Preface	IX
Nutritional Status: Food Intake	
Nutrition Policy in Europe – Introductory Remarks	1
Somogyi, J.C. (Zürich)	
Nutrition Policy in Europe: Design or Improvisation?	3
Lupien, J.R. (Rome)	
Nutritional Status Assessment in Perspective	9
Fidanza, F. (Perugia)	
New Methods for Measuring Adipose Tissue Distribution in Children	18
Sarría, C.A.; Ruiz, L.P.J.; Bueno, S.M. (Zaragoza)	
Macronutrient Intake in Rural Zaïre: Measurement by an Alternative Direct Weighing Method and Food Analysis	26
Mauron, J.; Barclay, D.; Blondel, A.; Cavadini, C.; Dirren, H. (Lausanne)	
Application, Validity, and Prospect of Self-Administered Food Frequency Questionnaires for Optical Reading	34
Boeing, H. (Potsdam-Rehbrücke)	
Differences of Systemic Bias of Nutrient Intake Measured by 24-Hour Recall and 7-Day Records	37
Godina-Zarfl, B.; Elmadfa, I. (Vienna)	
Validity of a Self-Administered, Semiquantitative Food Frequency Questionnaire . .	41
Porrini, M.; Gentile, M.G. (Milan); Fidanza, F. (Perugia)	
Energy Intake of Children and Adolescents Aged 1–18 Years: Nutrition Survey versus Recommendation	45
Sichert-Hellert, W.; Kersting, M.; Manz, F.; Schöch, G. (Dortmund)	

Improved Methods for Dietary Appraisal	49
Alberti-Fidanza, A. (Perugia); Porrini, M. (Milan)	
Nutrient Intake and Nutritional Status in the Third Trimenon of Pregnancy	52
Szallai, M.; Faist, V.; Veitl, V.; Wagenbichler, P.; Elmadfa, I. (Vienna)	
How Does Sample Bias Affect the Results of Nutrition Surveys – The Use of Weighting Factors.	56
Eberhardt, W. (Giessen)	

Epidemiological Studies

The Austrian Study on Nutritional Status of 6- to 18-Year-Old Pupils	62
Elmadfa, I.; Godina-Zarfl, B.; Dichtl, M.; König, J.S. (Vienna)	
Assessment of Nutritional Status in The Netherlands (Dutch Nutrition Surveillance Systems)	68
Löwik, M.R.H.; Kistemaker, C. (Zeist)	
Where Are the Gaps in Assessing the Relationship between Nutritional Status Parameters and Nutrient Intake Data?	74
Schneider, R. (Giessen)	
Optimum Plasma Levels of Antioxidant Micronutrients. Ten Years of Antioxidant Hypothesis on Arteriosclerosis	84
Gey, K.F. (Bern)	
Risk Factors in the Present-Day Diet of Children and Adolescents from a Preventive Perspective.	100
Kersting, M.; Sichert-Hellert, W.; Schöch, G. (Dortmund)	
Bioimpedance Analysis in Underweight Male Patients with Psychiatric Disorders	105
Scafì, L.; Marra, M.; Zurlo, V.; Biase, G. di; Lanzetta, C.; Caldara, A.; Contaldo, F. (Naples)	
Food Consumption in Belgium	108
Reginster-Haneuse, G.; Gosset, C. (Liège)	
Urinary Output of Collagen Cross-Links as a Growth Marker in Children	113
Branca, F.; Golden, M.H.; Robins, S.P.; Ferro-Luzzi, A. (Aberdeen)	

Assessment of Nutritional Status

Biomarkers in Nutritional Assessment	116
Hermus, R.J.J.; Verhagen, H.; Poppel, G. van (Zeist)	
B Vitamins and Immunocompetence, with Emphasis on the Elderly Population	126
Ockhuizen, Th. (Barneveld/Zeist); Mulder, J. (Leeuwarden)	
Nutritional Status and the Immune System: Fat-Soluble Vitamins and Other Nutrients.	136
Elmadfa, I.; Bartens, C.; Jakob, E.; König, J. (Vienna)	
Functional Assessment of Vitamin Nutritional Status	142
Berg, H. van den (Zeist)	
Antioxidant Vitamin Intake of the Spanish Population: The Influence of Smoking and Alcohol on the Status of Two Age Groups.	150
Moreiras, O.; Carbajal, A. (Madrid)	

Nutritional Status of Thiamin, Riboflavin, Pyridoxine, Folic Acid and Cobalamin in 7- to 18-Year-Old Austrian Pupils	157
König, J. S.; Godina-Zarfl, B.; Majchrzak, D.; Elmadfa, I. (Vienna)	
Nutritional Status of Young Athletes	163
Elmadfa, I.; Rupp, B. (Vienna)	
Nutrient Intake and Nutritional Status of Pre-Schoolchildren	166
Demitsch-Santner, I.; Veitl, V.; Elmadfa, I. (Vienna)	
Results of the First Hungarian Representative Nutrition Survey: Intake of Major Nutrients and Nutritional Status of Population in the Mid-Eighties	169
Biró, G. (Budapest)	
Assessment of Resting Energy Expenditure in Chronic Energy Deficiency	174
Scaffi, L.; Marra, M.; Zurlo, V.; Caldara, A.; Silvestri, E.; Contaldo, F. (Naples)	
 Recommendations on Nutrient Intake: Statements of a Round Table Discussion	
Recommendations on Nutrient and Energy Intake.	
Introductory Remarks	178
Elmadfa, I. (Austria)	
Should the RDA for the United States Be Revised?	180
Marriott, B.M.; Woteki, C.E.; Thomas, P.R.; Greenwood, M.R.C. (USA)	
Recommendations on Nutrient Intake in Germany	183
Wolfram, G. (Germany)	
Recommendations on Nutrient and Energy Intake in the UK	185
Durnin, J.; Whitehead, R. (UK)	
The Nordic Nutrition Recommendations.	187
Bruce, A. (Sweden)	
European Union Recommendations	190
Gibney, M.J. (Ireland)	
Subject Index	193
