

TABLE OF CONTENTS

TECHNICAL SESSION 1

Tuesday, May 7, 1991 AM

Power Systems Engineering Committee

POWER SYSTEM PROTECTION

Proposed IEEE Blue Book, Application Guide for Low Voltage Molded Case Circuit Breakers and Power Circuit Breakers

..... *K. R. Cooper, CMB Engineering Services* 1

All Amperes Are NOT Created Equal

..... *B. Bridger, Jr., Powell Electrical Mfg. Co.* 3

Application of df/dt in Power System Protection and Its Implementation in Microcontroller Based Intelligent Load Shedding Relay

..... *L. J. Shih, W. J. Lee, J. C. Gu, Y. H. Moon University of Texas at Arlington* 11

Voltage Sags in Industrial Systems

M. McGranaghan, D. Mueller, Electrotek Concepts, Inc. M. Samotyj, Electric Power Research Institute 18

TECHNICAL SESSION 2

Tuesday, May 7, 1991 PM

Power Systems Engineering Committee

POWER SYSTEM DESIGN

On the Significance of Quality Factor Selection in Harmonic Filter Design

. . . *M. Cacciari, M., Loggini, G. C. Montanari, University of Bologna, A. Marani, Elcontrol S. p. A.* 25

A Range of Directly Connected TCRs to Reduce Voltage Disturbances

M. H. Baker, N. M. MacLeod, D. J. Young, GEC Alstom Transmission & Distribution Projects Ltd. 32

Small SVCs for Industrial Applications

M. H. Baker, M. W. H. Minchin, D. J. Young, GEC Alstom Transmission & Distribution Projects Ltd. 38

For a Successful ASD Installation...Look Beyond the Electronics

..... *R. L. Nailen, Wisconsin Electric Power Co.* 43

TECHNICAL SESSION 3

Wednesday, May 8, 1991 AM

Power Systems Engineering Committee

POWER SYSTEMS ANALYSIS

Effect of DC Ripple and Commutation on the Line Harmonics of Current-Controlled AC/DC Converters
 . . . *M. Grötzbach, University of Federal Defence Munich, B. Draxler, Stadtwerke Muchen, WT-EW* 49

Comparison of Standards Limiting Harmonic Distortion in Power Systems
 *T.Key and J.S.Lai,Power Electronics Applications Center, Knoxville, Tennessee* 57

ENERGY SYSTEMS

A *k*-Step Predictive Scheme for Speed Control of Diesel Driven Power-Plants
 *S. Roy, O. P. Malik, G. S. Hope, University of Calgary* 63

TECHNICAL SESSION 4

Wednesday, May 8, 1991 PM

Power Systems Engineering Committee

POWER SYSTEMS RELIABILITY

Reliability of Operation Through Proper Specification of Rotating Machinery
 *J. E. Timperley, J. R. Michalec, American Electric Power Service, Corp.* 70

Power Quality of Small Rural Industries
 *D. O. Koval, J. J. Leonard, Z. J. Licsko, University of Alberta* 78

Conference Author Index

Baker, M. H. 32, 38
Bridger, B. 3
Cacciari, M. 25
Cooper, K. R. 1
Draxler, B. 49
Grötzbach, M. 49
Gu, J. C. 11
Hope, G. S. 63
Key, T. 57
Koval, D. O. 78
Lai, J.S. 57
Lee, W. J. 11
Leonard, J. J. 78
Licisko, Z. J. 78
Loggini, M. 25
MacLeod, N. M. 32
Malik, O. P. 63
Marani, A. 25
McGranaghan, M. 18
Michalec, J. R. 70
Minchin, M.W. H. 38
Montanari, G. C. 25
Moon, Y. H. 11
Mueller, D. 18
Nailen, R. L. 43
Roy, S. 63
Samotyj, M. 18
Shih, L. J. 11
Timperley, J. E. 70
Young, D. J. 32, 38
