giovanna Casimiro
- 41 Classical Concerts in Virtual Reality with Multiple Views and Ambisonic Audio
Julien Letellier, Jürgen Sieck, Michael Thiele-Maas, Annette Thoma
- 59 Diving into Immersive Audio – The Power of Dynamic 3D Audio for Storytelling in the Cultural Space
Lars Mylius, Eva Wesemann
- 71 Volumetric Video for “The Master’s Vision”
Peter Kauff, Ingo Feldmann, Oliver Schreer, Ralf Schäfer, Georg Tschurtschenthaler
- 87 Research in Motion – VR as an Archaeological Tool
Erika Holter, Una U. Schäfer
- 99 Use of Data Analytics for Enriching Public Spaces with Unique Experiences of Localised Cultural Heritage Content
Georgios Artopoulos, Kåre Synnes, Alfonso Bahillo, Carlos Smaniotto Costa, Nataša Rebernik
- 113 Marbles of Remembrance – Conceptualizing and Implementing a Chatbot for the Hackathon Coding da Vinci
Leonardo de Araújo, Nina Hentschel, Adrenn Kovács
- 125 Memories – A Concept for an Interactive Projection Mapping Installation
Hagar Elazari & Angela Brennecke

- 131 Becoming a Member of a Virtual Orchestra with Motion Recognition
Mykyta Kovalenko, Svetlana Antoshchuk, Volodymyr Brovko
- 147 What's the CLOU? – Prototypes for a New Journal Format by the
Interdisciplinary Laboratory Image Knowledge Gestaltung
Kerstin Germer, Maja Stark, Tiago da Costa e Silva, Kerstin Remes
- 159 Using Cuboid Markers for an Interactive Augmented Reality Exhibition
*Peter Scholl, Stefan Schöbinger, Albrecht Sensch, Jürgen Sieck,
Elisabeth Thielen*
- 175 Being here|being there – being in|between
Experientiality, bodily presence and empathy in Karim Ben Khelifa's
VR Documentary The Enemy
Anna Wiehl
- 187 The Jackal and the Wolf: Adapting a Namibian Cautionary Tale into a
Virtual Reality Game
*Niels Anders Beckmann Stok, Denisa Formácková,
Emilie Ørtoft Høllede Pedersen, Kasper Rodil*
- 201 A Formal Visual Model to Capture Stories Told from Multiple
Perspectives
Kai Groetenhardt, Ulrike Spierling, Kathrin Neurohr
- 213 Mixed Reality Supported Voice Training for Lecturers of Large Classes
Kathrin Hohlbaum, Valerie Stehling, Max Haberstroh, Frank Hees
- 225 The Interrelationship among Components of Crowdsourcing
Pakhee Kumar
- 239 Ionic and AngularJS: Frameworks for Developing Interactive &
Location-based Museum Hybrid Systems
Herman Kandjimi, Hippolyte Muyingi
- 253 Towards Collaborative Sketching in Distributed Virtual Environments
Patrick Fehling, Florian Hermuth, Johann Habakuk Israel, Thomas Jung
