## SECTION I GENERAL TRENDS, PRINCIPLES, AND MATERIALS

---

1	LATEST TRENDS IN BREAST RECONSTRUCTION	3
1.1	USA	3
	<i>Jane Y.C. Hui and Todd M. Tuttle</i>	
1.2	Europe	6
	<i>Ranjeet Jeevan</i>	
2	THE BIOLOGICAL RATIONALE FOR ONCOPLASTIC SURGICAL PROCEDURES	9
	<i>John R. Benson and Maurizio B. Nava</i>	
3	BIOLOGICAL REACTIONS TO RECONSTRUCTIVE MATERIALS	13
3.1	Biological Reactions to Acellular Dermal Matrices (ADMs)	13
	<i>Steven T. Lanier and John Y.S. Kim</i>	
3.2	Breast Implant-Associated Anaplastic Large Cell Lymphoma	19
	<i>Mark W. Clemens</i>	
3.3	Biological Reactions to Autologous Fat Grafting	22
	<i>Animesh Patel and Charles M. Malata</i>	
	Editorial Commentary	30

## SECTION II PATIENT SELECTION—BREAST-CONSERVING SURGERY OR MASTECTOMY?

---

4	ONCOLOGIC CONSIDERATIONS	33
4.1	Diagnostic Imaging	33
	<i>Fiona J. Gilbert</i>	
4.2	Pathologist	36
	<i>Cansu Karakas and Aysegul A. Sahin</i>	
4.3	Medical Oncologist	48
	<i>Jessica Taff and Francisco J. Esteva</i>	
4.4	Radiation Oncologist	50
	<i>Ian Kunkler</i>	
4.5	Breast Surgeon	53
	<i>Efstathios Karamanos and Lisa A. Newman</i>	
5	RECONSTRUCTIVE PERSPECTIVES	55
5.1	Breast Surgeon's Perspective	55
	<i>Melissa Anne Mallory and Mehra Golshan</i>	
5.2	Reconstructive Surgeon's Perspective	58
	<i>Michael Scheflan and Robert Douglas Macmillan</i>	

6	PATIENTS' PERSPECTIVES	61
6.1	The Role of Patient Choice <i>Claudia R. Albornoz and Andrea L. Pusic</i>	61
6.2	Patients' Expectations <i>John R. Benson and Guidubaldo Querci della Rovere (posthumous)</i>	64
	Editorial Commentary	66
7	PREOPERATIVE RADIOLOGICAL ASSESSMENT <i>Megan Kalambo and Wei Tse Yang</i>	69
8	ONCOPLASTIC PARENCHYMAL RESECTION	77
8.1	In Situ Disease <i>Katrina B. Mitchell and Henry Kuerer</i>	77
8.2	Invasive Carcinoma <i>Tracy-Ann Moo and Rache M. Simmons</i>	80
9	INTRAOPERATIVE ASSESSMENT	83
9.1	Pathological <i>Sarah E. Pinder and Elena Provenzano</i>	83
9.2	Radiological <i>Fleur Kilburn-Toppin</i>	86
10	TIMING OF ONCOPLASTIC REPAIR <i>Francesco M. Egro and Albert Losken</i>	89
	Editorial Commentary	96
<b>SECTION III BREAST-CONSERVING SURGERY AND PARTIAL BREAST RECONSTRUCTION (ONCOPLASTIC REPAIR)</b>		
11	IMMEDIATE REPAIR BEFORE RADIOTHERAPY	101
11.1	Local Tissue Rearrangement	101
11.1.1	Extreme Oncoplasty (USA) <i>Melvin J. Silverstein</i>	101
11.1.2	My Approach (Europe) <i>Robert Douglas Macmillan</i>	107
11.2	Dermoglandular Reduction Mammoplasty	109
11.2.1	My Approach (USA) <i>Steven J. Kronowitz</i>	109
11.2.2	Our Approach (Europe) <i>J. Michael Dixon and Cameron Raine</i>	116
11.3	Flap-Based Methods	124
11.3.1	My Approach (USA) <i>David Song</i>	124
11.3.2	Our Approach (Europe) <i>Moustapha Hamdi and Luciano Tracia</i>	131
12	POSTOPERATIVE MARGIN ASSESSMENT (RE-EXCISION OR COMPLETION MASTECTOMY) <i>Dorin Dumitru and John R. Benson</i>	147
13	DELAYED ONCOPLASTIC REPAIR—BEFORE RADIOTHERAPY <i>Maurice Y. Nahabedian</i>	153
	Editorial Commentary	160
14	DELAYED ONCOPLASTIC REPAIR—AFTER RADIOTHERAPY	163
14.1	Considerations <i>Charles M. Malata, Alexandra Bucknor, and Chidi Ekwobi</i>	163
14.2	Surgical Technique	171
14.2.1	Our Approach (USA) <i>Jessica Rose and Aldona Spiegel</i>	171
14.2.2	Our Approach (Europe) <i>Charles M. Malata, Alexandra Bucknor, and Chidi Ekwobi</i>	175
	Editorial Commentary	189

