33.	Geert Koefoed & Jaap van Marle, Productivity	303

V. Die Rolle der Morphologie in Grammatik und Lexikon The role of morphology in grammar and lexicon

34.	Andrew Spencer, Morphology and syntax	312
35.	Geert Booij, Morphology and phonology	335
36.	Mark Aronoff, Morphology between lexicon and grammar	344
37.	Pius ten Hacken, Derivation and compounding	349
38.	Geert Booij, Inflection and derivation	360

VI. Einheiten der morphologischen Struktur Units of morphological structure

39.	Joan Bybee, Lexical, morphological and syntactic symbolization	370
40.	Hans Basbøll, Word boundaries	377
41.	Joel A. Nevis, Clitics	388
42.	Rochelle Lieber & Joachim Mugdan, Internal structure of words	404
43.	Elena S. Kubrjakova, Submorphemic Einheiten (Übersetzung und Bearbeitung: Joachim Mugdan)	417
44.	Edmund Gussmann & Bogdan Szymanek, Phonotactic properties of morphological units	427
45.	Henning Bergenholz & Joachim Mugdan, Nullelemente in der Morphologie	435

VII.	Allomorphie	
	Allomorphy	
46.	Hans Christian Luschützky, Morphem, Morph und Allomorph	451
47.	Martin Neef, Phonologische Konditionierung	463
48.	Martin Neef, Morphologische und syntaktische Konditionierung	473
49.	Henriette Walter, Fluctuation and free variation (Translation: Marie Landick)	484
50.	Tsutomu Akamatsu, Generalized representations	489
51.	Edmund Gussmann, Underlying forms	499
52.	Igor Mel'čuk, Suppletion	510
VIII.	Formale Prozesse	
	Formal processes	
53.	Igor Mel'čuk, Morphological Processes	523
54.	Christopher J. Hall, Prefixation, suffixation and circumfixation	535
55.	Edith A. Moravcsik, Infixation	545
56.	Ellen Broselow, Transfixation	552
57.	Caroline Wiltshire & Alec Marantz, Reduplication	557
58.	Rochelle Lieber, Substitution of segments and features	567
59.	Thomas Becker, Metathesis	576
60.	Wolfgang U. Dressler, Subtraction	581
61.	Larry M. Hyman & William R. Leben, Suprasegmental processes	587
IX.	Flexion	
	Inflection	
62.	Andrew Carstairs-McCarthy, Lexeme, word-form, paradigm	595
63.	Aleksandr V. Bondarko, Meaning vs. use in inflection	607
64.	Richard Coates, Exponence	616

XIII.

Semantische Kategorien und Operationen in der Morphologie I: Entitätsbegriffe Semantic categories and operations in morphology I: Entity concepts

94.	Entity concepts
95.	Deixis and reference
96.	Person
97.	Classifiers
98.	Gender and noun class
99.	Diminution and augmentation

- 100. Numerus
 - 101. Mass and collection
 - 102. Case
 - 103. Possession
- XIV.** Semantische Kategorien und Operationen in der Morphologie II: Sachverhalts-, Eigenschafts- und verwandte Begriffe
Semantic categories and operations in morphology II:
State-of-affairs, property and related concepts
- 104. State-of-affairs concepts
 - 105. Property concepts
 - 106. Circumstance concepts
 - 107. Valency change
 - 108. Voice
 - 109. Aspect and aktionsart
 - 110. Tense
 - 111. Mood and modality
 - 112. Interclausal relations
 - 113. Negation
 - 114. Comparison and gradation
- XV.** Morphologische Typologie und Universalien
Morphological typology and universals
- 115. Approaches to morphological typology
 - 116. Types of morphological structure
 - 117. Quantitative Typologie
 - 118. Cross-linguistic generalizations and their explanation
- XVI.** Systeme morphologischer Struktur: Sprachskizzen
Systems of morphological structure: Illustrative sketches
- 119. English (Indo-European: Germanic)
 - 120. Deutsch (Indogermanisch: Germanisch)
 - 121. French (Indo-European: Romance)
