

TABLE OF CONTENTS

	Page
INTRODUCTION	7
A. NEW TECHNOLOGIES AND MATURE INDUSTRIES	7
I. Mature industries: definition and characteristics	7
1. Definition	7
2. Main characteristics	8
3. Economic and social importance	9
II. Technological innovations	10
1. New technologies	10
2. Industrial innovations	11
III. New technologies in industry: A matter of international attention	11
B. HIGHLIGHTS OF THE CASE STUDIES	13
I. Main features of the industries	13
II. The nature of new process technology	14
III. Factors in the diffusion of new technologies	18
IV. Interaction between technological innovations	21
1. Product innovation	21
2. Managerial innovation	22
V. Impact on labour and capital	24
C. POLICY ISSUES	27
