<i>Preface: Setting the stage for understanding alcohol effects in late aging: A special issue including both human and rodent studies</i>	<i>xiii</i>
1. Alcohol consumption predicts incidence of depressive episodes across 10 years among older adults in 19 countries	1
Katherine M. Keyes, Kasim Allel, Ursula M. Staudinger, Katherine A. Ornstein, and Esteban Calvo	
1. Introduction	2
2. Methods	8
3. Results	13
4. Discussion	21
Funding	26
Conflict of interest	26
Appendix	27
References	32
2. Clarifying the neurobehavioral sequelae of moderate drinking lifestyles and acute alcohol effects with aging	39
Sara Jo Nixon and Ben Lewis	
1. Introduction	40
2. Moderate drinking lifestyles: Impact on peripheral systems and neurobehavior	42
3. Acute alcohol effects	56
4. Conclusions/future directions	68
Funding	70
References	70
Further reading	78
3. I can't drink what I used to: The interaction between ethanol and the aging brain	79
Douglas B. Matthews, Amelia Schneider, Abigail Kastner, Samantha Scaletty, and Rachel Szenay	
1. Aged animals have greater sensitivity to acute ethanol administration compared to younger animals	82

2. Potential mechanisms that increase sensitivity to acute ethanol in aged animals	88
3. Impact of chronic ethanol exposure in aged animals compared to younger animals	89
4. The impact of adolescent ethanol exposure in aged animals	92
5. Conclusion	93
Acknowledgment	94
References	94
4. Aging with alcohol-related brain damage: Critical brain circuits associated with cognitive dysfunction	101
Polliana Toledo Nunes, Brian T. Kipp, Nicole L. Reitz, and Lisa M. Savage	
1. Introduction	102
2. Neuroinflammation and alcohol-related brain damage	106
3. Alcohol-related brain damage: Key sites of pathology associated with cognitive dysfunction	113
4. Early alcohol abuse may prime the brain for accelerated aging	133
5. Conclusions	146
Acknowledgments	147
References	147
5. Alcohol drinking exacerbates neural and behavioral pathology in the 3xTg-AD mouse model of Alzheimer's disease	169
Jessica L. Hoffman, Sara Faccidomo, Michelle Kim, Seth M. Taylor, Abigail E. Agoglia, Ashley M. May, Evan N. Smith, L.C. Wong, and Clyde W. Hodge	
1. Introduction	171
2. Materials and methods	184
3. Results and discussion	192
4. General discussion	211
Acknowledgments	219
References	219
6. From adolescence to late aging: A comprehensive review of social behavior, alcohol, and neuroinflammation across the lifespan	231
Amy E. Perkins, Elena I. Varlinskaya, and Terrence Deak	
1. Introduction	232
2. Regulation of social behavior	237

3. Social behavior and alcohol	251
4. Social behavior and neuroinflammation	263
5. Summary and future directions	278
Acknowledgments	279
References	279
7. A comparison of hippocampal microglial responses in aged and young rodents following dependent and non-dependent binge drinking	305
Isabella R. Grifasi, William Andrew Evans, Annie D. Rexha, Lansana W. Sako, and S. Alex Marshall	
1. Introduction	306
2. Methods	313
3. Results	319
4. Discussion	325
5. Conclusion	332
Acknowledgments	332
References	333
