I.	ACKNOWLEDGEMENTS	2
II.	SUMMARY.....	3
III.	ZUSAMMENFASSUNG.....	6
IV.	LIST OF FIGURES.....	10
V.	LIST OF PUBLICATIONS.....	11
VI.	ABBREVIATIONS AND ACRONYMS	12
1.	GENERAL INTRODUCTION.....	14
1.1.	GLOBAL FOOD SECURITY STATUS.....	14
1.2.	CHALLENGES AND OPPORTUNITIES FOR FOOD PRODUCTION AND ACCESS IN SUB-SAHARAN AFRICA	15
1.3.	FOOD SECURITY SITUATION OF TANZANIA.....	15
1.4.	CHALLENGES AND OPPORTUNITIES FOR IMPROVING FOOD SECURITY IN SEMIARID OF TANZANIA	16
1.5.	UPGRADING STRATEGIES FOR ENHANCING AGRICULTURAL PRODUCTION	18
1.6.	POTENTIAL OF CROP MODELLING FOR SUSTAINABLE AGRICULTURAL PRODUCTION.....	16
1.7.	DESCRIPTION OF THE STUDY SITE	17
1.8.	OUTLINE OF THE THESIS	19
2.	CROP UPGRADING STRATEGIES AND MODELLING FOR RAINFED CEREALS IN A SEMI-ARID CLIMATE—A REVIEW.....	20
3.	ANALYSIS OF INTRA AND INTERSEASONAL RAINFALL VARIABILITY AND ITS EFFECTS ON PEARL MILLET YIELD IN A SEMIARID AGROCLIMATE: SIGNIFICANCE OF SCATTERED FIELDS AND TIED RIDGES.....	46
4.	THE MANAGEMENT STRATEGIES OF PEARL MILLET FARMERS TO COPE WITH SEASONAL RAINFALL VARIABILITY IN A SEMI-ARID AGROCLIMATE.....	64
5.	MODELING RAINFED PEARL MILLET YIELD SENSITIVITY TO ABIOTIC STRESSES IN SEMI-ARID CENTRAL TANZANIA, EASTERN AFRICA.....	81
6.	GENERAL DISCUSSION AND CONCLUSIONS.....	100
6.1.	OVERVIEW.....	100
6.2.	SYNTHESIS OF FINDINGS	100
6.3.	LIMITATIONS AND AREAS FOR IMPROVEMENT	104
6.4.	CONCLUSIONS AND RECOMMENDATIONS	105
7.	REFERENCES.....	106
8.	ANNEX.....	119
