

CONTENTS

| | | |
|------------------|---|-----------|
| | <i>Prologue</i> | xiii |
| CHAPTER 1 | WHAT IS AN ATTITUDE AND WHY IS IT IMPORTANT? | 1 |
| | What is an attitude? | 2 |
| | Why do people have attitudes? | 5 |
| | <i>Organisation of knowledge, and regulating approach and avoidance</i> | 5 |
| | <i>Higher psychological needs</i> | 7 |
| | <i>Inter-individual differences and multiple functions</i> | 8 |
| | <i>Research applying attitude functions</i> | 8 |
| | Why study attitudes? | 12 |
| | Overview of the book | 14 |
| | Chapter summary | 15 |
| | Exercises | 16 |
| | Further reading | 16 |
| PART I | GATEWAYS TO OUR ATTITUDES | 19 |
| CHAPTER 2 | ASKING FOR ATTITUDES: NOT THAT SIMPLE AFTER ALL | 21 |
| | The concept of measurement | 21 |
| | How do we know if the measurement is good? | 23 |
| | <i>Reliability</i> | 23 |
| | <i>Validity</i> | 24 |

| | | |
|------------------|--|-----------|
| | Direct measurement | 25 |
| | <i>The question–answering processes</i> | 26 |
| | <i>Instruments for direct attitude measurement</i> | 29 |
| | <i>Motivated response distortions and how to deal with them</i> | 31 |
| | Concluding comment: if the best self-report is not good enough | 32 |
| | Chapter summary | 32 |
| | Exercises | 33 |
| | Further reading | 33 |
| CHAPTER 3 | BEYOND ASKING FOR ATTITUDES: FROM INDIRECT MEASURES TO IMPLICIT ATTITUDES | 35 |
| | Assessing evaluation without asking for it | 36 |
| | <i>Attitudes expressed in everyday behaviour</i> | 36 |
| | <i>Attitudes expressed in non-attitudinal judgements</i> | 37 |
| | <i>Attitudes expressed in involuntary behaviours</i> | 40 |
| | <i>Attitudes expressed in physiological reactions</i> | 42 |
| | Attitudes in time: reaction time measures | 44 |
| | <i>How good are reaction time measures?</i> | 46 |
| | From different measures to different constructs – and back | 51 |
| | Concluding comment: choosing the appropriate measure | 52 |
| | Chapter summary | 53 |
| | Exercises | 53 |
| | Further reading | 54 |
| PART II | THE ORIGINS OF OUR ATTITUDES | 57 |
| CHAPTER 4 | FROM INCIDENTAL SENSATIONS AND NEEDS TO ATTITUDES | 61 |
| | Processing fluency | 61 |
| | Affective states | 65 |
| | <i>Mood’s informational value: a question of expectations</i> | 68 |
| | Bodily states | 69 |
| | <i>Appraisal of bodily sensations</i> | 72 |
| | Goals and needs | 73 |
| | Concluding comment: sensation and adaptation | 75 |
| | Chapter summary | 76 |

| | | |
|------------------|--|------------|
| | Exercises | 76 |
| | Further reading | 77 |
| CHAPTER 5 | ATTITUDE CONDITIONING: HOW OBJECTS BECOME LINKED WITH VALENCE | 78 |
| | Attitudes may be conditioned: the classic approaches | 78 |
| | <i>Learning does not guarantee correct attitudes</i> | 79 |
| | Evaluative Conditioning (EC) | 81 |
| | <i>EC vs. Pavlovian conditioning</i> | 82 |
| | <i>Underlying mental processes</i> | 84 |
| | <i>Unaware EC</i> | 88 |
| | <i>How to skin the EC cat?</i> | 90 |
| | Concluding comment: from nature to nurture | 91 |
| | Chapter summary | 92 |
| | Exercises | 93 |
| | Further reading | 93 |
| CHAPTER 6 | MALLEABLE ATTITUDES: BETWEEN STORED REPRESENTATIONS AND CONTEXT-DEPENDENT CONSTRUCTIONS | 95 |
| | Information retrieval for attitude construction: what comes to mind | 96 |
| | Weighting | 99 |
| | How the judgement is put together | 100 |
| | <i>Beyond accessibility: the appropriateness of information may moderate its impact on judgement</i> | 101 |
| | <i>Standards of comparison</i> | 102 |
| | <i>Constructing attitudes or constructing judgements?</i> | 103 |
| | The Motivation and Opportunity as Determinants Model (MODE) | 104 |
| | Concluding comment: temporary construction versus stable representation | 108 |
| | Chapter summary | 109 |
| | Exercises | 110 |
| | Further reading | 111 |
| CHAPTER 7 | ATTITUDES: A QUESTION OF GOOD BALANCE | 112 |
| | Attitude consistency | 112 |
| | Theory of cognitive dissonance | 114 |
| | Do people unconsciously strive for consistent attitude structures? | 119 |

