12

Table of Contents

This book follows
the Japanese layout
from right to left

Note to readers

This book follows the Hepburn system of romanization.
Except for place names found on international maps, long
vowels are indicated by macrons. The tradition of placing the
family name first has been followed for Japanese names.

The Kidai Shōran Scroll: Tokyo Street Life in the Edo Period
By Ozawa Hiromu and Kobayashi Tadashi.
Translated by Juliet Winters Carpenter.
