

Contents

PART 1 Vascular Interventions

SECTION A History of Angiography and Intervention

- 1 A Brief History of Image-Guided Therapy, 1
Anthony C. Venbrux, Faezeh Razjouyan, Ellen C. McCormick, Christopher Lawrence, Chapman Wei, Liqi Shu, Yuanlong Zhao, Rabia Idrees, Uzomo Igboagi, Andrew Nelson, Anam Salman

SECTION B Patient Care

- 2 Patient Preparation and Informed Consent, 10
Seyed Ameli-Renani, Rabul Lohan, Robert A. Morgan
- 3 Clinical Vascular Examination, 16
Sophie Wang, Benjamin S. Brooke, James H. Black III
- 4 Treatment of Medical Emergencies, 24
Ziyad Al-Otaibi, Lakshmi S. Chawla
- 5 Radiation Safety and Protection in the Interventional Fluoroscopy Environment, 29
Zoe Brady, Kieran P. Murphy
- 6 Pharmacologic Agents Used in Image-Guided Interventions, 35
Ali Albayati, Andres Krauthamer, Chad Baarson

SECTION C Principles of Vascular Intervention

- 7 Principles of Vascular Access, 42
John A. Kaufman, Claire S. Kaufman
- 8 Closure Devices, 62
Yasser El-Abd, John F. Angle

SECTION D Peripheral Arterial Intervention

- 9 Vascular Anatomy of the Upper Extremity, 65
Diederick De Boo, Tim Joseph
- 10 Vascular Anatomy of the Lower Limb, 77
Diederick De Boo, Jim Koukounaras

Acute Arterial Disease

- 11 Acute Lower Extremity Ischemia, 84
David W. Trost, Christopher Harnain
- 12 Revascularization: Upper Extremity, 91
Gary M. Ansel, Charles F. Batti, Jr., Matthew A. Mauro
- 13 Revascularization: Aortoiliac, 99
Brendan Buckley, Andrew Holden, Stephen Merrilees, Rukshan Fernando

- 14 Revascularization: Femoropopliteal, 111
Arya Bagherpour, Gunvir Gill, Arsalan Saleem, Eric M. Walser
- 15 Revascularization: Infrapopliteal, 125
Marc Sapoval, Massimiliano di Primio, Olivier Pellerin, Thierry Carrères, Pierre-Yves Laffy

SECTION E Vascular Malformations

- 16 Congenital Vascular Anomalies: Classification and Terminology, 132
Ian McCafferty
- 17 Management of Low-Flow Vascular Malformations, 148
Patricia E. Burrows
- 18 Management of High-Flow Vascular Anomalies, 155
James E. Jackson, Alex M. Barnacle

SECTION F Abdominal Vascular Intervention

- 19 Vascular Anatomy of the Abdominal Aorta and the Inferior Vena Cava, 163
Diederick De Boo, Jim Koukounaras
- 20 Endovascular Aortic Repair, 171
Fabrizio Fanelli, Gian Marco Falcone
- 21 Fenestrated Stent-Grafting of Juxtarenal Aortic Aneurysms, 179
Mohamad Hamady, Wasim Hakim
- 22 The Management of Thoracoabdominal Aortic Aneurysms by Branched Endograft Technology, 188
Mark R. Tyrrell, C. Jason Wilkins, Stéphan Haulon
- 23 Endoleaks: Classification, Diagnosis, and Treatment, 195
Klaus A. Hausegger
- 24 Endovascular Treatment of Dissection of the Aorta and Its Branches, 207
Michael Dake, Matthew D. Forrester
- 25 Anatomy of Alimentary Tract Vasculature, 212
Morvarid Alaghband, Michael J. Manzano, Nadia J. Khati, Anthony C. Venbrux
- 26 Management of Upper Gastrointestinal Hemorrhage, 222
Constantinos Tingerides, Simon John McPherson
- 27 Management of Lower Gastrointestinal Hemorrhage, 232
Sarah E. Connolly, Michael J. Darcy
- 28 Acute Mesenteric Ischemia, 239
Chiara Perazzini, Lucie Cassagnes, Anne Ravel, Pascal Chabrot, Louis Boyer

