

Table of Contents

Preface	ix
----------------------	-----------

Part I. Introduction to Web Services

1. Introduction	3
Introduction to Web Services	3
Web Service Architecture	9
XML Messaging	13
Service Description: WSDL	16
Service Discovery: UDDI	18
Service Transport	18
Security Considerations	20
All Together Now	22
Standards and Coherence	24

Part II. XML-RPC

2. XML-RPC Essentials	29
XML-RPC Overview	29
Why XML-RPC?	30
XML-RPC Technical Overview	31
Developing with XML-RPC	40
Beyond Simple Calls	46

Part III. SOAP

3. SOAP Essentials	49
SOAP 101	50
The SOAP Message	52
SOAP Encoding	56
SOAP via HTTP	60
SOAP and the W3C	62
SOAP Implementations	63
4. Apache SOAP Quick Start	65
Installing Apache SOAP	65
Hello, SOAP!	68
Deploying SOAP Services	78
The TcpTunnelGui Tool	82
Web Resources	84
5. Programming Apache SOAP	85
Working with Arrays	85
Working with JavaBeans	90
Working with Literal XML Documents	100
Handling SOAP Faults	106
Maintaining Session State	112

Part IV. WSDL

6. WSDL Essentials	119
The WSDL Specification	120
Basic WSDL Example: HelloService.wsdl	122
WSDL Invocation Tools, Part I	128
Basic WSDL Example: XMethods eBay Price Watcher Service	130
WSDL Invocation Tools, Part II	133
Automatically Generating WSDL Files	135
XML Schema Data Typing	140

Part V. UDDI

7. UDDI Essentials	157
Introduction to UDDI	157
Why UDDI?	159
UDDI Technical Overview	161
UDDI Data Model	161
Searching UDDI	168
Publishing to UDDI	182
UDDI Implementations	198
Web Resources	199
8. UDDI Inquiry API: Quick Reference	200
The UDDI Inquiry API	201
9. UDDI 4J	221
Getting Started	221
Finding and Retrieving UDDI Data	222
Publishing UDDI Data	229
UDDI4J Quick Reference API	232
Glossary	273
Index	279
