	Introductory Comment	59
	The Transactions Motive	59
	The Precautionary Motive	64
	The Speculative Motive	69
	Conclusions	77
<b>III</b>	<b>Data Problems and Econometric Issues</b>	<b>79</b>
<b>7</b>	<b>Measuring the Variables of the Demand for Money Function</b>	<b>81</b>
	Introductory Comment	81
	The Measurement of Money	81
	Income and Wealth	86
	Expected Income	88
	Returns on Alternative Assets	90
	The Own Rate of Return on Money	93
	The Expected Inflation Rate	94
	Other Variables in the Function	96
	Concluding Comment	97
<b>8</b>	<b>Some Econometric Issues</b>	<b>98</b>
	Introductory Comment	98
	The Identification Problem	98
	Simultaneity	102
	The Period and Frequency of Observations	103
	Adjustment Costs and the Short-Run Demand-for-Money Function	105
	Problems with the Lagged Dependent Variable	107
	The Individual Experiment and the Market Experiment	110
	Concluding Comments	114

## **IV The Empirical Evidence on the Demand for Money 115**

### **9 An Overview of the Evidence 117**

- The Issues to be Addressed 117
- A Summary of the Evidence 118

### **10 The Influence of the Opportunity Cost of Holding Money 121**

- Early Work on the Role of the Interest Rate 121
- More Recent Results 123
- Negative Results on Interest Rate Effects 124
- Econometric Issues 126
- The Own Rate of Return on Money 127
- The Liquidity Trap and the Stability of the Interest Rate-Demand for  
Money Relationship 128
- The Choice of Interest Rate 131
- The Role of Expected Inflation 133
- Concluding Comment 134

### **11 Other Variables and the Question of Stability 135**

- The Influence of the Price Level 135
- The Choice of a Scale Variable 138
- The Real Wage, Economies of Scale, and  
Institutional Change 143
- Recent Instability of the Demand-for-Money Function 145
- Concluding Remark 151

### **12 Tentative Conclusions 152**

- Introduction 152
- Implications of the Evidence for Theories of the Demand  
for Money 152
- Implications of the Evidence for Macroeconomics 155
- Interpreting Recent Instability in the Demand-for-Money  
Function 158
- Concluding Comment 161
