Volume 3

PART V. — Sectoral Issues

Chapter V.1 — Environment	1
1. The current situation	1
2. The planned economy and the environment	7
3. Policy and institutional responses	10
4. Conclusions and recommendations	21
Chapter V.2 — Distribution	31
1. The present distribution system	31
2. Reform efforts	41
Tables to Chapter V.2	48
Chapter V.3 — Transport	55
1. Introduction	55
2. A statistical overview	55
3. Railways	61
4. Roads and road freight transport	74
5. Urban and road passenger transport	86
6. Air transport	90
7. Waterborne transport	95
Tables to Chapter V.3	104
Chapter V.4 — Telecommunications	123
1. Introduction	123
2. Structure of the telecommunications sector	124
3. Services	125
4. The infrastructure	127
5. Economic and financial indicators	129
6. MPT's development strategy	130
7. Main recommendations	133
Table to Chapter V.4	135
Chapter V.5 — Agriculture	137
1. Introduction	137
2. Pricing and subsidies	141
3. The reform of pricing policy and reduction of subsidies	147
4. Agro-industrial issues and privatization	150
5. Privatization of state and collective farms	155
6. Credit and investment	162
7. Technical assistance	168
8. Immediate measures and assistance	168
Tables to Chapter V.5	171

Chapter V.6 — Energy	181
1. Introduction	181
2. Prices and incentives	183
3. Fuels production	186
4. Refineries	193
5. Electricity	194
6. Energy intensity and efficiency	198
7. Energy trade	200
8. Environment and safety problems	204
9. Energy technology	210
10. Summary and recommendations for the energy sector	212
Tables to Chapter V.6	220
 Appendix V.6.1-1 — Experience with Energy Price Controls and Energy Market Management in Industrial Countries ...	229
 Chapter V.7 — Metals and Mining	233
1. The organization and structure of the metal mining industry	233
2. Aluminum	239
3. Copper	245
4. Gold	250
5. Iron ore	255
6. Lead and zinc	260
7. Nickel	265
8. Some general issues	268
9. Conclusions and recommendations	272
Tables to Chapter V.7	276
 Chapter V.8 — Manufacturing	285
1. Introduction	285
2. Performance and competitiveness	285
3. The reform process and the impact of recent reforms	296
4. A market economy for improved industrial performance	302
5. Policies for sustainable improvement	305
6. Role for external assistance	312
Tables to Chapter V.8	314
 Chapter V.9 — Housing	317
1. Introduction	317
2. Current housing conditions	318
3. Administrative housing allocation	326
4. Housing reforms as part of structural reforms	328
5. A strategy for market-oriented reforms	330
6. Organizing for market-oriented reforms	335
Tables to Chapter V.9	339

PART VI. — Medium-Term Outlook

Chapter VI.1 — Assessment of Medium-Term Economic Prospects	343
1. Introduction	343
2. Medium-term scenarios for the Soviet economy	347
3. External finance and the medium-term prospects of the Soviet economy .	360
Tables to Chapter VI.1	370
Appendix VI.1-1 — A Macroeconomic Framework for the Soviet Economy .	373
Table to Appendix VI.1-1	382

PART VII. — Bibliography

Bibliography	391
------------------------	-----

List of Tables

Chapter V.2

V.2.1. Basic Data on Retail Trade, 1960-88	48
V.2.2. Characteristic Indicators of Retail Trade, 1960-88	49
V.2.3. Public Catering, 1960-88	50
V.2.4. Wholesale Trade, 1960-88	51
V.2.5. Relative Shares of Retail and Wholesale Trade in the Whole Economy	52
V.2.6. Sales Efficiency Ratios in Retail and Wholesale Trade, 1985	53
V.2.7. Input and Service Ratios in Retail Trade, 1985	53
V.2.8. The Trade Sector — Comparison with Eastern Europe, 1960-85	54

Chapter V.3

V.3.1. Mean Distance Travelled per Person, 1988	104
V.3.2. Traffic and Average Distances per Person for Private Automobiles and Other Modes of Transportation, 1987	104
V.3.3. Passenger Traffic, 1988	105
V.3.4. Evolution of Ground Passenger Traffic, 1970-88	106
V.3.5. Freight Traffic by Modes, 1988	106
V.3.6. Freight Transport Traffic (Pipeline, Maritime and Air Transport Excluded), 1988	107
V.3.7. Average Annual Growth Rates of Freight Traffic, 1971-88	107
V.3.8. Evolution of Modal Split of Freight Transport, 1970-88	108
V.3.9. Length of Transport Infrastructure	108
V.3.10. Rolling Stocks of Ground Transport, 1988	109
V.3.11. Employment in the Transport Sector, 1970-88	109
V.3.12. Railway Personnel, Traffic and Labor Productivity Index, 1988 . . .	110
V.3.13. The Railway Network, 1960-89	110
V.3.14. Public Railways Network by Republic, 1960-88	111
V.3.15. Production of Railway Rolling Stock, 1950-89	111
V.3.16. Trends in Railway Productivity, 1960-89	112
V.3.17. Road Network, 1960-88	113

List of Tables (Continued)

