Political-Risk Assessment: *Some General Observations. Defining Political Risk. Sources of Political Risk. Political-Risk Effects. Political-Risk Perceptions and Realities. Forecasting Political Risk. National-Control Forecasting: International Business as a Game. Objectives and Decision Rules of the Representative Firm. Objectives and Decision Rules of Representative Countries. General Features of Country Strategies. Country Strategies over Time. Risk Forecasting Procedures: Projecting into the Future. How One Company Forecasts. Minimizing Political and Control Risk.*

PART FIVE**Multinational Operations Management 405****17 Cross-Cultural Management 407**

The Meaning of Culture. Cross-Cultural Communication. Adjusting to Cultural Differences. Methodology for Cultural Assessment: *Approaches for Assessing Cultural Differences and Similarities. Approaches for Assessing Cultural Change. Approaches for Avoiding Cultural Bias.* Partial Cultural Assessment: Some Key Aspects: *Attitudes toward Work and Achievement. Attitudes toward the Future. Patterns of Decision Making. Attitudes toward Authority. Expression of Disagreement. Responsibility to Family. Social Structure.* Comprehensive Cultural Assessment for Management: *Four Fundamental-Difference Dimensions. The Primary Message Systems Matrix.* Understanding Culture Change: *Acceptance and Resistance to Change. Social Dynamics of Culture Change.* Promoting Culture Change. International Business as a Change Agent.

18 Multinational Marketing Management 436

Central Coordination versus Local Authority. International Product Strategies: *Strategy One: One Product, One Message—Worldwide. Strategy Two: Product Extension—Communications Adaptation. Strategy Three: Product Adaptation—Communications Extension. Strategy Four: Dual Adaptation. Strategy Five: Product Invention.* International Marketing Research: *The Research Task. Data Collection.* International Advertising. International Pricing. International Channel Management. Appendix.

19 Export Management and Global Logistics 463

The Strategy Decision: *Case 1. Domestic Horizons: The Casual Exporter/Importer. Case 2. Domestic Markets: Global Sourcing. Case 3. Global Markets: Domestic Production Horizon. Case 4. Global Markets: Partial Foreign Production. Case 5. Global Logistics. Case 6. The Reluctant Exporter/Importer.* Export Operations: *Export Pricing. The Mechanics of Payment. Import and Export Financing. Choice of Distribution Channels. Physical Distribution.* Imports and Global Sourcing.

20 Managing International Technology Transfers 480

The Nature of Technology and the Transfer Process: *Technology: A Definition. Classification Schemes. The Transfer Process. Modes of Technology Transfer. Expeditors and Controllers of the Transfer Process.* International Technology Issues for the Multinational Firm: *Foreign Technology Acquisitions. Maintaining the Technology*

Advantage. Locating R&D Facilities Abroad. Technology Transfer Strategies. Choice of Technology. Pricing of International Technology Transfers. National and International Control Environment.

21 Multinational Accounting 499

Requirements of Multinational Accounting: *Subsidiary Reporting Requirements. Corporate Reporting Requirements. Consolidation Requirements. National Accounting Standards and Practices: Valuation of Inventories. Valuation of Liabilities. Capital Gains and Losses. Price-Level Adjustments. International Accounting Standards. Restatement of Accounts. Currency Translation: Alternative Translation Methods. Required Translation Methods. Selecting the Translation Exchange Rates.*

22 Management Information and Control in the Multinational 520

Objectives of Control in Multinationals. Approaches to Control. The Influence of National Cultural Traits. The Control Process: *The Annual Planning Cycle. Reporting and Achievement Reviews. Control through Communication. Accounting Aspects of the Multinational Control System: Income Measurement. Investment Measurement. The Measurement Currency. Measurement under High Inflation. Intracompany Transfer Pricing. Internal Auditing in the Multinational. Controlling Joint Ventures.*

23 Multinational Financial Management 540

Organizing the Multinational Financial Management Function. Long-Run Investment and Financing Strategies: *Capital Budgeting. Financial Structures of Foreign Affiliates. Financing Sources and Techniques. International Money Management: International Cash Management. Subsidiary Remittance Policies. Transfer Pricing. Managing Foreign Exchange Risk: The Exchange Audit. Foreign Exchange Exposure. Exposure Reports. Exposure Management Strategy. Reacting to Economic Exposure. Reacting to Transactions and Translation Exposure. Foreign Exchange Forecasting. Implementation. The Tax Variable: National Tax Environments. The Multinational Tax Environment. Appendix: A Systems Approach to Financial Optimization: An Example.*

24 Multinational Human Resource Management 569

Matching Strategy and Human Resources. Executive Nationality Policies: *An International Executive Cadre. National Executives within Each*

Unit. Parent Company Executives Everywhere. Mixed Policies. Multinational Management Recruitment. Management Development and Training. Cross-National Transfers: Adapting at Work. Social Adaptation. Selection for Transfer. Repatriation. International Compensation Policies: Executive Compensation. Components of Expatriate Compensation. International Wage and Benefit Policies. Labor Relations and the Multinational Firm: Centralized versus Decentralized Policies. The Union View of the Multinationals' Power. Multinational Union Organization. Codes of Conduct and Industrial Relations. Prospects for Multinational Bargaining. Codetermination and the Multinationals. Treatment of Disadvantaged Groups.

PART SIX

Emerging Issues 601

25 Looking into the Future 603

Futures Methodologies. Some Major Future Studies. Some Forecasts of the International Environment: Population. Natural Resources. Food. Technology. Some Forecasts of Economic Trends: Future Trade Patterns. Future Direct Investment Patterns. The International Environment for Business: The International Level. The National Level. International Management in the Future.