29 Chronic Mesenteric Ischemia, 246

Ulku Cenk Turba, Irem Kapucu, Alan H. Matsumoto

Kidney

30 Renal Vasculature, 255

Sameer K. Singhal, Ajlan Alzaki, Nadia J. Khati, Maryam Boumezzrag, Faezeh Razjouyan, and Anthony C. Venbrux

31 Renal Ischemia, 263

Stavros Spiliopoulos, Maria Tsitskari, Andrew Hugh Holden, Elias Brountzos

32 Renal Artery Embolization, 271

Dierk Vorwerk

33 Transvenous Pressure Measurements and Liver Biopsy, 277

Michael Gonsalves

34 Chemoembolization for Hepatocellular Carcinoma, 282

Vlasios Sotirchos, Michael C. Soulen

35 Transcatheter Embolization of Liver Metastases, 287

Rory L. O'Donohoe, Brian Stedman

36 Embolotherapy for the Management of Liver Malignancies Other Than Hepatocellular Carcinoma, 297

Franz Edward Boas, Constantinos T. Sofocleous

37 Portal Vein Embolization, 301

Alain Roche, Thierry de Baere

38 Intervention in the Liver Transplant Patient, 309

Noé Roussel, Philippe Otaf, Paul Revel, Charline Zadro, Olivier Meyrignac, Fatima Mokrane, Herve Rousseau

39 Management of Trauma to the Liver and Spleen, 315

Otto M. van Delden

40 Splenic Embolization in Nontraumatized Patients, 324

Jai V. Patel, Karen Flood, Jeevan K. Mahaveer

41 Management of Visceral Aneurysms, 329

Romeric Loffroy

SECTION G Pelvic Vascular Intervention

42 Vascular Anatomy of the Pelvis, 337

Maryam Boumezzrag, Elizabeth Ann Ignacio, Nadia J. Khati, Venkatesh P. Krishnasamy

43 Uterine Fibroid Embolization, 352

James Spies

44 Management of the High-Risk Obstetric Patient, 358

Elizabeth Ann Ignacio, Murat Osman, Uzoma Igboagi, Faezeh Razjouyan, Robert P. Liddel, Michael C. Hill

45 Management of Pelvic Hemorrhage in Trauma, 364

Patrick C. Malloy, Jonathan S. Gross

46 Management of Male Varicocele, 369

Bradley Fox, Maryam Boumezzrag, Sameer Singhal, Michael Hoy, Murat Osman, Anam Salman, Faezeh Razjouyan, Ajlan Al Zaki, Brian Grieme, Andrew Akman, Anthony C. Venbrux

47 Management of Female Venous Congestion Syndrome, 373

Rabia Idrees, Tammy Kim, Ellen C. McCormick, Darren D. Kies, Judy M. Lee, Anam Salman, Uzoma Igboagi, Ajlan Alzaki, Hyun S. Kim, Anthony C. Venbrux