---

**SECTION IV SKIN-SPARING AND NIPPLE-SPARING MASTECTOMY**

---

15	MASTECTOMY AND WHOLE BREAST RECONSTRUCTION: SKIN-SPARING AND NIPPLE-SPARING MASTECTOMY	193
15.1	Oncological Aspects <i>Gerald Gui</i>	193
15.2	Reconstructive Aspects <i>Gerald Gui</i>	198
	Editorial Commentary	203
16	NIPPLE-SPARING MASTECTOMY	205
16.1	Incisions for Nipple-Sparing Mastectomy <i>Sirwan M. Hadad and Jennifer E. Rusby</i>	205
16.2	Nipple-Sparing Mastectomy in Breast Ptosis <i>Sirwan M. Hadad and Jennifer E. Rusby</i>	208
	Editorial Commentary	210

---

**SECTION V MASTECTOMY AND WHOLE BREAST RECONSTRUCTION (TIMING AND PATIENT SELECTION)**

---

17	TIMING OF RECONSTRUCTION	213
17.1	Patients Who May Require Postmastectomy Irradiation <i>Sumner Slavin</i>	213
17.2	Patients Who Will Require Postmastectomy Radiation <i>Margaret S. Roubaud and Patrick B. Garvey</i>	221
	Editorial Commentary	226
18	HOW TO CHOOSE THE OPTIMAL METHOD OF WHOLE BREAST RECONSTRUCTION	227
18.1	My Approach (USA) <i>Steven J. Kronowitz</i>	227
18.2	Our Approach (South America) <i>Alexandre Mendonça Munhoz, João Carlos Sampaio Goés, and Rolf Gemperli</i>	234

---

**SECTION VI MASTECTOMY AND WHOLE BREAST RECONSTRUCTION (METHODS AND TECHNIQUES)**

---

19	IMPLANT-BASED WHOLE BREAST RECONSTRUCTION (WITHOUT IRRADIATION)	241
19.1	One-Stage Implant Reconstruction	241
19.1.1	Our Approach (USA) <i>Andrew Salzberg and Jordan Jacobs</i>	241
19.1.2	My Approach (Europe) <i>Pierluigi Santi</i>	245
19.2	Two-Stage Implant Reconstruction	252
19.2.1	Our Approach (USA) <i>Patrick Maxwell and Allen Gabriel</i>	252
19.2.2	Our Approach (South America) <i>Alberto Rancati, Claudio Angrigiani, Marcelo Irigo, and Agustin Rancati</i>	255
19.3	Acellular Dermal Matrix with Implants	257
19.3.1	My Approach (USA) <i>Hani Sbitany</i>	257
19.3.2	Our Approach (Europe) <i>Alexandra Molina and Jian Farhadi</i>	260
19.4	Fat Grafting with Implants	264
19.4.1	Our Approach (Europe) <i>Pietro Berrino and Valeria Berrino</i>	264
19.4.2	My Approach (Europe) <i>Alessandra Marchi</i>	269
	Editorial Commentary	277

