PART I

Studies in the British War Economy	1
I. Rationing of Consumption	3
A Scheme of Curtailment of Consumption	3
General Rationing	7
Notes on General Rationing	13
Towards Comprehensive Rationing	16
Inflation, Wages, and Rationing	20
Differential Rationing	25
Some Problems of Non-Food Rationing	29
Rationing and Price Control	33
II. War Financing and Economic Equilibrium	38
Wage Bill and Cash Circulation	38
Wage Bill and Cash Circulation: A Supplement	45
War Finance in the First Half of 1940	49
The 'Mysteries' of the Money Market	64
The Third Quarter	68
Notes on Finance	73
The Financial Position on the Eve of the Budget	76
The Budget and Inflation	81
What is Inflation?	83
The Share of Wages in the National Income	89

Wartime Changes in Employment and the Wage Bill	91
Changes in Stocks of Commodities, 1940	96
Recent Trends in the Financial Situation	100
The Burden of the War on Wages and Other Incomes	105
Excess Profits Tax and Government Contracts	107
Employment, Wage Bill, and Cash Circulation	111
The Problem of Profit Margins	116
The Budget	120
Wages and the National Income, 1940 and 1941	124
War Finance, 1940 and 1941	128
The Financial Situation in the First Half of 1942	134
The Fall in 'Small' Savings	141
Sources of Manpower in the British War Sector	146
The Wartime Trend of Deposits	159
The Burden of the National Debt	163
The Budget, 1943	168
Profits, Salaries, and Wages	171
War Finance, 1940, 1941, and 1942	177
Sources of Manpower in the British War Sector, 1941 and 1942	185
The Financial Situation in the First Half of 1943	192
The Problem of 'Small' Savings	199
The Budget: A Stabilization Policy	205
The White Paper on the National Income and Expenditure in the Years 1938–1943	209
III. Post-War Reconstruction	219
Economic Implications of the Beveridge Plan	219
International Clearing and Long-Term Lending (<i>with E. F. Schumacher</i>)	226
Excess Profits Tax and Post-War Re-Equipment	233
The White Paper on Employment Policy	238
Employment in the UK during and after the Transition Period	245

PART 2

The Post-War American Economy	273
Determinants of the Increase in the Cost of Living in the USA	275
The Economic Situation in the USA as Compared with the Pre-war Period	279
The Fascism of Our Times	287
Vietnam and the US Big Business	292

PART 3

On Political Economy and Economists	299
Econometric Model and Historical Materialism	301
Why Economics is Not an Exact Science?	308
Review of <i>Grundgedanken zu einer Theorie der stoerungsfreien Geldschoepfung</i> by F. von Havas	312
Review of <i>Die Aufgaben des Geldes</i> by E. Lukas	314
Review of <i>An International Statistical Comparison of Production and Income</i> by L. Landau	316
Review of <i>Économique Rationelle</i> by G. and E. Guillaume	319
The Work of Erwin Rothbarth	322
Ludwik Landau—Economist and Statistician	325
The Work of Oscar Lange, 1904–1965	330
On Paul Baran's <i>Political Economy of Growth</i>	332
Joan Robinson	334
The Economics of Edward Lipiński (<i>with T. Kowalik and K. Secomski</i>)	335

PART 4

Miscellanea	375
I. Notes and Papers for Hilary Minc	377
Comparison of Changes in Energy Consumption in the Polish Five-Year Plan, 1956–1960, and in West Germany, 1950–1954	377
Expansion of Trade with India	378
The Trade Mission to Burma	379

The Place of Poland in Europe in Industrial and Agricultural Production	380
Clearing of Stocks	381
The Problem of Allocating the Surplus in the Financial Plan for 1956	384
Notes on Planned Output of Cotton Textiles, 1956	386
The Investment Plan and Inventories of Machines	387
Notes on Mao Zedong's Report	390
II. Reinforced-Concrete Constructions	393
Reinforced-Concrete Two-Slab Ceiling	393
The Use of Reinforced-Concrete Construction in Poland	395
Calculation of Ribbed Ceilings of a Certain Type in the Installation of Mounted Slab	397
The Wall as a Construction Element of Reinforced-Concrete Skeletons	404
III. Mathematical Papers	409
On the Gibrat Distribution	409
Mechanistic Model of a Random Phenomenon	420
On Certain Sums Extended over Prime Numbers or Prime Factors	436
A Theorem on Sums of the Type $\sum \delta\left(\frac{N}{r}\right)$ and its Application	445
On Sums of Prime Numbers of a Certain Type	452
A Generalization of Bertrand's Lemma	460
A Simple Elementary Proof of $M(x) = \sum_{n \leq x} \mu(n) = o(x)$	462
On the Sum $\sum_{n \leq x} \left\{ f\left(\frac{x}{n}\right) \right\}$	469
A Short Elementary Proof of the Prime Number Theorem	471
On an Inequality in the General Additive Theory of Numbers	476
EDITORIAL NOTES AND ANNEXES	479
Annexe 1. The Technique of Rationing: To the Editor of <i>The Banker</i>	490
Annexe 2. Rejoinder (by Brian Reddaway)	491

CONTENTS

ix

Annexe 3. Rationing of Expenditure	493
Annexe 4. The Problem of the Black Market	506
Annexe 5. On Mathematical Papers of Michał Kalecki (<i>by Jan Oderfeld and Andrzej Schinzel</i>)	548
Annexe 6. On Michał Kalecki's Work for the United Nations (<i>by Jerzy Osiatyński</i>)	552
Annexe 7. Introductory Remarks on Inflationary and Deflationary Processes	575
Main Dates and Facts in Kalecki's Life	586
Bibliography of Kalecki's Publications, 1927–1987	606
Index of Names	669
Index of Names	672
