LIBRARIES CONSULTED	377
LIST OF PRINTERS AND PUBLISHERS, 1607-1719	381
GENERAL INDEX	383

*Note.* The numbering of the entries in this bibliography is the same as in the last edition up to no. 104. Any additional items are signified by the addition of letters, though some of these letters were also used in the previous editions. After no. 104 the numbering is different, but all the *original editions* of Donne's works come before this point and so have the same numbers as before.