V.3.18. Road Networks by Republic, 1980-88	113
V.3.19. Road Design Standards of the Russian Republic, 1990	114
V.3.20. Road Construction Cost Norms for Planning in the Russian Republic, 1986-90	114
V.3.21. Road Maintenance Cost Norms and Expenditures in the Russian Republic, 1986-90	115
V.3.22. Expenditures on Roads and Road Vehicles, 1971-89	115
V.3.23. Sources of Revenues for Roads in the Russian Republic, 1985-89 .	116
V.3.24. Motor Vehicle Fleet by Type and Ownership, 1970-88	116
V.3.25. Road Accidents, 1980-90	117
V.3.26. Trends in Road Transport Productivity, 1970-88	118
V.3.27. Average Annual Hours of Flight of Aeroflot Aircraft with More than 80 Seats, 1989	118
V.3.28. Marine Freight Traffic by Major Commodity, 1960-88	119
V.3.29. Inland Water Freight by Major Commodity, 1960-88	120
 Chapter V.4	
V.4.1. COCOM Liberalization from July 1, 1990	135
 Chapter V.5	
V.5.1. Average Procurement Prices, 1986-89	171
V.5.2. Sales of Food on Urban Collective Farm Markets, 1940-88	172
V.5.3. Food Subsidies, 1960-90	173
V.5.4. Food Consumption Per Capita by Republic, 1970-88	174
V.5.5. Per Capita Meat Subsidy in Lithuania by Income Group, 1987	176
V.5.6. Outstanding Debts of State and Collective Farms, 1960-88	177
V.5.7. Capital Investment in the Economy and in Agriculture, 1956-88 . . .	178
V.5.8. Investments in Agriculture by Category, 1976-89	179
V.5.9. Investments in Agro-Industry and Storage, 1976-89	179
V.5.10. Investments in Irrigation and Drainage through Vodstroj, 1966-90 .	180
 Chapter V.6	
V.6.1. Energy Intensities in the USSR and Canada, 1980-88	220
V.6.2. Compilation of Environmental and Safety Impacts from Fuel Energy Complex	221
V.6.3. Pressing Technology Needs by Stage in Fuel Cycle	223
V.6.4. Energy Production, Consumption and Trade, 1970-89	226
V.6.5. Capital Expenditure in the Soviet Economy and the Energy Sector, 1971-89	226
V.6.6. Foreign Trade in Energy, 1970-89	227
 Chapter V.7	
V.7.1. Alumina Refineries, 1990	276
V.7.2. Aluminum Production in the USSR and in the Nonsocialist World, 1980-89	276
V.7.3. Aluminum Smelting Capacity	277

List of Tables (Continued)

V.7.4. Exports of Aluminum, 1985-88	277
V.7.5. Copper Smelters and Refineries	278
V.7.6. Gold Production in the USSR and the Nonsocialist World, 1980-89	278
V.7.7. Gold Production by Major Producing Region	279
V.7.8. Marketable Iron Ore Production and Apparent Consumption, 1980-89	279
V.7.9. Iron Ore Production by Material Type, 1980-89	280
V.7.10. Nominal Iron Ore Production Capacity by Region, 1989	280
V.7.11. Estimated Distribution of Iron Ore Reserves, 1990	280
V.7.12. Production and Apparent Consumption of Lead, 1980-89	281
V.7.13. Production and Apparent Consumption of Zinc and Zinc Concentrates, 1980-88	281
V.7.14. Lead and Zinc Smelting and Refining Capacity, 1988	282
V.7.15. Lead and Zinc Ore Grades	282
V.7.16. Production, Imports and Exports of Nickel, 1980-89	283
V.7.17. Soviet Nickel Production by Plant, 1989	283
 Chapter V.8	
V.8.1. Total Investment and Investment in Industry in the Tenth, Eleventh, and Twelfth Five-Year Plan Periods	314
V.8.2. Distribution of Industrial Output by Branch, 1980-89	314
V.8.3. Distribution of Industrial Output by Region, 1988	315
V.8.4. Capital-Output Ratios by Main Industrial Branch, 1975-87	315
V.8.5. Domestic and International Prices of Manufactured Goods	316
V.8.6. Estimated International Value of Selected Consumer Durables	316
 Chapter V.9	
V.9.1. Sources of Housing Finance, 1988-90	339
V.9.2. Outstanding Bank Credits for Housing, 1988	339
V.9.3. Ownership of the Housing Stock, 1990	339
V.9.4. Living Space Per Capita	340
V.9.5. Household Access to Utilities and Other Amenities, 1989	340
 Chapter VI.1	
VI.1. Total Factor Productivity Assumptions	370
VI.2. Illustration of the Use of Foreign Credit to Reduce the Monetary Overhang	370
VI.3. Increased Foreign Borrowing Used to Increase Consumption in the Gradual Reform Scenario	371
VI.4. Increased Foreign Borrowing Used to Increase Domestic Investment in the Radical Reform Scenario	371
VI.5. Illustration of the Potential of the Energy Sector	372
 Appendix VI.1-1	
1. Equation Listing of the Macroeconomic Framework	382
