Preface	VII
Biró, Gy. (Budapest): Nutrition and Cardiovascular Risk in Hungary. Introductory Lecture	1
<i>Relationship between Nutrition and Cardiovascular Diseases: Epidemiological Findings</i>	
Huttunen, J.K. (Helsinki): Dietary Lipids and Coronary Heart Disease. Epidemiological Evidence	10
Harmon, R.A. (Delmar, N.Y.): American Experience with Nutrition and Cardiovascular Risks	18
Stähelin, H.B.; Eichholzer, M.; Gey, K.F. (Basel/Berne): Nutritional Factors Correlating with Cardiovascular Disease: Results of the Basel Study	24
Barna, M. (Budapest): Risk and Prevention of Coronary Heart Disease in Childhood	36
<i>Critical Evaluation of Survey Methods</i>	
Staveren, W.A. van; Feunekes, G.I.J.; Elburg, L.; Erdelmann, F. (Wageningen): Validity of Dietary Questionnaires in Studies on Nutrition and Heart Disease	47
Fidanza, F. (Perugia): Nutrition and Cardiovascular Risk: The Biological Markers of Dietary Intake	59
Fruchart, J.C. (Lille): High-Density Lipoprotein Particles, Nutrition and Arteriosclerosis	66
<i>Nutrition-Related Biochemical Aspects of Cardiovascular Diseases</i>	
Kather, H. (Heidelberg): Molecular Biological Approaches in Atherosclerosis Research	79

Finot, P.-A. (Lausanne): Proteins and Cardiovascular Problems	83
Sandström, B.; Marckmann, P. (Frederiksberg); Jespersen, J. (Esbjerg): Fat Consumption and Factor VII Coagulant Activity	93
Burr, M.L. (Penarth): Particular Diets and Cardiovascular Risk	102
Mózsik, Gy.; Fiegler, M.; Juricskay, I.; Mezey, B.; Tóth, K. (Pécs): Oxygen Free Radicals, Lipid Metabolism, and Whole Blood and Plasma Viscosity in the Prevention and Treatment of Human Cardiovascular Diseases	111
Berger, M. (Düsseldorf): The Cholesterol Non-Consensus. Methodological Difficulties in the Interpretation of Epidemiological Studies	125

Workshop

Morava, E. (Pécs): Social, Psychic and Mental Factors Affecting Nutritional Behavior	131
--	-----

30th Anniversary of GEN

Somogyi, J.C. (Rüschlikon-Zürich): Thirty Years GEN 1961-1991	137
Widdowson, E.M. (Cambridge): Tribute to Past Founder Members of GEN	144

Subject Index	151
