

Contents

Standards and Standards Exploitation

The MHEG Standard: Principles and Examples of Applications <i>F. Colaitis, F. Bertrand</i>	3
Distributed Hypermedia Link Service on WAN: An Experiment with MHEG on the ATM Network <i>A. Rizk, F. Malezieux, A. Léger</i>	18
MHEG, Scripts, and Standardisation Issues <i>Th. Casey, J. Fromont</i>	29
The BERKOM Multimedia Teleservices <i>J. Schaper</i>	44
Toward Automatic Generation of HyTime Applications <i>J. F. Buford, L. Rutledge, J. L. Rutledge</i>	57
PREMO: An Architecture for Presentation of Multimedia Objects in an Open Environment <i>H. Stenzel, G. S. Carson, I. Herman, K. Kansy</i>	77

Demonstrations

The Department Information System of the Information Systems Department at the Technical University of Vienna <i>E. Valsky, M. Herzog, R. Peratello, W. Slany</i>	99
Teaching Computer Simulation with Multimedia/Hypermedia Application <i>G. Balogh, I. Molnar</i>	103

Tools

A Distributed Audio System <i>N. Li</i>	109
Uniform Access to Images within Open Distributed Environments <i>R. Strack, Ch. Blum, D. Duce, D. Sutcliffe, N. Garcia</i>	122
COOLIS: a Distributed Multimedia Object-oriented Layer <i>N. Didi, M. DeCecco, A. Rizk, A. Béguin, E. Pillevesse</i>	143

Hypermedia and Authoring

A Proposed Framework of Predicting the Development Effort of Multimedia Courseware <i>I. M. Marshall, W. B. Samson, P. I. Dugard</i>	161
--	-----

Soaring through Hyperspace: a Snapshot of Hyper-G and its Harmony Client <i>K. Andrews, F. Kappe</i>	181
The Development of a Multimedia Distributed System for Education <i>O. M. Beltcheva, I. K. Georgiev</i>	192
DDD - Dynamic Distributed Documents <i>M. Kummer, W. Herzner</i>	211
Authoring a Large Distributed Hypermedia System: Document Link and Embedding (DLE) Concept <i>H. Maurer, F. Kappe, N. Scherbakov</i>	230

Architectures

On the Use of Extents in Distributed Multimedia Computing Environments <i>Th. Kirste, M. Frühauf</i>	247
Interaction Objects in the MADE Multimedia Environment <i>F. C. Heeman, I. Herman, G. Reynolds</i>	264
Multiuser and Multimodal Aspects of Multimedia <i>H.-W. Gellersen, M. Mühlhäuser, O. Frick</i>	278

CSCW and Information Services

Principles of a Public Multimedia Information Service <i>M. J. Hoogeveen, F. C. I. van den Eijnden</i>	301
Supporting Cooperative Software Development through a Multimedia Environment <i>A. Marcos</i>	316
