

# **CONTENTS**

Preface	vii
Acknowledgements	ix
Abbreviations and Acronyms	x
1. Introduction	1
1.1. Overview	1
1.2. The Origin and Global Expansion of Education	3
2. International Comparisons of School Enrollment and Educational Attainment, 1870–2010	11
2.1. School Enrollment Trends from 1820 to 2010	13
2.2. Determinants of School Enrollments	23
2.3. Estimating Educational Attainment, 1950–2010	36
2.4. Estimating Historical Educational Attainment, 1870–1945	52
2.5. Trends in Educational Attainment	55
2.6. Gender Disparity in Educational Attainment	68
2.7. Comparison with Other Data Sets	75
3. Projection of Educational Attainment for 2015–2040	87
3.1. Projection Methods	89
3.2. Population Projections	91
3.3. Projections of Enrollment Ratios	99
3.4. Educational Attainment by Education Level and Gender, 2010–2040	105
3.5. Comparisons with Existing Projections	116
4. Educational Attainment and Economic and Political Developments, 1960–2010	123
4.1. Theories of Human Capital and Economic Growth	124
4.2. Human Capital and Cross-Country Income Differences	126
4.3. Growth Accounting	134
4.4. Cross-Country Growth Regressions	144
4.5. Relationships between Education and Fertility	152
4.6. Relationships between Education and Political Development	158
5. Historical Evidence on the Effects of Education on Growth, Fertility, and Democracy, 1870–2010	167
5.1. Long-Term Historical Data Set	167
5.2. Global Trends in Economic, Demographic, and Political Developments	169

5.3. Regressions for Growth Rates of per-Worker GDP	179
5.4. Regressions for Fertility	181
5.5. Regressions for Democracy	184
6. Educational Attainment—Quantity and Quality of Schooling	188
6.1. International Data on Student Outcomes	189
6.2. Determinants of Educational Quality	212
6.3. Measures of Adult Skills	225
6.4. Relations between Educational Attainment and Educational Quality	227
6.5. Educational Quality, Human Capital, and Economic Growth	237
7. Conclusions	252
Notes	257
Bibliography	265
Index	275