48 Treatment of High-Flow Priapism and Erectile Dysfunction, 379

Tiago Bilhim, João M. Pisco†, Maxim Kupersbmidt, Kenneth Robert Thomson

49 Prostate Artery Embolization, 386

Daniel Scher, Zain Naeem Qazi, Sandhya Patel, Shawn Sarin

SECTION H Thoracic Vascular Intervention

50 Vascular Anatomy of the Thorax, Including the Heart, 392

Raj Das, Antony S. Walton, Robert A. Morgan,

51 Management of Thoracic Aortic Aneurysm, 405

Fabrizio Fanelli, Gian Marco Falcone

52 Management of Acute Aortic Syndrome, 412

Ajay Chavan, Sandeep Amin

53 Embolization for Hemoptysis, 422

Ryan Carl Schenning, Frederick S. Keller

54 Pulmonary Arteriovenous Malformations: Diagnosis and Management, 434

Jeffrey S. Pollak

55 Percutaneous Interventions for Acute Pulmonary Embolism, 441

William T. Kuo

SECTION I Neurovascular and Head and Neck Imaging

56 Craniocervical Vascular Anatomy, 454

Diego San Millán Ruiz, Bradley P. Barnett, Philippe Gailloud

57 Arterial Anatomy of the Spine and Spinal Cord, 473

Philippe Gailloud

58 Use of Skull Views in Visualization of Cerebral Vascular Anatomy, 493

M. Reza Taberi, Wendy A. Cohen, Basavaraj V. Ghodke, Danial K. Hallam, Kathleen R. Fink

59 Cerebral Functional Anatomy and Rapid Neurologic Examination, 513

Batya R. Radzik, Rafael H. Llinas

60 Carotid Revascularization, 519

Patrick Nicholson, Martin G. Radvany

61 Acute Stroke Management, 526

Patrick Nicholson, Martin G. Radvany

62 Endovascular Management of Chronic Cerebral Ischemia, 534

Patrick Nicholson, Martin G. Radvany

† Deceased.

63 Management of Head and Neck Tumors, 541
Patrick Nicholson, Jacob Kazmi-Bowdoin, Vijay Agarwal, Allan Brook

64 Endovascular Management of Epistaxis, 557
Rush H. Chewing, Gerald M. Wyse

65 Subarachnoid Hemorrhage, 561
Gerald M. Wyse

66 Management of Head and Neck Injuries, 566
Patrick Nicholson, Kieran P. Murphy

67 Cervical Artery Dissection, 573
Jennifer Berkeley, Robert J. Wityk

SECTION J Venous Intervention

68 Superior Vena Cava Occlusive Disease, 580
Claire S. Kaufman, Hasnain Hasham, John A. Kaufman

69 Chronic Lower Extremity Venous Occlusive Disease, 586
Hyeon Yu, Charles T. Burke

70 Acute Extremity Venous Occlusive Disease, 592
Pavan Kavali, Michael J. Darcy

71 Portal-Mesenteric Venous Thrombosis, 603
José I. Bilbao, Pablo D. Domínguez, Isabel Vivas, Antonio Martínez-Cuesta

72 Caval Filtration, 611
David M. Mauro, Peter R. Bream, Jr., Jessica K. Stewart

73 Percutaneous Management of Varicose Veins, 619
Robert J. Min, Neil M. Khilnani

74 Foreign Body Retrieval, 625
Paul V. Subocki

SECTION K Venous Sampling for Endocrine Disease

75 Renal Vein Renin Sampling, 630
David W. Trost, Thomas A. Sos

76 Adrenal Venous Sampling, 633
Jim Koukounaras, Anoop Madan

77 Parathyroid Venous Sampling, 637
Diederick De Boo, Jim Koukounaras

SECTION L Intervention in Portal Hypertension

78 Transjugular Intrahepatic Portosystemic Shunts, 639
Mark Duncan Brooks, Julian Maingard

79 Retrograde Balloon Occlusion Variceal Ablation, 645
Hiro Kiyosue, Hiromu Mori

SECTION M Hemodialysis Access Management

80 Surveillance and Management of Failing Hemodialysis Access, 655
Anne Roberts

81 Management of Clotted Hemodialysis Access Grafts, 659
Steven R. Bonebrake, Aalpen A. Patel, Scott O. Trerotola

82 Percutaneous Arterial Venous Fistula Creation, 664
Dheeraj Rajan

SECTION N Venous Access

83 Peripherally Inserted Central Catheters and Nontunneled Central Venous Catheters, 669
Jennifer L. Kissane, Joseph A. Hughes, Colin P. Cantwell, Peter N. Waybill

84 Tunneled Central Venous Catheters, 677
Peter R. Bream, Jr.

85 Subcutaneous Ports, 683
Robert G. Dixon

86 Thoracic Duct Embolization for Postoperative Chylothorax, 696
Richard A. Baum, Matthew P. Schenker, Chieh-Min Fan

PART 2 Nonvascular Interventions

SECTION O Percutaneous Biopsy and Drainage

87 Percutaneous Biopsy and Abscess Drainage in the Abdomen and Pelvis, 701
Connor A. Morton, Justin J. Campbell, Debra A. Gervais, Sudhen B. Desai, Albert A. Nemcek, Jr., Robert J. Lewandowski