20	IMPLANT-BASED WHOLE BREAST RECONSTRUCTION (WITH IRRADIATION)	279
20.1	Timing of Reconstruction	279
20.1.1	Our Approach (USA) <i>Claudia R. Albornoz and Babak Mehrara</i>	279
20.1.2	My Approach (Europe) <i>Giuseppe Catanuto</i>	283
20.2	Technique for Reconstruction	287
20.2.1	Our Approach (USA) <i>Sophocles H. Voineskos and Peter G. Cordeiro</i>	287
20.2.2	Our Approach (Europe) <i>Andre Spano, Stefano Avvedimento, and Secondo Folli</i>	290
20.3	Impact of Acellular Dermal Matrices (ADMs) and Fat Grafting on Irradiated Breast Reconstruction	293
20.3.1	My Approach (USA) <i>Steven J. Kronowitz</i>	293
20.3.2	Our Approach (Europe) <i>Lee Martin and Sonia Bathla</i>	297
	Editorial Commentary	299
21	FAT GRAFTING EXCLUSIVELY FOR WHOLE BREAST RECONSTRUCTION	301
21.1	Our Approach (Europe) <i>Gilles Tousson and Emmanuel Delay</i>	301
21.2	Stem Cell Expansion and Growth Factor Stimulation <i>Adam J. Reid</i>	303
21.3	The Bioengineered Breast <i>J. Peter Rubin</i>	305
	Editorial Commentary	307
22	STANDARD AUTOLOGOUS TISSUE FLAPS FOR WHOLE BREAST RECONSTRUCTION	309
22.1	Latissimus Dorsi Flap (with Implant) <i>Michel Hector Saint-Cyr</i>	309
22.2	Totally Autologous Latissimus Dorsi Flap <i>Eva Weiler-Mithoff and James Mansell</i>	312
22.3	Pedicled Transverse Rectus Abdominis Myocutaneous (TRAM) Flap <i>Jean-Yves Petit, Maria Rietjens, and Andrea Manconi</i>	320
22.4	Free Transverse Rectus Abdominis Myocutaneous (TRAM) Flap <i>Charles M. Malata and Georgette Oni</i>	326
22.5	Deep Inferior Epigastric Perforator (DIEP) Flap <i>Edward Wayne Buchel and Nakul Gamanlal Patel</i>	332
	Editorial Commentary	338
23	ADVANCED AUTOLOGOUS TISSUE FLAPS FOR WHOLE BREAST RECONSTRUCTION	339
23.1	Thoracodorsal Perforator (TAP) Flap <i>Claudio Angrigiani, Alberto Rancati, and Marcelo Irigo</i>	339
23.2	Robotic Latissimus Dorsi Muscle Harvest <i>Karim A. Sarhane, Amir E. Ibrahim, and Jesse C. Selber</i>	342
23.3	Double-DIEP Flap <i>Phillip Blondeel and Michel Moutran</i>	345
23.4	Profunda Artery Perforator (PAP) Flap <i>Joshua L. Levine and Robert J. Allen, Sr.</i>	349
23.5	Boomerang Gluteal Artery Perforator (GAP) Flap <i>Edward I. Chang and Steven J. Kronowitz</i>	351
23.6	Transverse Upper Gracilis (TUG) Flap <i>Andrei Odobescu, Isak Goodwin, and Rudolf Buntic</i>	356
23.7	Lumbar Artery Perforator (LAP) Flap <i>Moustapha Hamdi and Randy De Baerdemaeker</i>	362

