

# Table of Contents

<b>1</b>	<b>Introduction</b> .....	23
1.1	Glottalization in Italian .....	23
1.1.1	A glottal stop coda for Italian? .....	24
1.1.2	Evidence of glottalization as prosodic boundary marking in Italian .....	25
1.1.3	Research questions .....	27
1.2	Overview of the present study .....	27
<b>I</b>	<b>Theoretical background</b>	
<b>2</b>	<b>Glottalization in Italian</b> .....	33
2.1	Glottalization and syllable well-formedness.....	33
2.1.1	Word-final stressed vowels.....	33
2.1.2	Syllable structure .....	35
2.1.3	An empty prosodic position for final stressed syllables? .....	36
2.1.4	Vayra (1994) – A glottal stop coda for Italian? .....	38
2.2	Challenges to Vayra (1994) .....	40
2.2.1	<i>Raddoppiamento</i> as compensatory lengthening (a historic mora for final stressed syllables).....	40
2.2.2	All stressed syllables are heavy.....	41
2.2.3	Glottalization – not just creak.....	46
2.3	Phrase-final glottalization .....	48
2.3.1	Phrase boundaries and glottalization .....	48
2.3.2	On the nature of phrase-final glottalization .....	49
2.3.3	Final lengthening and phrase-final glottalization.....	52
2.4	Glottalization and hiatus .....	54
2.5	Summary .....	56

**3 Voice quality – Classification and quantification**.....57

3.1 The production of voice quality.....57

    3.1.1 Voicelessness and glottal closure..... 58

    3.1.2 Modal voice..... 59

    3.1.3 Non-modal phonation..... 61

    3.1.4 Summary..... 67

3.2 Linguistic uses of voice quality .....68

3.3 Investigating voice quality .....71

    3.3.1 Characteristics of voice quality in the voice source ..... 71

    3.3.2 Characteristics of voice quality in the speech signal ..... 77

    3.3.3 Qualitative signal-based approaches to classifying  
glottalization ..... 90

3.4 Conclusion .....93

**II Laboratory speech study**

**4 Glottalization in Central Italian – A glottal stop  
coda or prosodic edge marking?** .....97

4.1 Introduction .....97

    4.1.1 Word-level glottalization ..... 98

    4.1.2 Phrase-level glottalization ..... 100

    4.1.3 The present study ..... 101

4.2 Methods .....102

    4.2.1 Speech materials ..... 102

    4.2.2 Speakers ..... 103

    4.2.3 Recordings..... 104

    4.2.4 Acoustic analysis ..... 105

    4.2.5 Statistical analysis..... 110

4.3 Results.....111

    4.3.1 Intended and perceived boundaries..... 112

    4.3.2 Glottalization ..... 112

    4.3.3 *Raddoppiamento sintattico*..... 119

4.4	Summary and discussion .....	126
4.4.1	Glottalization as a phrase boundary marker in Central Italian .....	127
4.4.2	Glottalization as a marker of juncture .....	129
4.5	Conclusion .....	133
<b>5</b>	<b>Glottalization in Northern Italian .....</b>	<b>135</b>
5.1	Introduction .....	135
5.1.1	The present study .....	138
5.2	Methods .....	138
5.2.1	Speech materials .....	138
5.2.2	Speakers .....	138
5.2.3	Recordings .....	139
5.2.4	Acoustic analysis .....	140
5.2.5	Statistical analysis.....	141
5.3	Results.....	141
5.3.1	Intended and perceived boundaries.....	141
5.3.2	Glottalization .....	143
5.3.3	<i>Raddoppiamento sintattico</i> .....	152
5.4	Summary and discussion .....	154
5.4.1	Glottalization as a marker of phrase boundaries in Northern Italian .....	157
5.4.2	Phrase edges and prominence .....	158
5.5	Conclusion .....	160
<b>6</b>	<b>Regional and individual variation in glottalization.....</b>	<b>161</b>
6.1	Introduction .....	161
6.1.1	An overview of tree-based methods for classification .....	162
6.1.2	The present study .....	169
6.2	Methods.....	169
6.2.1	Data set .....	169

6.2.2 Statistical analysis.....	170
6.3 Results.....	171
6.3.1 Conditional inference tree.....	171
6.3.2 Random forest.....	175
6.4 Discussion .....	176
6.4.1 Predicting glottalization in Italian – boundary strength first .....	176
6.4.2 Individual and regional influences on glottalization .....	177
6.5 Conclusion .....	179

### **III Acoustic characteristics of glottalization in Italian**

<b>7 Acoustic correlates of glottalization – A qualitative approach .....</b>	<b>183</b>
7.1 Introduction .....	183
7.1.1 Investigating glottalization.....	183
7.1.2 Characteristics of glottalization in Italian .....	185
7.1.3 The present study .....	186
7.2 Methods.....	187
7.2.1 Speech materials .....	187
7.2.2 Annotation and analysis .....	188
7.3 Results.....	192
7.3.1 Rates of glottalization and breathiness .....	193
7.3.2 Acoustic correlates of glottalization.....	194
7.3.3 Glottal stop distribution and duration .....	200
7.3.4 Duration of glottalization.....	203
7.4 Summary and discussion .....	205
7.4.1 Preferred acoustic correlates of glottalization in Italian .....	205
7.4.2 Speaker variation in the realization of glottalization.....	207
7.4.3 Glottal stops.....	208
7.4.4 The domain of phrase-final glottalization .....	211

7.5 Conclusion .....	214
<b>8 Acoustic correlates of glottalization – A quantitative approach .....</b>	<b>217</b>
8.1 Introduction .....	217
8.1.1 Quantifying glottalization.....	217
8.1.2 Acoustic measures of glottalization in Italian.....	221
8.1.3 The present study .....	222
8.2 Methods .....	222
8.2.1 Speech materials .....	222
8.2.2 Acoustic analysis .....	223
8.2.3 Statistical analysis.....	225
8.3 Results.....	226
8.3.1 H1*-H2* .....	227
8.3.2 H1*-A3*.....	229
8.3.3 CPP .....	231
8.3.4 HNR .....	233
8.4 Summary and discussion .....	235
8.4.1 Acoustic measures of phrase-final glottalization in Italian .....	235
8.4.2 Effects of vowel quality and gender .....	239
8.4.3 Acoustic correlates of stress .....	241
8.5 Conclusion .....	243
<b>9 Conclusion .....</b>	<b>245</b>
9.1 Summary of results and general discussion .....	245
9.1.1 Glottal stop coda or boundary marking? .....	246
9.1.2 Regional variation?.....	249
9.1.3 What is the nature of glottalization? .....	250
9.2 Conclusion .....	255

<b>A</b>	<b>Stimuli</b> .....	257
<b>B</b>	<b>Raw data counts – Production study</b> .....	259
<b>C</b>	<b>Statistical models and pairwise comparisons – Acoustic measures (Chapter 8)</b> .....	261
	C.1 H1*-H2* .....	261
	C.2 H1*-A3* .....	262
	C.3 CPP .....	263
	C.4 HNR .....	264
	<b>References</b> .....	265
	<b>Index</b> .....	281
