

# CONTENTS

Preface xiii

Acknowledgments xvii

<b>Part I</b>	<b>Sedentary Behavior Concepts and Context</b>	<b>1</b>
<b>Chapter 1</b>	<b>Emergence of Research on Sedentary Behavior and Health . . .</b>	<b>3</b>
	<i>Neville Owen</i>	
	Contemporary Sedentary Behavior Research and Concepts . . . . .	5
	Sedentary Behavior and Health . . . . .	7
	Sedentary Research Agenda . . . . .	7
	Sedentary Behavior Research Priorities . . . . .	10
	Summary . . . . .	11
<b>Chapter 2</b>	<b>Gravity, Sitting, and Health . . . . .</b>	<b>13</b>
	<i>Joan Vernikos</i>	
	Gravity and Spaceflight . . . . .	14
	Head-Down Bed Rest Studies . . . . .	15
	Gravity Deprivation Syndrome. . . . .	18
	Health Consequences of Prolonged Sitting and Gravity . . . . .	20
	Perceiving Gravity . . . . .	24
	Gravity Intervention Design and Implementation . . . . .	26
	Summary . . . . .	28
<b>Chapter 3</b>	<b>Physiological Effects of Reducing and Breaking Up Sitting Time . . . . .</b>	<b>31</b>
	<i>David W. Dunstan, Bethany J. Howard, Audrey Bergouignan, Bronwyn A. Kingwell, and Neville Owen</i>	
	Methodological Considerations for Studies of Sedentary Behavior . . . . .	34
	Metabolic Effects of Reduced Sitting and the Postprandial State . . . . .	36
	Cardiometabolic Effects Following Exposure to Reduced Sitting . . . . .	39
	Cardiometabolic Effects of Repeated-Day Exposure to Reduced Sitting . . . . .	40
	Public Health and Clinical Guidelines . . . . .	41
	Summary . . . . .	42

<b>Chapter 4</b>	<b>Rethinking the Chair and Sitting</b>	<b>45</b>
	<i>Galen Cranz</i>	
	History of the Chair	46
	Problems With Sitting in Chairs	46
	Chair Designers' Responses	47
	Postural Education	51
	Summary	52
<b>Chapter 5</b>	<b>Children and Screen Time</b>	<b>55</b>
	<i>Jorge A. Banda and Thomas N. Robinson</i>	
	Screen Time Exposure	56
	Mobile Devices and Screen Time Changes	60
	Parental Rules and the Home Environment	60
	Screen Time and Body Weight	62
	Screen Time and Cardiometabolic Risk Factors	63
	Screen Time, Physical Activity, and Cardiorespiratory Fitness	64
	Screen Time and Dietary Habits	64
	Experimental Studies of Reducing Screen Time	67
	Summary	68
<b>Chapter 6</b>	<b>Regulated Sedentary Behavior in Occupations</b>	<b>71</b>
	<i>Kenneth A. Glover and Weimo Zhu</i>	
	Economic Sectors	72
	Economics of Inactivity	74
	Worksite Health Promotion	74
	Regulation and Innovation	75
	Choice Environment and Architecture	77
	Summary	78
<b>Part II Sedentary Behavior and Health</b>		<b>81</b>
<b>Chapter 7</b>	<b>Sedentary Behavior and Obesity</b>	<b>83</b>
	<i>Michael L. Power</i>	
	Role of Fat	84
	Adipose Tissue and Endocrine Function	85
	Mismatch Paradigm	87
	Obesity and Inflammation	88
	Central Versus Peripheral Obesity	88
	Sex Differences in Fat Storage and Mobilization	89
	Vitamin D, Adipose Tissue, and Sedentary Behavior	92
	Obesity Prevalence	93
	Summary	94