---

**SECTION VII REVISIONAL BREAST RECONSTRUCTION (FOLLOWING BOTH PARTIAL AND WHOLE BREAST RECONSTRUCTION)**

---

24	BREAST REVISION FOLLOWING BREAST CONSERVATION AND ONCOPLASTIC REPAIR <i>Steven J. Kronowitz</i>	371
25	BREAST REVISION AFTER IMPLANT-BASED BREAST RECONSTRUCTION <i>João Carlos Sampaio Goés, Alexandre Mendonça Munhoz, and Rolf Gemperli</i>	379
26	BREAST REVISION AFTER MASTECTOMY, WHOLE BREAST RECONSTRUCTION, AND POSTMASTECTOMY RADIATION THERAPY <i>Steven J. Kronowitz</i>	383
	Editorial Commentary	387

---

**SECTION VIII TECHNIQUES FOR DELIVERY OF RADIOTHERAPY**

---

27	PARTIAL OR WHOLE BREAST RADIOTHERAPY AFTER BREAST-CONSERVING SURGERY? <i>Mukesh Bindish Mukesh and Charlotte Coles</i>	391
28	POSTMASTECTOMY RADIOTHERAPY AFTER WHOLE BREAST RECONSTRUCTION	399
28.1	Postmastectomy Radiotherapy after Breast Reconstruction Does Not Interfere with Radiation Delivery <i>Beryl McCormick</i>	399
28.2	Postmastectomy Radiotherapy after Whole Breast Reconstruction: Does Breast Reconstruction Interfere with Radiation Delivery? <i>Eric Strom and Wendy Woodward</i>	402
29	PARTIAL BREAST RADIOTHERAPY AFTER BREAST-CONSERVING SURGERY	405
29.1	Targeted Radiotherapy as Part of Breast-Conserving Therapy <i>Jayant S. Vaidya, Michael Douek, Nathan Coombs, Julian Singer, and Jeffrey S. Tobias</i>	405
29.2	Postoperative Radiotherapy	411
29.2.1	Brachytherapy <i>Nicholas Serrano and Douglas W. Arthur</i>	411
29.2.2	Linear Accelerator <i>Icro Meattini</i>	414
30	WHOLE BREAST RADIOTHERAPY (BOOST) AFTER PARTIAL MASTECTOMY	417
30.1	Boost or No Boost to Tumor Bed with Whole Breast Radiotherapy after Partial Mastectomy <i>Laura Lozza</i>	417
30.2	Options for Delivery of Radiotherapy Boost Dose after Partial Mastectomy <i>Kathryn Huber and David Wazer</i>	421
30.3	Intraoperative Brachytherapy plus Postoperative Linear Accelerator for Whole Breast Radiotherapy <i>Kathryn Huber and David Wazer</i>	423
30.4	Intraoperative Linear Accelerator Plus Postoperative Linear Accelerator for Whole Breast Radiotherapy <i>Laura Lozza</i>	425
	Editorial Commentary	427

---

**SECTION IX TECHNIQUES FOR LYMPH NODE TRANSFER**

---

31	TRANSFER OF VASCULARIZED LYMPH NODE TISSUE	433
31.1	Our Approach (Taiwan) <i>Chieh-Han John Tzou and Ming-Huei Cheng</i>	433
31.2	Our Approach (Europe) <i>Jaume Masià, Gemma Pons, and Elena Rodríguez-Bauzá</i>	437

---

**SECTION X NIPPLE-AREOLA COMPLEX RECONSTRUCTION**

---

32	NIPPLE-AREOLA COMPLEX RECONSTRUCTION	443
32.1	Nipple-Areola Complex Reconstruction (with and without Biologicals) <i>Parisa Kamali, Winona Wu, and Samuel J. Lin</i>	443
32.2	3-D Tattooing <i>Vassilis Pitsinis and John R. Benson</i>	448
	Editorial Commentary	451

**SECTION XI TRAINING—BREAST SURGERY AS A SPECIALTY**

---

33	THE MODERN SPECIALIST BREAST SURGEON	455
	<i>Sue Down, Ismail Jatoi, and John R. Benson</i>	
34	BREAST SURGICAL TRAINING	459
34.1	American Training System	459
	<i>Melissa Anne Mallory and Mehra Golshan</i>	
34.2	European Training System	461
	<i>Fiona MacNeill</i>	
	Editorial Commentary	463
	INDEX	465
