Preface vii

Contributors ix

INTRODUCTION

1. Optical Coherence Tomography Overview	3
2. Optical Coherence Tomography Angiography Overview	7
3. OCT and OCTA Interpretation	12
4. The Normal Retina and Choroid	18

RETINAL VASCULAR DISEASE

5. Nonproliferative Diabetic Retinopathy	25
6. Proliferative Diabetic Retinopathy	29
7. Diabetic Macular Edema	33
8. Central Retinal Vein Occlusion	36
9. Branch Retinal Vein Occlusion	42
10. Central Retinal Artery Occlusion	46
11. Branch Retinal Artery Occlusion	51
12. Paracentral Acute Middle Maculopathy	57
13. Acute Macular Neuroretinopathy	64
14. Retinal Macroaneurysm	69
15. Macular Telangiectasia Type II	73
16. Coats Disease	79
17. Sickle Cell Retinopathy and Carrier States	86
18. Radiation Retinopathy	93
19. Hypertensive Retinopathy	99
20. Preeclampsia	104

OUTER RETINAL AND CHOROIDAL DISEASE

21. Nonexudative Age-Related Macular Degeneration	111
22. Subretinal Drusenoid Deposits	116
23. Neovascular Age-Related Macular Degeneration	121
24. Polypoidal Choroidal Vasculopathy	127
25. Angioid Streaks	133
26. Myopic Degeneration	138

Contents

27. Dome-Shaped Macula	143
28. Central Serous Chorioretinopathy	147
29. Uveal Effusion Syndrome	152

THE VITREORETINAL INTERFACE AND PERIPHERAL RETINAL PATHOLOGY

30. Vitreomacular Adhesion and the Normal Vitreoretinal Interface	159
31. Full-Thickness Macular Hole	162
32. Epiretinal Membrane	167
33. Lamellar Macular Hole and Epiretinal Proliferation	171
34. Vitreomacular Traction Syndrome	175
35. Myopic Macular Schisis and Tractional Retinal Detachment	180
36. Rhegmatogenous Retinal Detachment	185
37. Degenerative Retinoschisis	189
38. Lattice Degeneration	193

INFLAMMATION AND INFECTION

39. Cystoid Macular Edema	199
40. Syphilitic Chorioretinitis	203
41. Vogt-Koyanagi-Harada Disease	208
42. Ocular Tuberculosis	213
43. Sympathetic Ophthalmia	222
44. Toxoplasmosis Chorioretinitis	227
45. Sarcoidosis	232
46. Retinal Vasculitis	236
47. Autoimmune Retinopathy	240
48. Viral Retinitis: Acute Retinal Necrosis and CMV Retinitis	244
49. Birdshot Chorioretinopathy	249
50. Punctate Inner Choroidopathy	252
51. Acute Posterior Multifocal Placoid Pigment Epitheliopathy	255
52. Multiple Evanescent White Dot Syndrome	259
53. Acute Zonal Occult Outer Retinopathy	263
54. Serpiginous and Serpiginous-like Choroiditis	266
55. Endogenous Endophthalmitis	272

INHERITED RETINAL DEGENERATIONS

56. Retinitis Pigmentosa	279
57. Choroideremia	284
58. Stargardt Disease	288
59. Sorsby Fundus Dystrophy	292
60. North Carolina Macular Dystrophy	295
61. Best Disease	298
62. Cone Dystrophy	302
63. Adult Vitelliform Dystrophy	305

Contents •

64. Achromatopsia.....	310
65. Oculocutaneous and Ocular Albinism.....	314
66. X-Linked Retinoschisis.....	316

RETINAL, CHOROIDAL, AND SCLERAL LESIONS

67. Choroidal Nevus	321
68. Congenital Hypertrophy of the Retinal Pigment Epithelium.....	328
69. Choroidal Melanoma	331
70. Choroidal Hemangioma	336
71. Retinal Capillary Hemangioblastoma.....	341
72. Retinal Cavernous Hemangioma	343
73. Choroidal Metastasis	346
74. Vitreoretinal Lymphoma	350
75. Retinoblastoma.....	355
76. Choroidal Osteoma	360
77. Sclerochoroidal Calcification.....	365
78. Combined Hamartoma of the Retina and Retinal Pigment Epithelium.....	369
79. Retinal Astrocytic Hamartoma and Presumed Solitary Circumscribed Retinal Astrocytic Proliferation.....	374

OCULAR TRAUMA

80. Commotio Retinae	381
81. Purtscher Retinopathy.....	385
82. Choroidal Rupture.....	389
83. Chorioretinitis Sclopetaria.....	394
84. Laser Maculopathy.....	398
85. Solar Retinopathy.....	402

INTRAOPERATIVE AND POSTOPERATIVE IMAGING

86. Intraoperative Optical Coherence Tomography.....	409
87. Subretinal Perfluoron	414
88. Disassociated Optic Nerve Fiber Layer	419

DRUG TOXICITIES

89. Hydroxychloroquine Toxicity	425
90. Tamoxifen Toxicity.....	429

IMAGING OF THE OPTIC NERVE

91. OCT and OCTA Imaging in Glaucoma	435
92. Optic Disc Edema and Optic Neuropathies	440
93. Congenital and Acquired Optic Nerve Abnormalities.....	446