<b>Chapter 8 Sedentary Behavior and Incident Diabetes . . . . .</b>	<b>97</b>
<i>Carl J. Caspersen and G. Darlene Thomas</i>	
Diabetes and Its Public Health Burden. . . . .	98
Key Risk Factors . . . . .	99
Sedentary Behavior as Distinct From Physical Activity . . . . .	99
Epidemiological Diabetes Research . . . . .	99
Research Limitations . . . . .	106
Six Criteria for Assessing if a Causal Inference Exists for Sedentary Behavior and Diabetes . . . . .	107
Summary . . . . .	109
<b>Chapter 9 Sedentary Behavior and Cardiovascular Disease . . . . .</b>	<b>113</b>
<i>Edward Archer, Enrique G. Artero, and Steven N. Blair</i>	
Cardiovascular Diseases . . . . .	114
Occupational Physical Activity and CVD . . . . .	118
Physical Activity and CVD. . . . .	120
Summary . . . . .	123
<b>Chapter 10 Sedentary Behavior and Cancer . . . . .</b>	<b>125</b>
<i>Brigid M. Lynch and Christine M. Friedenreich</i>	
Cancer Epidemiology . . . . .	126
Key Risk Factors . . . . .	126
Sedentary Behavior and Cancer Research . . . . .	127
Sedentary Behavior and Cancer Survivorship . . . . .	131
Proposed Biological Mechanisms . . . . .	134
Summary . . . . .	137
<b>Chapter 11 Sedentary Behavior and Lower Back Pain . . . . .</b>	<b>139</b>
<i>Marco S. Boscolo and Weimo Zhu</i>	
Lower Back Pain and Its Effects . . . . .	140
Spine Anatomy. . . . .	141
Spine Stability . . . . .	141
Known Risk Factors of Lower Back Pain. . . . .	142
Relationship Between Lower Back Pain and Sedentary Behavior. . . . .	143
Prevention of Lower Back Pain. . . . .	146
Summary . . . . .	148
<b>Chapter 12 Sedentary Behavior and Psychological Well-Being . . . . .</b>	<b>151</b>
<i>Stuart J.H. Biddle and Stephan Bandelow</i>	
Sedentary Behavior and Depression . . . . .	153
Sedentary Behavior and Cognitive Functioning . . . . .	155
Sedentary Behavior and Health-Related Quality of Life . . . . .	159
Summary . . . . .	161

---

**Part III Measuring and Analyzing Sedentary Behavior 163**

---

**Chapter 13 Assessing Sedentary Behavior Using Questionnaires . . . . . 165**
*Barbara E. Ainsworth, Alberto Flórez Pregonero, and Fabien Rivière*

Key Components of Questionnaires . . . . .	166
Measurement Principles of Questionnaires . . . . .	169
Practical Guidelines . . . . .	170
Summary . . . . .	173

**Chapter 14 Assessing Sedentary Behavior Using Motion Sensors . . . . . 175**
*Kong Y. Chen and Richard P. Troiano*

Key Components of Motion Sensors . . . . .	176
Measurement Principles of Motion Transducers . . . . .	176
Accelerometers. . . . .	179
Practical Guidelines . . . . .	183
Potential of Raw Accelerometer Data. . . . .	184
Summary . . . . .	185

**Chapter 15 Assessing Sedentary Behavior Using Physiological Sensors . . . 189**
*David R. Bassett and Dinesh John*

Key Components of Physiological Sensors . . . . .	190
Measurement Principles of Physiological Sensors . . . . .	191
Practical Guidelines . . . . .	195
Summary . . . . .	195

**Chapter 16 Assessing Sedentary Behavior Using New Technology. . . . . 197**
*Dinesh John and Stephen Intille*

Existing Technology for Measuring Sedentary Behavior . . . . .	198
Sedentary Behavior Measurement Goals. . . . .	199
Improvements and Emerging Technology for Measuring Sedentary Behavior . . . . .	203
Data Collection, Storage, and Open Source Processing . . . . .	205
Summary . . . . .	207

**Chapter 17 Critical Measurement and Research Issues  
in Analyzing Sedentary Behavior . . . . . 209**
*Weimo Zhu*

Sedentary Behavior Data Characteristics. . . . .	210
Challenges and Solutions in the Analysis of Sedentary Behavior Data . . . . .	213
Summary . . . . .	216

