SECTION 1

Introduction

1 Development of the concept 3

Eric Taylor

2 ADHD in the twenty-first century: Biology, context, policy, and the need for integrative perspective 9

Stephen P. Hinshaw and Richard M. Scheffler

SECTION 2

Aetiology and pathophysiology

3 ADHD genetics 19

Kate Langley

4 Conceptualizing and investigating the role of the environment in ADHD: Correlate, cause, consequence, context, and treatment 25

Edmund Sonuga-Barke and Gordon Harold

5 Gene–environment interactions 35

Barbara Franke and Jan K. Buitelaar

6 Brain volumes and intrinsic brain connectivity in ADHD 57

Kerstin Konrad, Adriana Di Martino, and Yuta Aoki

7 ADHD brain function 64

Katya Rubia

8 Insights from neuroanatomical imaging into ADHD throughout the lifespan 73

Philip Shaw and Eszter Szekely

9 Neurophysiology 82

Daniel Brandeis, Sandra K. Loo, Grainne McLoughlin, Hartmut Heinrich, and Tobias Banaschewski

10 Cognitive functioning in ADHD: Inhibition, memory, temporal discounting, decision-making, timing and reaction time variability 94

David Coghill, Maggie Toplak, Sinead Rhodes, and Nicoletta Adamo

11 Emotional dysregulation and ADHD 103

Celine Ryckaert, Jonna Kuntsi, and Philip Asherson

12 Neuropsychological functioning and ADHD: A developmental perspective 118

Sarah O'Neill, Jeffrey M. Halperin, and David Coghill

SECTION 3

Epidemiology

13 Epidemiology 131

Guilherme V. Polanczyk

SECTION 4

Clinical presentation

14 Current diagnostic criteria: DSM, ICD, and future perspectives 139

Luis Augusto Rohde, Christian Kieling, and Giovanni Abrahão Salum

15 Sluggish cognitive tempo 147

Stephen P. Becker and Russell A. Barkley

16 Sex differences in ADHD 154

Corina U. Greven, Jennifer S. Richards, and Jan K. Buitelaar

17 Quality of life and impairment in ADHD 161

Melissa Mulraney and David Coghill

18 Adult ADHD and employment 170

Marios Adamou

19 Adult ADHD: Clinical presentation and assessment 178

Philip Asherson, Josep Antoni Ramos-Quiroga, and Susan Young

SECTION 5**Comorbidity**

- 20 Conduct disorder in ADHD** 193
Anita Thapar and Stephanie van Goozen
- 21 Irritability, disruptive mood, and ADHD** 200
Melissa Mulraney, Argyris Stringaris, and Eric Taylor
- 22 Comorbidity: Depression and anxiety** 206
Cristal Oxley and Argyris Stringaris
- 23 ADHD and substance misuse** 215
Timothy Wilens, Nicholas Carrellas, and Joseph Biederman
- 24 Autism spectrum disorder** 227
Sven Bölte, Luise Poustka, and Hilde M. Geurts
- 25 Intellectual impairment and neurogenetic disorders** 235
Emily Simonoff
- 26 Influence of tics and/or obsessive-compulsive behaviour on the phenomenology of coexisting ADHD** 247
Aribert Rothenberger, Andreas Becker, Lillian Geza Brüni, and Veit Roessner
- 27 Developmental coordination disorder** 254
Christopher Gillberg, Elisabeth Fernell, I. Carina Gillberg, and Björn Kadesjö
- 28 ADHD and communication disorders** 261
Rosemary Tannock
- 29 ADHD and reading disorder** 273
Erik G. Willcutt
- 30 ADHD and sleep** 280
Melissa Mulraney, Emma Sciberras, and Michel Lecendreau
- 31 The relationship of ADHD to obesity and allergy** 289
Samuele Cortese and Marcel Romanos

SECTION 6**Clinical assessment**

- 32 Children and adolescents: Assessment in everyday clinical practice** 297
Marina Danckaerts and David Coghill
- 33 ADHD in adults: Assessment issues** 307
Sandra Kooij, Philip Asherson, and Michael Rösler

SECTION 7**Interventions**

- 34 Long-term outcomes in the Multimodal Treatment study of Children with ADHD (the MTA): From beginning to end** 315
James M. Swanson, L. Eugene Arnold, Peter S. Jensen, Stephen P. Hinshaw, Lily T. Hechtman, William E. Pelham, Laurence L. Greenhill, C. Keith Conners, Helena C. Kraemer, Timothy Wigal, Benedetto Vitiello, Glen R. Elliott, Howard B. Abikoff, Betsy Hoza, Jeffrey H. Newcorn, Karen Wells, Marc Lerner, Brooke S. G. Molina, Jeffery N. Epstein, Elizabeth B. Owens, James Waxmonsky, Desiree W. Murray, Margaret H. Sibley, John T. Mitchell, Arunima Roy, Annamaire Stehli for the MTA Cooperative Group
- 35 Behavioural interventions for preschool ADHD** 333
David Daley and Saskia Van der Oord
- 36 Cognitive-behavioural treatment in childhood and adolescence** 340
Manfred Döpfner and Saskia van der Oord
- 37 Behavioural therapy in adolescents and adults** 348
Alexandra Philomena Lam and Alexandra Philipson
- 38 Cognitive training approaches for ADHD: Can they be made more effective?** 358
Edmund Sonuga-Barke and Samuele Cortese
- 39 Neurofeedback** 366
Martin Holtmann, Björn Albrecht, and Daniel Brandeis
- 40 Nutritional intervention for ADHD** 373
Jan K. Buitelaar, Nanda Rommelse, Verena Ly, and Julia J. Rucklidge
- 41 ADHD treatment: Psychostimulants** 379
Alessandro Zuddas, Tobias Banaschewski, David Coghill, and Mark A. Stein
- 42 Non-stimulants in the treatment of ADHD** 393
Ralf W. Dittmann, Alexander Häge, Juan D. Pedraza, and Jeffrey H. Newcorn
- 43 ADHD and transitions to adult mental health services** 402
Chris Hollis
- 44 ADHD and school** 408
Christine Merrell and Kapil Sayal

SECTION 8

Clinical management

45 Organizing and delivering treatment for ADHD 417

David Coghill and Marina Danckaerts

46 Treatment in adult ADHD 426

Philip Asherson and Josep Antoni Ramos-Quiroga

47 The next steps: Future clinical and research developments in ADHD 437

David Coghill, Alessandro Zuddas, Luis Augusto Rohde, and Tobias Banaschewski
