|--|-----------|
| Preface..... | vii |
| Contributors | viii |
| 1. Temporal Bone Dissection Laboratory..... | 1 |
| 1.1 Surgical Instruments | 1 |
| 1.2 General Guidelines for Drilling..... | 1 |
| 1.3 Suction Irrigation..... | 1 |
| 2. Anatomy of the Temporal Bone | 3 |
| 2.1 Squamous Bone | 5 |
| 2.2 Tympanic Bone | 5 |
| 2.3 Mastoid Process | 5 |
| 2.4 Petrous Bone | 6 |
| 2.5 The Middle Ear..... | 6 |
| 2.5.1 The Tympanic Membrane | 6 |
| 2.5.2 The Ossicular Chain..... | 8 |
| 2.5.3 The Tympanic Cavity..... | 10 |
| 2.6 Internal Auditory Canal..... | 13 |
| 2.6.1 The Carotid Artery..... | 14 |
| 2.6.2 The Sigmoid Sinus and Jugular Bulb..... | 14 |
| 2.7 The Intratemporal Facial Nerve..... | 14 |
| 2.7.1 Labyrinthine Segment | 14 |
| 2.7.2 Tympanic Segment | 15 |
| 2.7.3 Mastoid Segment..... | 17 |
| 2.8 Endoscopic Surgical Anatomy | 22 |
| 3. Transmastoid Approaches | 26 |
| 3.1 Closed Tympanoplasty..... | 26 |
| 3.1.1 Indications..... | 26 |
| 3.1.2 Surgical Steps | 26 |
| 3.1.3 Hints and Pitfalls | 27 |
| 3.2 Open Tympanoplasty | 33 |
| 3.2.1 Indications..... | 33 |
| 3.2.2 Surgical Steps | 33 |
| 3.2.3 Hints and Pitfalls | 34 |
| 3.3 Modified Bondy's Technique | 41 |
| 3.3.1 Indications..... | 41 |
| 3.3.2 Surgical Steps | 41 |
| 3.3.3 Hints and Pitfalls | 42 |
| 3.4 Radical Mastoidectomy..... | 48 |
| 3.5 Subtotal Petrosectomy | 49 |
| 3.5.1 Indications..... | 49 |
| 4. Translabyrinthine Approaches..... | 69 |
| 4.1 Basic Translabyrinthine Approach | 69 |
| 4.1.1 Indications..... | 69 |
| 4.1.2 Surgical Steps | 69 |
| 4.1.3 Hints and Pitfalls | 70 |
| 4.2 Management of High Jugular Bulb..... | 85 |
| 4.2.1 Surgical Steps | 85 |
| 4.3 The Enlarged Translabyrinthine Approach with Transapical Extension Types (I and II) | 88 |
| 4.3.1 Rationale | 88 |
| 4.3.2 Indications..... | 88 |
| 4.3.3 Surgical Steps | 88 |
| 4.3.4 Hints and Pitfalls | 88 |

| | |
|---|------------|
| 5. Facial Nerve Decompression | 93 |
| 5.1 Transmastoid Facial Nerve Decompression | 93 |
| 5.1.1 Indications..... | 93 |
| 5.1.2 Surgical Technique | 93 |
| 5.2 Translabyrinthine Facial Nerve Decompression .. | 97 |
| 6. Middle Cranial Fossa Approaches | 98 |
| 6.1 Enlarged Middle Cranial Fossa Approach | 98 |
| 6.1.1 Indications..... | 98 |
| 6.1.2 Surgical Steps | 98 |
| 6.1.3 Hints and Pitfalls | 99 |
| 6.2 Middle Cranial Fossa Approach for Tumors of the Labyrinthine Segment of the Facial Nerve | 109 |
| 6.2.1 Surgical Steps | 109 |
| 6.2.2 Hints and Pitfalls | 109 |
| 6.3 Combined Middle Cranial Fossa Transpetrous Approach..... | 112 |
| 6.3.1 Indications..... | 112 |
| 6.3.2 Surgical Steps | 112 |
| 6.3.3 Hints and Pitfalls | 113 |
| 6.4 Combined Transmastoid Middle Cranial Fossa Approach..... | 120 |
| 6.4.1 Indications..... | 120 |
| 6.4.2 Surgical Steps | 120 |
| 6.4.3 Hints and Pitfalls | 120 |
| 7. Retrosigmoid–Retrolabyrinthine Approach | 124 |
| 7.1 Indications..... | 124 |
| 7.2 Surgical Steps..... | 124 |
| 8. Transotic Approach..... | 132 |
| 8.1 Indications..... | 132 |
| 8.2 Surgical Steps..... | 132 |
| 9. Modified Transcochlear Approach (Type A)..... | 142 |
| 9.1 Indications..... | 142 |
| 9.2 Surgical Steps..... | 142 |
| 10. Infratemporal Fossa Approaches | 155 |
| 10.1 Infratemporal Fossa Approach Type A | 155 |
| 10.1.1 Indications..... | 155 |
| 10.1.2 Surgical Anatomy..... | 155 |
| 10.1.3 Surgical Steps | 157 |
| 10.1.4 Transcondylar-Transtubercular Extension of the Infratemporal Fossa Type A Approach..... | 162 |
| 10.2 Infratemporal Fossa Approach Type B | 179 |
| 10.2.1 Indications..... | 179 |
| 10.2.2 Surgical Steps | 179 |
| 10.2.3 Hints and Pitfalls | 180 |
| Bibliography..... | 188 |
| Index..... | 191 |
