Preface	ix
<i>Ulrich Hilpert</i>	
<b>I Introduction and General Perspectives: The Changing Role of the State in Techno-Industrial Innovation</b>	<b>1</b>
1 The State, Science and Techno-Industrial Innovation: A New Model of State Policy and a Changing Role of the State	3
<i>Ulrich Hilpert</i>	
2 The Nature and Relevance of State Policy for Techno-Industrial Innovation	41
<i>Kenneth Dyson</i>	
3 Techno-Industrial Innovation and Technology Assessment: The State's Problems with its New Role	65
<i>Frieder Naschold</i>	
<b>II Small Internal Markets and the Relevance of State Capabilities: Is Techno-Industrial Innovation State Introduced?</b>	<b>83</b>
4 Economic Adjustment by Techno-Industrial Innovation and the Role of the State: Solar Technology and Biotechnology in France and West Germany	85
<i>Ulrich Hilpert</i>	

## Contents

- 5 The State and Telecommunications Modernization  
in Britain, France and West Germany 109  
*Peter Humphreys*
- 6 Government Policies for Techno-Industrial Innovation  
in Weaker Economies: The Case of Biotechnology in  
the United Kingdom and in Italy 133  
*Wendy Faulkner and Luigi Orsenigo*
- 7 The State and New Forms of Communication:  
The Introduction of Videotex in Europe and  
North America 159  
*Volker Schneider, Thierry Vedel and James Miller*
- III Large Internal Markets and the Role of the State:  
Is there a Need for Policies on Techno-Industrial  
Innovation? 185**
- 8 Airbus Industrie: A Case Study in European High  
Technology Cooperation 187  
*Desmond Hickie*
- 9 Techno-Industrial Innovation and State Policies  
in the United States and Japan 213  
*Jill Hills*
- 10 Japanese R&D Policy for Techno-Industrial  
Innovation 235  
*Takayuki Matsuo*
- 11 Manufacturing Innovation and American Industrial  
Competitiveness 261  
*Stephen S. Cohen and John Zysman*