The consistency principle in implicit measures 123

Balanced Identity Theory 123

The Associative-Propositional Evaluation Model 124

Concluding comment: consistent capuchins and
associative apes 127

Chapter summary 129

Exercises 129

Further reading 130

PART III THE SOCIAL NATURE OF ATTITUDE CHANGE 133

CHAPTER 8 PERSUASION: MAKING OTHERS LIKE WHAT YOU WANT THEM TO LIKE 137

Message reception and transformation 137

The cognitive response approach 139

Dual-process models of persuasion 141

The Elaboration-Likelihood Model (ELM) 141

Which route does one take? 142

Multiple roles of persuasion variables 146

The Heuristic-Systematic Model (HSM) 147

The low-effort mode: heuristic processing 147

Interplay of processing modes: the co-occurrence
hypotheses 148

Dual-process models: some open questions 149

What is a strong argument? 149

How many routes does persuasion take? 150

Concluding comment: a revolution nevertheless 154

Chapter summary 155

Exercises 155

Further reading 155

CHAPTER 9 SOCIAL INFLUENCE ON OUR ATTITUDES 157

Attitudes acquired through social influence 157

Moderators of social influence 161

Number 162

Strength of the influence 163

Immediacy 164

| | | |
|-------------------|--|------------|
| | From individual attitudes to public opinion | 164 |
| | <i>Dynamic Theory of Social Impact</i> | 164 |
| | <i>Group polarisation (and group consensus)</i> | 167 |
| | The majority always wins? | 169 |
| | <i>Consistency (persistence and unanimity)</i> | 171 |
| | <i>Other moderators of minority influence</i> | 172 |
| | <i>Why do majorities change?</i> | 172 |
| | Concluding comment: persuasion as a social process | 173 |
| | Chapter summary | 175 |
| | Exercises | 176 |
| | Further reading | 176 |
| CHAPTER 10 | RESISTANCE: STUBBORN RECEIVERS AND HOW TO PERSUADE THEM | 177 |
| | What motivates us to resist persuasion? | 177 |
| | What makes an attitude resistant to change? | 179 |
| | <i>Inoculation Theory</i> | 180 |
| | <i>Explaining resistance with indicators of attitude strength</i> | 182 |
| | Argument elaboration | 182 |
| | Certainty does not need arguments | 183 |
| | Inferring attitude certainty from resistance | 185 |
| | Explaining resistance with social inferences | 186 |
| | <i>Receivers have persuasion knowledge, at least a bit</i> | 188 |
| | The arms race: active persuaders versus active receivers | 190 |
| | Concluding comment: knowing the receiver | 196 |
| | Chapter summary | 196 |
| | Exercises | 197 |
| | Further reading | 197 |
| PART IV | CONSEQUENCES OF OUR ATTITUDES | 199 |
| CHAPTER 11 | THE WORLD IS NOT WHAT IT USED TO BE: ATTITUDE INFLUENCES ON INFORMATION PROCESSING | 201 |
| | Theoretical assumptions guiding research on attitude-processing links: consistency, function and structure | 202 |

| | | |
|-------------------|--|------------|
| | Attitude effects on attention, encoding and exposure | 203 |
| | <i>Automatic attention</i> | 203 |
| | <i>Automatic effects of attitude encoding</i> | 205 |
| | <i>Strategic effects of attitudes on attention and exposure</i> | 206 |
| | Attitude effects on judgement and elaboration | 210 |
| | <i>Effects of using an attitude as heuristic</i> | 210 |
| | <i>Attitude-congruent interpretation and elaboration</i> | 213 |
| | Attitude effects on memory | 218 |
| | <i>Congeniality bias in recall?</i> | 219 |
| | Concluding comment: short-sighted in one eye, blind in the other | 220 |
| | Chapter summary | 221 |
| | Exercises | 222 |
| | Further reading | 222 |
| CHAPTER 12 | DO ATTITUDES PREDICT BEHAVIOUR? | 224 |
| | Early disenchanting results on the attitude-behaviour relation | 224 |
| | Appropriate measures increase attitude-behaviour relation | 226 |
| | <i>The correspondence principle</i> | 226 |
| | <i>The aggregation principle</i> | 228 |
| | Expectancy-value models: attitudes towards behaviour and other determinants of behaviour | 229 |
| | <i>The theory of reasoned action</i> | 230 |
| | <i>Extending the TRA: The theory of planned behaviour</i> | 233 |
| | <i>Further extensions of the TRA and the TPB</i> | 236 |
| | Concluding comment: optimism is warranted | 238 |
| | Chapter summary | 239 |
| | Exercises | 239 |
| | Further reading | 239 |
| CHAPTER 13 | WHICH ATTITUDES PREDICT BEHAVIOUR AND WHY? | 241 |
| | Strong attitudes guide behaviour | 243 |
| | <i>Cognitive effort in attitude formation</i> | 243 |
| | <i>Attitude stability</i> | 244 |
| | <i>Attitude accessibility</i> | 246 |

| | |
|--|-----|
| Attitudes and the prediction of unintended behaviours | 248 |
| <i>Predicting behaviour from implicit and explicit attitude measures</i> | 251 |
| Subtle prejudice and discrimination | 251 |
| Do we need implicit measures? | 255 |
| Concluding comment: true love and behaviour | 257 |
| Chapter summary | 257 |
| Exercises | 258 |
| Further reading | 258 |
| | |
| <i>Epilogue</i> | 261 |
| <i>Glossary</i> | 263 |
| <i>References</i> | 271 |
| <i>Author index</i> | 323 |
| <i>Subject index</i> | 323 |