<b>Part IV</b>	<b>Sedentary Behavior and Subpopulations</b>	<b>219</b>
<b>Chapter 18</b>	<b>Sedentary Behavior in Children . . . . .</b>	<b>.221</b>
	<i>Gregory J. Welk and Youngwon Kim</i>	
	Measures of Sedentary Behavior in Youth . . . . .	223
	Health Effects of Sedentary Behavior in Youth . . . . .	226
	Surveillance of Sedentary Behavior in Youth . . . . .	228
	Correlates of Youth Sedentary Behavior . . . . .	232
	Intervention Approaches for Sedentary Behavior in Youth . . . . .	233
	Summary . . . . .	234
<b>Chapter 19</b>	<b>Occupational Sedentary Behavior in Adults . . . . .</b>	<b>.237</b>
	<i>Wendy J. Brown</i>	
	The Changing Nature of Work . . . . .	238
	At-Risk Occupational Groups . . . . .	238
	Patterns of Occupational Sitting . . . . .	239
	Health Effects of Occupational Sitting . . . . .	242
	Occupational Sitting and Weight Gain . . . . .	243
	Occupational Sitting and Other Health Risk Outcomes . . . . .	244
	Changing Sitting at Work to Improve Health Outcomes . . . . .	245
	Summary . . . . .	246
<b>Chapter 20</b>	<b>Sedentary Behavior of Older Adults . . . . .</b>	<b>.249</b>
	<i>Jorge A. Banda, Sandra J. Winter, and Abby C. King</i>	
	Measuring Sedentary Behavior in Older Adults . . . . .	250
	Health and Functional Outcomes of Sedentary Behavior . . . . .	252
	Putative Drivers of Sedentary Behavior . . . . .	254
	Possible Contexts of Sedentary Behavior . . . . .	256
	Interventions Aimed at Reducing Sedentary Behavior . . . . .	258
	Summary . . . . .	260
<b>Chapter 21</b>	<b>Sedentary Behavior in Racial/Ethnic Minority Groups . . . . .</b>	<b>263</b>
	<i>Melicia C. Whitt-Glover and Tyrone G. Ceaser</i>	
	Statistics . . . . .	264
	Correlates of Sedentary Behavior . . . . .	265
	Interventions for Reducing Sedentary Behavior in Racial/Ethnic Minorities . . . . .	269
	Summary . . . . .	270

<b>Part V</b>	<b>Changing Sedentary Behavior</b>	<b>273</b>
<b>Chapter 22</b>	<b>Psychological and Behavior-Based Interventions . . . . .</b>	<b>.275</b>
	<i>Kevin O. Moran and John P. Elder</i>	
	Theories of Reasoned Action and Planned Behavior . . . . .	276
	Social Cognitive Theory . . . . .	277
	Health Belief Model . . . . .	278
	Transtheoretical Model . . . . .	278
	Positivistic Models . . . . .	279
	Socioecological Models . . . . .	281
	Summary . . . . .	282
<b>Chapter 23</b>	<b>Environment and Policy Interventions . . . . .</b>	<b>285</b>
	<i>Jordan A. Carlson and James F. Sallis</i>	
	Comprehensive Multilevel Approaches . . . . .	286
	Evaluating Environment and Policy Interventions . . . . .	287
	Integrating Environment and Policy Interventions With Other Approaches . . . . .	293
	Practical Guidelines . . . . .	293
	Next Steps for Research . . . . .	294
	Summary . . . . .	294
<b>Chapter 24</b>	<b>Sedentary Behavior and Worksite Interventions . . . . .</b>	<b>.297</b>
	<i>Nicolaas P. Pronk</i>	
	Characteristics of Worksite Interventions . . . . .	299
	Applications of Worksite Interventions . . . . .	300
	Practical Approaches. . . . .	303
	Summary . . . . .	304
<b>Chapter 25</b>	<b>Community-Based Interventions . . . . .</b>	<b>.307</b>
	<i>Adrian Bauman and Josephine Y. Chau</i>	
	Framework for Assessing Sedentary Behavior–Reducing Interventions . . . . .	308
	Evaluating Community-Based Interventions. . . . .	309
	Practical Guidelines . . . . .	315
	Summary . . . . .	319

<b>Chapter 26 Ergonomics of Redesigning Sitting . . . . .</b>	<b>.321</b>
<i>John B. Shea and Kelly J. Baute</i>	
Characteristics and Influence of Chair Designs and Positional Behaviors . . . . .	323
Applications of Sitting Redesign . . . . .	324
Practical Guidelines . . . . .	327
Summary . . . . .	329
<b>Chapter 27 Emerging Communication Systems to Curb Physical Inactivity . . . . .</b>	<b>333</b>
<i>Dolores Albarracin, Q. Vera Liao, Jessica Yi, and ChengXiang Zhai</i>	
Determinants of Exposure and Attitude . . . . .	334
Determinants of Attitude and Behavior Change . . . . .	337
Information Systems . . . . .	339
Summary . . . . .	348
<b>Epilogue: Where to Go From Here? . . . . .</b>	<b>.351</b>
<i>Weimo Zhu and Neville Owen</i>
