

# CONTENTS

Introduction 1

## **Part One: Newcomb's Problem**

1. Counterfactuals and Newcomb's Problem 11
2. Newcomb's Problem: A Stalemate 35
3. Newcomb's Problem Revisited 46

## **Part Two: The Monty Hall Problem**

4. Let's Make a Deal 63

## **Part Three: The Two Envelope Paradox**

5. The Two-Envelope Paradox, Nonstandard Expected Utility, and the Intensionality of Probability 77
6. The Two-Envelope Paradox and the Foundations of Rational Decision Theory (Abridged) 104

## **Part Four: The Sorites Paradox**

7. Robust Vagueness and the Forced-March Sorites Paradox 119
8. Transvaluationism: A Dionysian Approach to Vagueness 151
9. Transvaluationism about Vagueness: A Progress Report 179

## **Part Five: The Sleeping Beauty Problem**

10. Sleeping Beauty Awakened: New Odds at the Dawn of the New Day 209
11. Synchronic Bayesian Updating and the Sleeping Beauty Problem: Reply to Pust 220
12. The Exchange Continued: Response to Pust's Response to My Reply 226
13. Generalized Conditionalization and the Sleeping Beauty Problem, II 247

## **Part Six: Epistemic Probability**

14. Epistemic Probability 281