SECTION P The Gastrointestinal Tract

88 Esophageal Intervention in Malignant and Benign Esophageal Disease, 710
Stavros Spiliopoulos, Tarun Sabharwal, Andreas Adam

89 Intervention for Gastric Outlet and Duodenal Obstruction, 720
Ho-Young Song, Kun Yung Kim

90 Preoperative and Palliative Colonic Stenting, 730
Christoph L. Zollkofer

91 Gastrostomy and Jejunostomy, 740
Timothy E. Murray, Michael J. Lee

SECTION Q The Biliary Tract

92 Management of Malignant Biliary Tract Obstruction, 749
Raymond H. Thornton, Anne M. Covey

93 Management of Benign Biliary Strictures, 761
Wael E.A. Saad, Anam Salman, Murat Osman, Anthony C. Venbrux

94 Management of Biliary Leaks, 769
Rupert H. Portugaller, Klaus A. Hausegger

95 Percutaneous Cholecystostomy, 775
Stephen J. Power, Gerald M. Wyse, Leo Lawler

96 Management of Biliary Calculi, 781
Alireza Esfandiari-Namini, Uzoma Igboagi, Maryam Boumezzrag, Albert K. Chun

SECTION R The Liver

- 97 Thermal Ablation of Liver Lesions, 787**
Laura Crocetti, Paola Scalise, Riccardo Lencioni
- 98 Cryoablation of Liver Tumors, 795**
David Casper, Eric vanSonnenberg, Mark D. Mamlouk, Tyler Hoelscher, Paul R. Morrison, Kemal Tuncali, Stuart G. Silverman
- 99 Nonthermal Ablation of Liver Lesions, 802**
Gunvir Gill, Arya Bagherpour, Irfan Masood

SECTION S The Genitourinary Tract

- 100 Percutaneous Renal Drainage Procedures, 811**
Philip John Haslam
- 101 Ablation of Renal Cell Carcinoma, 823**
Mobamed E. Abdelsalam, Surena F. Matin, Kamran Abrar
- 102 High-Intensity Focused Ultrasound Treatment of Genitourinary Lesions, 836**
Nicole Lamparello, Wayne Cheng, Brendan Logiurato, Timothy McClure, Marc H. Schiffman

SECTION T The Thorax

- 103 Percutaneous Biopsy and Drainage of the Lung, Mediastinum, and Pleura, 844**
Mark F. Given, Warren Clements, Kenneth Robert Thomson, Stuart M. Lyon

- 104 Lung Ablation, 848**
Khanant M. Desai, Jeffrey P. Guenette, Damian E. Dupuy
- 105 Breast Biopsy and Ablation, 856**
Denise M. Thigpen, Ashley I. Huppe, Anita K. Mehta, Rachel F. Brem
- 106 Tracheobronchial Interventions, 867**
Ji Hoon Shin, Aub Whan Park, John F. Angle, Alan H. Matsumoto

SECTION U The Musculoskeletal System

- 107 Image-Guided Percutaneous Biopsy of Musculoskeletal Lesions, 879**
Yung-Hsin Chen, Iman Khodarahmi, John A. Carrino, Laura M. Fayad
- 108 Ablation and Combination Treatments of Musculoskeletal Lesions, 886**
Alexis D. Kelekis, Jean-Baptiste Martin, Dimitrios Filippiadis
- 109 Vertebroplasty and Kyphoplasty, 891**
David A. Pastel, Clifford J. Eskey, Joshua A. Hirsch
- 110 Percutaneous Disk Interventions, 898**
Mario Muto, Gianluigi Guarnieri, Pasquale Vassallo, Gianluca Muto, Giovanna Moscato
- 111 Peripheral Nerve Interventions, 906**
Hemkumar Pushparaj, Philip Peng, Anuj Bhatia
- 112 Nerve Root and Facet Blocks and Pain Intervention, 912**
Theodore S. Grabow, Brian M. Block, Alexis D. Kelekis, Dimitris Filippiadis, Kieran P. Murphy
