

American Civilization

American Civilization is a comprehensive introduction to contemporary American life. It discusses the key institutions of American society including state and local government, geography, the legal system, social services, education and arts, sports and leisure.

The third edition has been thoroughly revised and updated to meet the needs of American Studies students today. It includes many new illustrations, coverage of the 2000 election and the inauguration of George W. Bush, and the terrorist attacks of 11 September 2001. It offers:

- Coverage of all core American Studies topics at introductory level
- Essential historical background to America at the start of the twenty-first century
- Analysis of gender, class and race and America's cosmopolitan population
- Useful and illuminating photographs, questions, terms for discussion and suggestions for websites for further research.

American Civilization is a vital introduction to the crucial and complex identities of America.

David Mauk, Senior Lecturer in English at the Norwegian University of Science and Technology, is also author of *The Colony that Rose from the Sea: Norwegian Maritime Migration and Community in Brooklyn* (Norwegian-American Historical Association; University of Illinois Press, 1997). **John Oakland** is Senior Lecturer in English at the Norwegian University of Science and Technology and the author of *British Civilization* (5th edition, Routledge, 2002) and *Contemporary Britain: A Survey with Texts* (Routledge, 2001).
