

CONTENTS

Preface	v
THE CONTEXT OF PLANNING AND MODELLING	
The State of Cities and the State of Planning Peter Hall	3
Qualities of Urban Life and the Evolution of World Cities Richard L. Meier	15
THE ROLE OF MODELS	
A Critical Survey of Current Developments in Urban and Regional Modelling Norbert Oppenheim	41
Modelling Transport Energy Conservation Policy Options: A User's Perspective R. Robert Mayes and Fred P. Nix	55
Modelling Contexts and Purposes: Defining Alternative Paths of Model Development David Simmonds	75
DEVELOPMENTS IN MODEL STRUCTURE	
Future Directions for Urban Systems Models: Some Pointers from Empirical Investigations Stephen H. Putman	91
Linked Models of Land Use–Transport Interactions: A Review Joseph Berechman and Peter Gordon	109

Technical Issues in Urban Model Development: A Review of Linear and Nonlinear Model Structures Michael Batty	133
From Physical to Economic Urban Models: The Lowry Framework Revisited Alex Anas	163
 DYNAMIC MODELS	
The Time Scale of Urban Change Michael Wegener, Friedrich Gnad and Michael Vannahme	175
Towards a General Dynamic Model of the Spatial Evolution of Urban Systems Peter M. Allen, Guy Engelen and Michele Sanglier	199
Dynamics of the Urban Growth of an Average French City: The CARPE Model Serge Fournier	221
A Political–Economic Model of Urban Growth in Britain, 1801–1971 Ian Moffatt	247
 MODEL APPLICATIONS	
The Practice of Modelling in Developing Countries Marcial Echenique	275
Dynamic Forecasting of Travel Demand, Residential Location and Land Development: Policy Simulations with the Chicago Area Transportation/Land Use Analysis System Alex Anas and Liang Shyong Duann	299
In Place of Models?: Assessing the Urbanization Effects of London's Proposed Third Airport Michael J. Breheny and David H.S. Foot	323
 NEW DIRECTIONS	
Computer Consultant Systems: An Application to Assessment of an Urban Housing Cooperative John W. Dickey, Elizabeth Mumby and Jeffrey Doughty	351

Technological Change and Urban Development John F. Brotchie	373
Qualitative Methods for Urban and Regional Impact Analysis Peter Nijkamp	399
Post-Industrial Urban Policy: Reviewing the Background Britton Harris	423
